WEDNESDAY MORNING::::.FEBRUARY 10

HON. GEORGE N. SMITH.

The Black Republican members of our State Legislature have been very active since the commencement of the present session in endeavoring to get up a fight on the Kansas question Of course this is a matter with which they have legitimately nothing to do in the capacity of Legislators, having been elected for the purpose of taking care of the local interests of Pennsylvania instead of the affairs of the nation. The Democratic members, with the exception of a few Douglasites, have avoided the discussion of the question, regarding it as uncalled for and unnecessary. On last Friday, Mr. Owen introduced into the

House the following resolution: have been referred the various resolution's religible State Logislature, Hon. Geo. N. Smith. We elip the following paragraph from the "Star," a Black Republican paper published in Brookville, Jefferson County :

In the Pennsylvania Legislature, the following resolution was offered by Hon. H. D. Foster, a few days ago :

"Resolved, by the Senate and House, de., That in the words of the Governor of the Commonwealth, 'all the qualified electors of a Territory should have an full and fair opportunity to participate in selecting delegates to form a Constitution, preparatory to admission as a State; and, if desired by them, they should also be allowed an unqualified right to vote upon such Constitution after it is fra-
