She had previously been prostrated by the attacks of Dysentary, Inflamation of the Lungs and Heetic Fever, successively, which resulted in the above named disease in its worst form. A N INTERSETING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.-This certifies that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. About the same time an abscess formed just below the groin which in due time broke and commenced a discharge, which was found impossible to dry up or heal-the bed would be very much stained and the clothing of the child perfectly sickening in a single night's time. After having the attentions of a physician for so long a true, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March-and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOT-TLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family -none should be without it. As a purifier o lood it is beyond all price !

Hollidaysburg, Pa., March 19, 1857. Dr. J. M. LINDSEY. Dear Sir: I have been using your Improved Blood-Searcher since some time last summer, and I deem it to be a matter ot duty to bear my testimony to its invigorating blood restorative virtues I have been, for a number of years, severely

Indeed, my acquaintances frequently remark, that I look so "fat and hearty." and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age,) I feel that it would have been above ingratitude on my part a variety that will suit all tastes and all purses. to have withheld this testimony, and in thus consenting to appear as a witness before the public. voice of conscience and duty. When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all parts sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throw ing off the stagnant humors, the blood will be come choked and cease to act, and thus our ligh of life will be forever blown out. How important then that we should keep the various passages of the body free and open. And how pleaspouring pure crossote on my face and neck, but medicine in your reach, namely. Morse's Indian ant to us that we have it in our power to put a all to no purpose the Blood Searcher was the Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Na ture's garden, for the bealth and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the peres of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and uncloss the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cothartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and

conveyed off in great quantities by the bowels. From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the bedy, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when

the body becomes so pure and clear. The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged | CASH PAID FOR WOOL AND SHIPPING and the stomach and intestines are literally overflowing with the corrupted mass; thus undergo- PRICE I.
