The Wonder of the Age! J. M. LINDSEY'S GREAT MEDICAL DISCOVERY. Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life. HOW IT WAS DISCOVERED. In the fall of 1854, a daughter of Mr. Lindsey was suffering from an attack of Cancer Ovis (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable--her mouth and cheeks were literally rotten--the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death--a death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, if possible, the pains of the little sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better--The mouth began to put on a bright and healthy appearance--the foul breath became sweet--the appetite was restored, and the child seemed to partake of a new and fresh life. Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy. From this circumstance, Mr. Lindsey was enabled to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity--since which time its effects have been almost miraculous. Hundreds upon hundreds, by its use, have been rescued from an untimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers and sung aloud its virtues. Say they--"After using Lindsey's Improved Blood Searcher, we felt as if a new life was starting our veins, and under God we owe to it more than words can express. But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Great Discovery of this or any other age."

DESPERATE CASE OF AGUE AND DYSPENSIA entirely cured by the use of Lindsey's Improved Blood-Searcher. Blair county, Pa. Personally appeared before me, the subscriber, one of the Justices of the Peace in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a victim to that worst of diseases--dyspepsia, and that in its worst form. My appetite was completely gone, and when in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering from the Ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced to a thin and feeble frame. I thought I must die, my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with little confidence, but in one week's time--so great was the relief--I was enabled to eat and to return, my stomach received a new taste, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before. I am stout and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague but an infallible preventative, and, as such, I would recommend it to all whose business, habits or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood-Searcher is properly used--I feel it my duty to point all who suffer, to this all-healing medicine. JOHN MORAN. Sworn and subscribed this 11th day of March, A. D. 1857. ROBERT DAVIS, Thomas Deane, Ebensburg; J. Moore, Carrollton; Wm. R. Hughes, Jefferson; G. S. Christy, J. K. Hite, Johnstown. DR. MORSE'S INDIAN ROOT PILLS. DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in traveling, having visited Europe, Asia and Africa as well as North America. He has spent three years among the Indians of our Western country--it was in this way that the Indian Root Pills were first discovered. Mr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD--that our strength, health and life depended upon this vital fluid. When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all parts sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing out the impurities, the system becomes clogged and choked and ceases to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your system, and double strength to the Root Pills, manufactured from plants which grow around the mountains of the Indians in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the impurities of the blood. The second is a plant which is an Expectoant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which opens the passage to the kidneys; thus encouraging, they draw large amounts of impurity from the blood, which is then thrown out boundlessly by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and opens the bowels, and the impurities of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels. From the above it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear. The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large part of the food and other matter lodged in the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease--that deadly enemy--will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days. CAUTION--Beware of a counterfeit signed A. A. Moore. All genuine have the name A. A. White & Co. on each box. Also the signature of A. J. White & Co. All others are spurious. A. J. WHITE & Co., Sole Proprietors, 50 Leonard Street, New York. Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. Agents wanted in every town, village and hamlet in the land. Parties desiring the agency will address as above for terms. Price 25 cents per box, five boxes will be sent on receipt of \$1, postage paid. Dec. 9, 1857-62y.

CERTIFICATES. Pattonville, Bedford co., Pa., Oct. 14, '57. Mr. J. M. Lindsey. Dear Sir:--I was severely afflicted with rheumatism for a whole year--my movements were so painful that I was unable to leave my bed--when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I feel it my duty to all who are similarly afflicted, and believe it is all I claim to be. Yours, truly, JOHN SHAEFFER.

DESPERATE CASE OF TETTER AND BARBER'S ITCH cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch--My condition was one of the greatest misery; my face was almost constantly running with the foetid corruption, that escaped from the pores of the skin, which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure crocus on my face and neck, but all to no purpose--the Blood Searcher was the first and only thing that did me any good, and which grew around the mountains of the Indians in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the impurities of the blood. AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher. This certifies that about one year ago my little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and commenced a discharge, which was found impossible to dry up or heal--the bad would be very much stained and the clothing of the child partly soaked in a single night's time. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March--and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored to perfect health. We cannot speak too highly of this invaluable medicine. It should be in every family--none should be without it. As a purifier of blood it is beyond all price! DANIEL BOLLINGER. Hollidaysburg, Pa., July 29, 1857.

Dr. J. M. LINDSEY. March 10, 1857. Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its purifying blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look as "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above grate on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa. Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who being duly sworn according to law, doth depose and say, that two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Sometime last fall I commenced taking Lindsey's Improved Blood Searcher, and by the

use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood--I would not like to do without it. I consider it an excellent family medicine. GEORGE KOPP. Sworn and subscribed this 10th day of March, A. D. 1857, before me. Note--Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and intemperance.

Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease--that deadly enemy--will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days. CAUTION--Beware of a counterfeit signed A. A. Moore. All genuine have the name A. A. White & Co. on each box. Also the signature of A. J. White & Co. All others are spurious. A. J. WHITE & Co., Sole Proprietors, 50 Leonard Street, New York. Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. Agents wanted in every town, village and hamlet in the land. Parties desiring the agency will address as above for terms. Price 25 cents per box, five boxes will be sent on receipt of \$1, postage paid. Dec. 9, 1857-62y.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher. This certifies that about one year ago my little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and commenced a discharge, which was found impossible to dry up or heal--the bad would be very much stained and the clothing of the child partly soaked in a single night's time. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March--and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored to perfect health. We cannot speak too highly of this invaluable medicine. It should be in every family--none should be without it. As a purifier of blood it is beyond all price! DANIEL BOLLINGER. Hollidaysburg, Pa., July 29, 1857.

Dr. J. M. LINDSEY. March 10, 1857. Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its purifying blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look as "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above grate on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa. Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who being duly sworn according to law, doth depose and say, that two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Sometime last fall I commenced taking Lindsey's Improved Blood Searcher, and by the
