was suffering from a malignant attack of Cancrum Oris (Canker of the month.) She had previously been prostrated by the attacks of Dysentary, Inflamation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable-her mouth and cheek were literally rotten-the attending physician pronounced the case a hopeless one. Everything inaicated a speedy and horrible death-a death of rotting out of life! At this critical juncture, Mr Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the liftle sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there The mouth began to put on a bright and healthy appearance-the foul breath became sweet-the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the com-pound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy ! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what and so astonishly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity-since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearments of friends. Blair county, ss :- Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856. I was a victim to that worst of diseases-dyspepsia, and that in iss worst form ... My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it was a very perceptible change for the better .- | forth with the splittle. I had also been suffering from the Ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I though beyond

recovery; I thought I must die; my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with but little confidence, but in one week's time-so great was its restorative powers-I fourd my appetite to return, my stomach received a new tone so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fied as from a charm ; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe virtues. Say they—"after using Lindsey's Im-proved Blood Searcher, we felt as if a new life but an infallible preventative, and, as such, I was stirring our veins, and under God we owe to would recommend it to all whose business, habits or residences, expose them to this dreadful pest of humanity.
