

OPEN AND SCISSORS.

While passing Crawford's Hotel yesterday morning, our attention was arrested by the sight of a violin. On entering, we inquired of the performer who was playing. On inquiry, we learned that his name was Peter Weaver, the son of a respectable farmer of Susquehanna township, that he was a student of the Pennsylvania Institute for the Blind, of which he was returning home from the Philadelphia Institute for the Blind, of which he was an inmate or student for several years. He is now about 21 years of age. He is now about 21 years of age. He is now about 21 years of age.

It is stated in the newspapers that President Buchanan is to be at Bedford Springs this summer for some weeks. He is not in good health.

On Wednesday last, two men named Conner and Summerville, were drowned at Chesnut Falls, Clearfield county, by being thrown from a raft into the river.

A man named John Canon was so fatally injured in Pittsburgh, on Wednesday last, by being run over by a wagon he was driving, as to cause his death in a few hours.

George Richel, of Eastbrook, Lawrence county, was killed, on Monday last week, by the upsetting upon him of a wagon load of lumber he was taking to New Castle.

The Altoona Tribune of Thursday says: "A three year old heifer belonging to Mr. Daniel Young of this place, gave birth to four calves one day last week. They were well developed and perfect, but not living."

On Friday morning, about 8 miles east of Huntingdon, an axle of one of the cars, in a train going westward, broke, causing a smash up of the car and injuring 5 or 6 ladies and a boy, the latter seriously.

The Montour Iron works were sold by the Sheriff, at Danville, a week ago, for one hundred and three dollars, subject to mortgage liens which are said to amount to six hundred thousand dollars.

The present year's wool crop in western Pennsylvania is said to be fully an average one, but thus far there has been little stir in the market and prices are as yet in a great measure unsettled.

The lovers of ice cream, should not forget to call at the SALOON of Mrs. ROBERTS, on High street, two doors East of E. Hughes' store. She will please accept our thanks for a present of the delicious and cooling beverage last Monday evening.

Professional Honor; Or, the License of an Advocate.

"And conscience checked him, Even in the hour of pride."

According to the advice by the latest European steamer, a remarkable case had occurred in a criminal court of Sweden. A man was tried for a capital crime, convicted and sentenced to death. He was defended by a very able advocate—but it leaked out in the course of the proceedings, that his lawyer said that he was guilty. Whereupon the said lawyer was tried and sentenced to imprisonment, for having endeavored to procure an acquittal of the accused, when he knew that his client had perpetrated the crime as charged. The punishment of a member of the legal profession for such a course, may be correct according to the laws of Sweden—but in other countries it will be regarded as singular—particularly in England and the United States. We nothing doubt that it will revive the oft-mooted, but never yet satisfactorily settled question, of how far the license of an advocate in criminal cases, may be extended. Instances are numerous; and several have occurred in this city, in which eminent lawyers have refused to defend prisoners, where they were satisfied of the truth of the accusation. But then there might be circumstances attending the charge and the evidence, that for a good defence, a warping of the truth, an equivocation, or a downright misrepresentation may have been necessary—and if such were the complexion of an anticipated trial, who can wonder that men of high professional honor should wash their hands of it altogether? Still the question remains not only in morality but in law—what is the license of an advocate? Conceiving a few days since, with an able gentleman of the long robe upon this subject, he gave it as his opinion—and we may also presume as a rule of generally just practice—that a lawyer acquainted with the guilt of his client, might, as a matter of duty, defend a person charged with crime, in the hope, by cross-examination and otherwise, of showing that the evidence for the prosecution was weak, unreliable, and inconclusive—and also adduce mitigating points in the defence, besides showing improbabilities, &c. But that, in no case, would he have the right, legally or morally, with his knowledge of the criminality of a prisoner, to attempt a proof of anything that was untrue, however plausible it might appear.—Phil. Enquirer.

Many of the much-vaunted hair mixtures are not only useless, but positively injurious to the scalp; but Prof. Wood's is of such a healthy and nutritive nature, that it invigorates the skin of the head and the follicles or hair glands beneath it. It also removes all dandruff from the scalp, and effectually banishes every kind of scald head and cutaneous eruption. Hence it is of great service to children, the ingredients being of so harmless a nature that the most delicate cuticle cannot be injured by its contact.

CAUTION.—Beware of worthless imitations, as several are already in the market, called by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo., and New York,) are blown in the bottle. Sold by all Druggists and Patent Medicine Dealers. Also by all Fancy and Toilet goods dealers in the United States and Canada. See advertisement in another column. [9-30-3m.]

On the morning of the 23d inst., by the Rev. J. H. Jones, Mr. BEN P. THOMPSON, (formerly of Ebensburg,) to Miss ISALET, daughter of Price I. Patton, of Philadelphia.

The fact that the happy couple, amid their happiness, did not forget the printers, may, we think, be regarded as a bright omen, indicating a long life of happiness and love in store for them. We gratefully acknowledge the receipt of a delicious wedding-cake and two bottles of champagne, last Saturday morning, on which all hands, comprising the Editor, Foreman, Pressman and Devil, fed more sumptuously than did Dives of old, who was "clothed in purple and fine linen." That happiness as pure and unalloyed as that which thrilled their souls at the moment they pledged their mutual vows at the Hymeneal altar, may be their attendants through life, is the sincere wish of all connected with this establishment.

Large Field of Pineapples.—In Liberia, a few miles north from Monrovia, towards Cape Mount, is a tract of land about a mile from the beach, of more than ten miles in extent, entirely covered with pineapples. The fruit buds out in April and May, and ripens in August and September. It is of a delicious flavor. The apples are taken to Monrovia in considerable quantities, where they are sold as low as two for a cent. Pineapples grow wild in the woods, and thousands of them are seen in half an hour's walk.

Mad Dogs.—Hydrophobia, in its most fatal aspect, has appeared among the canine race in Mason county, Virginia, and in and around Porters, in Gallia county. Several valuable cows have recently been bitten by mad dogs, and some of the cases already proven fatal. Mr. F. Hannan, ferrymen, has lost two cows, which had previously been bitten; and two horses, one the property of John Steinberger, and very valuable, the other belonging to Mr. Roman Manager, were bitten by a mad dog during the fore part of last week. The horses were bitten while standing hitched to a fence on the public road.

HEARING COALS OF FIRE UPON THEIR HEADS.—The Cleveland Plaindealer relates the following incidents, one in pretty bold and profitable contrast with the other: H. F. Walworth, Esq., of Arkansas, now visiting in this city, has made a donation of \$1,000 to the Westminster Church, Rev. F. T. Brown. It is to aid in the construction of the new building, and is a very generous and acceptable donation, especially coming from a Southern gentleman to one of our Northern Anti-slavery Churches.

This reminds us of a little incident which occurred in Guage County some seven or eight years since. Mr. Walworth, then as now, blind, went to Chardon on a visit to some friends, accompanied only by his body servant, a slave. No sooner was it ascertained that the servant was a slave, than the Black-Republicans and Republican Blacks determined upon a rescue. They called upon the slave, informed him that they would assist him to escape, and urged him to flee to Canada. He refused—told his colored friends that, slave as he was, he had more money, better clothes, and more freedom than they, and that nothing could induce him to desert his kind old master. Argument failing, the rescuers threatened to use force, when the slave told them firmly that he would shoot down the first man who laid hands on him. This put an end to the effort to steal Mr. W.'s slave. The contrast between the treatment which he then received and which he now bestows upon the people in this section is quite striking, and reflect too much credit upon Mr. Walworth, whose liberality and Christian philanthropy are worthy of emulation.

DIRECTORY MAP OF CAMBRIA COUNTY.—The subscriber is preparing, (if sufficient could be procured,) to publish a Directory MAP of Cambria County, intended to contain as much information as any other County Map now Published in Pennsylvania. The same to be lithographed, colored and mounted in the most modern style and workmanlike manner, and delivered to subscribers at \$5 per copy. WILLIAM CHRISTY.

A BEAUTIFUL HEAD OR RICH GLOSSY HAIR, COMPLETELY PRESERVED To the Greatest Age.

And who that is gray would not have it restored to former color; or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scurf, scald head, or other eruptions, but would be content to be with such a medicine (Blood Impurity) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this, see circular and the following.

PROF. O. J. WOOD, D.D., SAYS: I have heard much said of the wonderful effect of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful color, and thickened and became beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its beneficial influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubt, in reference to its character and value are entirely removed; and I can do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy. Very truly and gratefully yours, SOLOMON MANN.

FRANK WOOD: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mr. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it. Again, very respectfully and truly yours, SOLOMON MANN.

CARLYLE, ILL., June 28, 1852. I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his restorative it has resumed its original color, and, I have no doubt, permanently so. S. BRESSE, ex Senator, U. S. O. J. WOOD & CO., Proprietors, 212 Broadway, N. Y. (in the City of New York.) Establishments at 114 Market St., St. Louis, Mo., and sold by all good Druggists. June 9.

NOTICE TO SUPERVISORS AND OTHERS.—THAT THE WEST END OF THE HUNTINGDON COUNTY AND INDIAN TURNPIKE ROAD, from its Western terminus, in the Borough of Blairsville, to the mile post marked 27 miles from Blairsville and 50 miles from Huntingdon, the old tavern stand of Thomas James, in Cambria County, is abandoned and no tolls collected for the use of that distance. The Supervisors of the Counties of Huntingdon and Blairsville, through which that part of said road passes, are hereby notified to take charge of the same as per Act of Assembly concerning certain state and turnpike roads, passed 10th April, A. D. 1844. JOHN S. ISSETT, Secy. of H. C. and Indiana Turnpike Road, March 21st 1858. 20.

Notice to Claimants OF THE JUNIATA DIVISION & PORTE RAILROAD. BY the 13th section of the act to provide for the payment of certain claims against the Commonwealth, approved the 24th of April, 1858. The Canal Commissioners are authorized to examine all claims against the Commonwealth contracted by Wm. S. Chabon late Superintendent of the Portage Bridge, and by J. D. Lett and J. A. Cunningham, late Supervisors on the Juniata Division, and which were not reported by those officers to the Board. Board of Canal Commissioners will meet in Huntingdon, on Tuesday, the 6th of July, and at Johnstown, on Thursday, the 8th of July next, for the purpose of examining all such claims as are embraced in the provisions of said act. Claimants will present their claims at either of these places, as may be most convenient to them and be prepared with such proof as may be necessary to their proper authentication. The claimants will perceive the necessity for their prompt attendance at the times and places above stated, as it may be the last opportunity the Board may have to examine and take action upon these claims. By order of the Board. THOMAS L. WILSON, Secretary. May 25, 1858.

VALUABLE REAL ESTATE FOR SALE.—The undersigned offers at private sale, the following real estate, situate in Summerhill township, Cambria county, viz: A well improved farm, of first rate quality of land, about one mile distant from the town of Jefferson, containing 111 acres, or thereabouts, having thereon erected four dwelling houses and other outbuildings, and a substantial frame barn. ALSO.—A tract of valuable timber land located 2 or 3 miles from the Portage Station, and named in honor of John Nicholson, known as the "Ivory Ridge" tract, containing about 440 acres. ALSO.—A piece or parcel of timber land, situate near the station, containing about 50 acres, being part of the tract known as the "Keen & Kinport tract." ALSO.—A piece or parcel of land, adjoining lands of Austin Thompson, Patrick Riely and others, having thereon erected two houses, a stable, and a saw mill, containing about 60 acres. WM. KITTEL. Ebensburg, June 23, 1858.—32-4t.

PUBLIC SALE OF REAL ESTATE.—THE undersigned, assignee of John M. Coyle, will sell at public sale, the following real estate, on the premises, at Jefferson, Cambria county, on MONDAY, the 5th of JULY, at 2 o'clock, P. M., to wit: No. 1.—A piece or parcel of ground, adjoining the Jefferson House property, containing three acres and 128 perches. No. 2.—Two lots of ground in the town of Jefferson, known on the plan of said town as Nos. 65 and 66. Terms made known on day of sale, by R. A. M'COY, GEORGE C. K. ZAUM, Assignee. June 16, 2t 1858—31.

The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DISCOVERY!—Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful action through the functions of life.

HOW IT WAS DISCOVERED.—In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cancerous Orit (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Plethoric Fever, successively, which resulted in the above-named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—a death of nothing out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which was the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing forth a perfect Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers, and sing aloud its virtues. Say they—after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe it more than words can express. But bear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Great Discovery of this or any other age.

J. M. LINDSEY, Hollidaysburg, Blair county, Pa.

CERTIFICATES. Mr. J. M. Lindsey, I have been severely afflicted with rheumatism for a year—nine months of which I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and I now feel perfectly cured. I can recommend it to all who are similarly afflicted, and belie its avowed claims to be. Yours, truly, JOHN SHAFER.

DESPERATE CASE OF TETTER AND BARBER'S ICH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted, with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that exuded from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found it effected a cure. I may also say that I could not find whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure crocus on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did me any good. As a first and only trial, I can say that I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood. JOHN DELEHUNT, Hollidaysburg, Pa., July 29, 1857.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His head was running with a watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in the time broke and commenced a discharge, which was found impossible to dry up or heal. The child was very much starved and the clothing of the child perfectly sickening in a single night's time. Also having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. His head was cured, and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of blood it is beyond all price! DANIEL BOLLINGER, Hollidaysburg, Pa., July 29, 1857.

Dr. J. M. Lindsey, I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with dyspepsia and general debility, but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so "fat and hearty" and I know of no other cause than the use of your medicine that can account for it. Judging from my own experience, I believe that women can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL. Hollidaysburg, Pa., March 19, 1857.

DEAR SIR:—I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with dyspepsia and general debility, but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so "fat and hearty" and I know of no other cause than the use of your medicine that can account for it. Judging from my own experience, I believe that women can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL. Hollidaysburg, Pa., March 19, 1857.

DEAR SIR:—I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with dyspepsia and general debility, but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL. Hollidaysburg, Pa., March 19, 1857.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa.—Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say:—Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take cold; I, at length, became so weak that I could hardly walk; my physician doing me no good. Some time last fall I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and all other diseases arising from impurity of the blood.

I would not like to do without it. I consider it an excellent family medicine.

(Signed) GEORGE KOPP. Sworn and subscribed this 14th day of March, A. D. 1857, before me.

DESPERATE CASE OF AGUE AND DYSPEPSIA entirely cured by the use of Lindsey's Improved Blood Searcher. Blair county, Pa.—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for said county, John Moran, who, being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a victim to that worst of diseases—dyspepsia, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately heave it, and rest it forth with the spittle. I had also been suffering from the Ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die; my physician could do me no good. Such was my condition when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use, with but little confidence, but in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new lease so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel content that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague but an infallible preservative, and, as such, I would recommend it to all whose business, habits or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used. I feel it my duty to point all who suffer, to this all-healing medicine. JOHN MORAN. (Signed) Sworn and subscribed this 15th day of March, A. D. 1857. JOHN COX, J. P.

FOR SALE BY—Robert Davis, Thomas Devine, Ebensburg; J. Moore, Carrollton; Wm. R. Hughes, Jefferson; G. S. Christy, J. K. Hite, Johnstown. Nov. 48, 1857:2-6m.

THE LIVER INVIGORATOR. PREPARED BY DR. SANFORD, IS A GREAT scientific Medical Discovery, and is daily working cures almost to great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure the most kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a Diseased Liver. The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of its functions. When the liver is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, it is a practice of more than twenty years, to find some remedy, wherewith to counteract the many derangements to which it is subject. To prove that this remedy is at last found, any person troubled in any of its forms, has but to try a bottle, and conviction is certain. A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad from the stomach, supplying in their place a healthy flow of bile, invigorating the stomach, causing the blood to purify, giving tone and health to the whole machine, and effecting a radical cure without any of the disagreeable after effects, felt by using Calomel or Mineral Poison, that is usually restored to health. One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring. Only one dose taken before retiring prevents nightmare. Only one dose taken at night lessens the bowels greatly, and cures constipation. One dose taken after each meal will cure Dyspepsia. One dose or two will relieve Stomach-Headache. One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure. Only one dose immediately induces Cholera, while one dose of the medicine repeated is a sure cure for Cholera Mortus, and a preventive of Cholera. One dose taken often will prevent the recurrence of bilious attacks, while it relieves all painful feelings. Only one bottle is needed to throw out of the system the effects of medicine after a long sickness. One bottle taken for jaundice removes all yellowness or unnatural color from the skin. One dose taken a short time before eating gives vigor to the appetite and makes food digest well. One dose often repeated, cures the Chronic Diarrhoea in its worst forms, while a summer and bowel complaint yields almost to the first dose. One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer or speedier remedy in the world, as it never fails. There is no exaggeration in these statements, they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor. Among the hundreds of Liver Remedies now offered to the public, few are more so fully recommended as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all those who use it. Almost innumerable certificates have been given of the great virtue of this medicine by those of the highest standing in society, and we know it to be the best preparation now before the public.—Hudson County Democrat. Price one dollar per bottle. SANDFORD & CO., Proprietors, 345 Broadway, New York. Dr. GEO. H. REYSB, No. 140 Wood street, wholesale and retail agents.
