

PEN AND SCISSORS.

THE CELEBRATION OF THE ANNIVERSARY of our National Independence last Saturday, was anticipated, passed off very pleasantly. The attendance was large, and all present were confident, returned to their homes feeling that they had devoted at least one day of their lives, to innocent mirth and pleasant recreation, from the business and cares of the world.

The arrangements for the celebration were complete, and reflected not a little credit to the skill, judgment and good taste of the committee having the matter in charge. The beautiful arbor erected near the refreshment tables, was peculiarly acceptable as a shelter from the scorching rays of the sun.

KILLED BY THE BURSTING OF A CANNON.—On Wednesday night, about nine o'clock, John Queenan, of Roundout, was killed by the bursting of a cannon. It appears that he saw some small boys amusing themselves by firing a cannon made of a piece of gas pipe, and joined them to take part in the sport. As he touched off the piece it burst, sending pieces into his head, splitting it open, and killing him instantly. He was about thirty years old, and leaves a wife and two children.

There is an old lady now living in the town of Blooming Grove, Orange county, by the name of Dinah Brooks. She is one hundred and fourteen years old, and is yet intelligent and active, and walks half a mile to church every Sabbath. She was thirty-two years old when the Declaration of Independence was made.

Mr. Tillinghast, of Providence, took the agency of what turned out to be a bogus insurance company. A poor man's house, insured for \$100, was burned down. When he called for the money, just thirteen cents were found in the company's vaults. When Mr. T. learned this, he drew his own check for the amount, although in no way legally bound to do so.

The Cleveland (Ohio) Leader of the 29th, says for the past ten days the mercury all over the West and Southwest ranged at from 85° to 95° in the shade at mid-day, occasionally going up to 97°. At Indianapolis, on the 26th, the thermometer marked 97° in the shade, and four persons were sun struck two of whom died.

Mr. W. H. Russell, the celebrated India correspondent of the London Times, was dangerously ill at the last dates. He had suffered by a kick from a horse, and then by a sun-stroke. He was exceedingly weak, and his condition was considered as quite critical.

The Hartford Press announces the death of Mr. C. W. Phillips, an Suffolk, Conn. The deceased was the author of "Akin by Marriage," in the Atlantic Monthly, "Twice Married" in Putnam's Magazine, and other popular stories.

Andrew Roosa, a German, residing in Montgomery, sixteen miles from Cincinnati, has been arrested charged with murdering his mother-in-law and her husband, some time since.

Gerald Massey has written quite a spirited poem in honor of the late gallant William Paul Ives entitled "Sir Robert's Sailor Son," and is widely copied in British journals.

The Bucks county Intelligencer speaks of the corn crop of that county as being rich in promise.

LIVE FOR SOMETHING. Live for something, not for idle— Look about thee for employ; Sit not down to useless dreaming— Labor the sweetest enjoy. Faded hands are ever weary; Selfish hearts are never gay; Life for thee hath many duties— Active be, then, while you may.

Scatter blessings in thy pathway; Gentle words and cheering smiles Better are than gold or silver. With their grief dispelling smiles. As the pleasant sunshine falleth Ever on the grateful earth, So let sympathy and kindness Gladden well the darkened earth.

Hearts there are oppressed and weary; Drop the tear of sympathy, Whisper words of hope and comfort, Give, and thy reward shall be Joy unto thy soul returning. From this perfect fountain head; Freely, as thou freely givest, Shall the grateful gift be shed.

CATTLE KILLED BY THE HEAT.—The Hartford (Conn.) Times of Saturday evening says:—"Friday and Saturday, June 25 and 26, have been the hottest days known in any month of June, in this vicinity, for many years. Three valuable working cattle, belonging to Col. Colt, and in the work now going on for the improvement of the South Meadows, were killed yesterday by the heat of the weather. They had not been worked hard, having drawn only half loads, and were taken off at eleven o'clock in the forenoon with all the other cattle at work in the neighborhood when out-door work was suspended in consequence of the heat. Some of the cattle were put in the stable, and others turned into the field. In the afternoon, one of those which had been in the stable died down, and two of the number which were out of doors, also sunk on the same day. The mercury, when exposed to the sun yesterday, reached 125 degrees.

HEAVY GROANS.—The New York Tribune utters deep groans over the prospect of the Black Republicans in Illinois. Hear its mournful sounds: "In the actual state of things, a determined contest between the Republicans of Illinois and the great mass of the Democrats of that State who sympathize with Mr. Douglas, is inevitable. We have earnestly hoped that this contest might be avoided."

As a step to an 1860 union of all opposed to the aspirations rule of the cotton oligarchy, the Tribune looked and labored for a union of Illinois Democrats with Illinois Republicans. But "Our expectations have been disappointed. Our efforts are, for the present, baffled. Illinois is to be the arena this year of a desperate contest which we would have gladly aided to avert. We lay no blame on this side nor on that. We do not say that this contest was not inevitable. We only fear that its effect will be, as its tendency is, to drive back one hundred thousand Illinois Democrats into a position of open alliance with, and virtual subservience to the slave power."

MARRIED. At the residence of Richard Trotter, at Lily's Station, Cambria county, on Sunday, the 4th inst., by the Rev. Simpson, Mr. JAMES C. MYERS, of Blair county, to Mrs. LAVINA TROTTER, of Lily's Station.

A BEAUTIFUL HEAD OR RICH GLOSSY HAIR, COMPLETELY PRESERVED To the Greatest Age. And who that is gray would not have it restored to former color; or bald, but would have the growth restored, or troubled with dandruff and itching humors, have it removed, or troubled with scurf, scald head, or other eruptions, but would be cured, or with sick head-ache, (pou ralgia) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this, see circular and the following.

ANN ARBOR, Nov. 6, 1856. Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhaling one of your hair bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful as when young, and entirely free from dandruff, and she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its merits are entirely and completely removed; and I can do so cordially and confidently recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

WE ARE AUTHORIZED TO ANNOUNCE Mr. ISAAC C. SINGER as a candidate for County Commissioner, subject to Democratic rules. [June 9, 2m.]

WE ARE AUTHORIZED TO STATE THAT JAMES SHANNON, of Conaugh Borough, is a candidate for County Commissioner, subject to the decision of the Democratic County Convention. [June 9, 2m.]

WE ARE AUTHORIZED TO STATE THAT GEORGE ORRIS, of Richland township, is a candidate for County Commissioner, subject to the decision of the Democratic County Convention. [June 9, 2m.]

WE STUDY TO PLEASE. E. B. DENUNE & CO'S RENEWED Indian Troupe! DRAMATIC TROUPE! CONSOLIDATED FOR THE SEASON OF 1858. Will give one of their grand entertainments under a mammoth pavilion, capable of seating two thousand persons comfortably. At Ebensburg, on Friday, July 9th, 1858. On which occasion the young chief BLACK HAWK!

Together with his large troupe of warriors and females, will give a true representation of the manners and customs of the untutored Red Man of the Forest; showing the way and manner in which the Indian is seen surrounding his own Council Fire, Smoking the Pipe of Peace, or preparing for War. They will perform their solemn and impressive BURIAL SERVICE, and will chant their DEATH SONG. The young warrior WHITE EAGLE!

Will accompany the Chief Black Hawk in his travels. Young Black Hawk is the grandson of old Black Hawk. The Indians will perform the Green Corn Dance, Buffalo, Hatava and Duck Dances, Spy Dance, Death Dance and Scolding Scenes, and will perform the Counting and Marriage ceremonies. The whole to be varied with the best pieces of Wild Indian Music.

Persons visiting this exhibition will see the bona fide Indians, as they were years ago in this country—once the lords of the forest, but now fast passing away. Persons should avail themselves of this opportunity of seeing the Red Man of the Forest.

Quince Buck, the renowned Clown, will appear in the laughable Farce of the CLOWN TURNED DENTIST! OR THE TWO CLOWNS IN TROUBLE. The Dramatic Company consist of the following popular artists: MR. J. Q. A. BUCK! The renowned Comedian and Humorist. MISS IDA WHITE! The young popular and graceful Danseuse, from the Philadelphia Theater. MISS K BUSH! The Accomplished Actress. MR. R. B. BUCK! The young Actor and popular Singer.

MR. P. B. DRAKE! Four feet high, Twenty-five years old, the comic Danseur and Singer. GEO. GUDRIDGE! The Versatile. Comic Songs, R. B. Buck. Stump Speeches, Quince Buck. Comic Duets, P. B. Drake and Miss Ida White.

ANDY SPITZER'S BRASS BAND! Will discourse sweet strains both day and night, which, for harmony and execution of music, has no equal among the traveling bands of the day. At 1 o'clock, P. M., the Chiefs, accompanied by their attendants, will be seen in the street, mounted on horseback, dressed in full Indian costume, painted and fully equipped for war, preceded by Stitzer's Brass Band.

Admission, - - - 25 cents. Children, - - - 15 cents. Doors open at 1 and 7 o'clock, P. M. performance commences at 2 and 7 1/2 o'clock. Reserved seats for Ladies. Seats for all. E. B. Denune, Manager. H. C. Stanley, Treasurer. J. Q. A. Buck, Dramatic Director. Andy Stitzer, Leader of Band. H. W. DREW, AGENT. DIRECTORY MAP OF CAMBRIA COUNTY. The subscriber is preparing, (if sufficient encouragement be given,) to publish a Directory Map of Cambria county, intended to contain as much information as any other County Map now published in Pennsylvania. The same to be lithographed, colored and mounted in the most modern style and workmanlike manner, and delivered to subscribers at \$5 per copy. WILLIAM CHRISTY, June 30, 1858.

The Wonder of the Age! J. M. LINDSEY'S GREAT MEDICAL DISCOVERY!—Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED. In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Carum Oria (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheeks were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—a death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pain of the little sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

DESPERATE CASE OF AGUE AND DYSPESIA ENTIRELY CURED BY THE USE OF LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa.—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a victim to that worst of diseases—Dyspepsia, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering from the Ague; each attack lasting about three months of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die; my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with little confidence, but in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I was a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague but an infallible preventative, and, as such, I do recommend it to all whose business, health or residence, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used—I feel it my duty to point all who suffer, to this all-healing medicine.

JOHN MORAN. Sworn and subscribed this 18th day of March, A. D. 1857. JOHN COX, J. P.

FOR SALE BY— Robert Davis, Thomas Devine, Ebensburg; J. Moore, Cambria; Wm. R. Hughes, Jefferson; G. S. Christy, J. K. Hite, Johnstown. Nov. 48, 1857; 25c.

CERTIFICATES. T. M. LINDSEY, Blair county, Pa. Dear Sir:—I was severely afflicted with rheumatism in my right arm, and in the month of July I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe its availed claims to be true. Yours, truly, JOHN SHAFFER.

DESPERATE CASE OF TETTER AND BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted with what was pronounced by the physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for nearly two months, without the least relief, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but all to no purpose. Lindsey's Blood Searcher was the only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood. JOHN DELBENT. Hollidaysburg, Pa., July 29, 1857.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and continued to suppurate for some time, and it was not possible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sicken in a single night's time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of the blood it is beyond all price! DANIEL POLLINGER. Hollidaysburg, Pa., July 29, 1857.

DEAR J. M. LINDSEY, March 19, 1857. Dr. Sir: I have been using your Improved Blood Searcher since some time past summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I had a very decided improvement. Indeed, my acquaintances frequently remark that I look so "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that woman can use, especially those who are or have external upon the decline of life (from 40 to 60 years of age). I feel that it would have been above my gratitude on my part to have withheld this testimony, and in this consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa.—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say—Ewo years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Sometime last fall I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and all other diseases arising from impurity of the blood.

RICHARD M. JONES, WITH SQUIRE, ZIMMERMAN & ALLEN, WHOLESALE DEALERS IN DRY GOODS, NO 143 MARKET STREET, BETWEEN THIRD AND FOURTH, PHILADELPHIA. FRANCIS SQUIRE, D. M. ZIMMERMAN, GEORGE N. ALLEN. Feb. 4, 1857—11

As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood. JOHN DELBENT. Hollidaysburg, Pa., July 29, 1857.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and continued to suppurate for some time, and it was not possible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sicken in a single night's time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of the blood it is beyond all price! DANIEL POLLINGER. Hollidaysburg, Pa., July 29, 1857.

DEAR J. M. LINDSEY, March 19, 1857. Dr. Sir: I have been using your Improved Blood Searcher since some time past summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I had a very decided improvement. Indeed, my acquaintances frequently remark that I look so "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that woman can use, especially those who are or have external upon the decline of life (from 40 to 60 years of age). I feel that it would have been above my gratitude on my part to have withheld this testimony, and in this consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa.—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say—Ewo years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Sometime last fall I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and all other diseases arising from impurity of the blood.

RICHARD M. JONES, WITH SQUIRE, ZIMMERMAN & ALLEN, WHOLESALE DEALERS IN DRY GOODS, NO 143 MARKET STREET, BETWEEN THIRD AND FOURTH, PHILADELPHIA. FRANCIS SQUIRE, D. M. ZIMMERMAN, GEORGE N. ALLEN. Feb. 4, 1857—11

ARE YOU INSURED?—SURVEYS MADE and applications taken for insurance against Fire in the PROTECTION MUTUAL FIRE INSURANCE COMPANY OF BLAIR COUNTY, BY ROBERT A. MCOV, Agent, Willaore, Cambria Co.

DESPERATE CASE OF AGUE AND DYSPESIA ENTIRELY CURED BY THE USE OF LINDSEY'S IMPROVED BLOOD SEARCHER. Blair county, Pa.—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a victim to that worst of diseases—Dyspepsia, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering from the Ague; each attack lasting about three months of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die; my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with little confidence, but in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I was a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague but an infallible preventative, and, as such, I do recommend it to all whose business, health or residence, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used—I feel it my duty to point all who suffer, to this all-healing medicine.

JOHN MORAN. Sworn and subscribed this 18th day of March, A. D. 1857. JOHN COX, J. P.
