The Wonder of the Age! M. LINDSEY'S GREAT MEDICAL DIS-M. LINDSET SCREAT step of the blood, giver of the purifying of the blood, giver preparation, for the purifying of the blood, giver and blood, giver of the purifying of the blood, giver and blood, giver of the purifying of the blood, giver and blood of the blood, giver and blood of the blood.

OF OPER KOPP. expelling from the system all morbid matter, and substituting in its stead a healthful activity thro' all the functions of life.

HOW IT WAS DISCOVERED. In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cancrum Oris (Canker of the mouth.) She had pre- and influence, viously been prestrated by the attacks of Dysentary, Inflamation of the Lungs and Hectic Fever, successively, which resulted in the above na-med disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten-the attending physician pronounced the case a hopeless one. Everything in-aicated a speedy and horrible death—a death of rotting out of life! At this critical juncture, Mr Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better .-The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to

partake of a new and fresh life. Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her com-plete restoration. She is now perfectly healthy to From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity-since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers and sing aloud its virtues. Say they-"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to

it more than words can express. But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Greatest Discovery of this or any other age.

Mr. J. M. Linpsey. Dear Sir :- I was severely afflicted with rheumatism for a whole year-nine months of which I was not able to leave my bed-when hearing | G. S. Christy, J. K. DESPERATE CASE OF TETTER AND A BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersignedt some time in last March, was severely affliced, with what was prenounced by my physicians to be a certain kind of Tetter and Barber's Itch.— My condition was one of the greatest misery ; my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for nerr two moeths, without the least benefit, I was in-duced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and AVE ust opened at their old stand; in the Borough of Elensburg, the richest and that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure crossote on my face and neck, but all to no purpose-the Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of it to any who may suffer from Tetter, or any oth-

> Hollidaysburg, Pa., July 29, 1857. N INTERSETING CASE OF SCROFULA A cured by one bottle of Lindsey's Blood Searcher .- This certifies that about one year ago our little son aged four years, was most sorely af flicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond same time an abscess formed just below the groin which in due time broke and commenced a discharge, which was found impossible to dry up or heal-the bed would be very much stained and the clothing of the child perfectly sickening in a single night's time. After baving the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March-and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOT-TLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family -none should be without it. As a purifier of
