

OPEN AND SCISSORS.

We have received a communication from Mr. R. W. White. It will appear on our next week.

We have not been favored with even a sprinkling of rain in this region of country for several weeks, and consequently we hear of the scarcity of water. Nearly all the crops in the country have been obliged to be cut for the present. The fall crops, however, are also said to be suffering from the drought. Nearly all the corn in our town are completely "dried" and it is really feared that our temperance will be compelled to resort to the expedient of distilling in order to prevent suffering from dying of thirst. As self-protection is the first law of nature, who will blame them under the circumstances?

The "black spirits and white, red and gray" of our country, had a grand jubilee at Jefferson, last Saturday afternoon, over the election of Blair to Congress. One Abraham Koppin, an individual from Blair county, and a man from Barter, spent for several hours, to the benefit of education of some ten men and boys. Mr. Cartney's calf being in attendance, was introduced to Mr. Hall by Mr. Blair in a set speech, and we understand are now all three sworn friends. It is not to be thought that we are all together, but that we are all very good friends. After all, it is not the calf which is the only difference between them—Mr. Cartney's calf is a very great while all who error heard Messrs. Koppin and Hall making stump speeches, unaimed at them very great blows. After all, it is not the calf which is the only difference between them—Mr. Cartney's calf is a very great while all who error heard Messrs. Koppin and Hall making stump speeches, unaimed at them very great blows.

JOSEPH McDONALD, Clerk.

The President has appointed Hon. J. GLANVILLE JONES, of Berks county, in this State, U. S. Minister to Austria. This is an excellent appointment, and a well-merited compliment to an illustrious statesman who has always been the faithful champion of Democratic principles. He has accepted the appointment.

New Theories of the Comet.—Perhaps, as comets are both luminous and transparent, and ghosts likewise, according to some observers, both shine themselves and are also diaphanous—comets are the ghosts of departed planets. Natural as well as supernatural, however, both reflect and transmit the rays of light; and your comet generally has a tail. Analogies subsist throughout nature. May not a comet be a planet in the first stage of its development, a celestial body corresponding to a terrestrial tadpole?—Punch.

Positively the most wonderful thing discovered in the nineteenth century is Professor Wood's Hair Restorative. It restores perfectly gray hair to its original color, makes it grow on the bald and will preserve it perfectly to any age, if only used by the young twice a week. Dandruff and disease cannot exist on the scalp where this is used. See circular, and we defy doubt.

Be aware of worthless imitations, as several are already in the market, called by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo., and New York.) are blown in the bottle. Sold by all Druggists and Patent Medicine Dealers. Also, by all Fancy and Toilet goods dealers in the United States and Canada. See advertisement.

Prof. O. J. WOOD & CO.—Gents: Within a few days we have received some orders and calls for Prof. O. J. Wood's Hair Restorative, that today we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold,) while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers, and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convinces us that it is a MOST VALUABLE PREPARATION.

Send us as soon as may be one gross 48 size, and one dozen 24 size; and believe me yours, very respectfully,

(Signed) DANIEL LATHROP & CO.,

Prof. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we deem it our duty to put and the subject, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald-head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative. We did so, with little hopes of success; but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair, as any other child. We can therefore, and do I earnestly recommend your Restorative as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully,

Prof. O. J. Wood—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case is one of the kind.

Yours respectfully,
DANIEL N. MURPHY.

It contains 100 acres, about 75 of which are cleared, and having thereon erected a large two story frame house, a large bank barn, and other outbuildings. A good road leading to Summerhill station, on the Pennsylvania Rail Road, passes through the farm—distance about 4 miles, and is also 1/2 mile from the Stone Furnace. It is in the neighborhood of the Canal coal tract, belonging to Joseph Burkhardt, and is supposed to contain Canal Coal. Terms of sale will be so easy that almost any person may become the purchaser.

Dover, N. H., Feb. 2, 1857.

Prof. O. J. WOOD & CO.—Gents: Within a few days we have received some orders and calls for Prof. O. J. Wood's Hair Restorative, that today we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold,) while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers, and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convinces us that it is a MOST VALUABLE PREPARATION.

Send us as soon as may be one gross 48 size, and one dozen 24 size; and believe me yours, very respectfully,

Prof. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we deem it our duty to put and the subject, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald-head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative. We did so, with little hopes of success; but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair, as any other child. We can therefore, and do I earnestly recommend your Restorative as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully,

Prof. O. J. Wood—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case is one of the kind.

Yours respectfully,
DANIEL N. MURPHY.
