ТНЕ THE WATCHIE

PREPARED BY DR. SANFORD, IS A GRET scientific Medical Discouery, and is daily working cures almost to great too believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst jaundice or Dyspepsia to a common headache,

all of which are the result of a Diseased Liver. The Liver is one of the principal regulators of the human body, and when it performs its functions well, the powers of the system are fully developed. The Stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consesequence of one organ-the Liver-having ceased to do its duty. For the diseases of this organ one of the proprietors has made it his study iu a practice of more than twenty years, to find some remedy wherewith to counteract many derangements to which it is liable.

To prove that this remedy is at last foundt any person troubled with the Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.
