Saturday, the 6th, and 7th, regard to the Restorative a law weeks since : in New Haven received the following letter in THE BLOOD.

Dane hivan, Conn., July 23, 1856. Mr Leavenworth-Sir : 'I have been troubled with dandruff or scuri on my head for more than a year, hiy hair began to come out, scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing ; it removed th scurf and new hair began to grow ; it is now two or three inches in length where it was oll off. I have great taith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place; you may have a market for many bottles after it is known hare. Yours with respect, RUFUS PRATT.

MITHE undersigned having been appointed An

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, protending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilis, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curstive properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justiv despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the discuses it is intended to cure. In order to secure their complete eradication from the system, the remedy should usly taken according to directions on
