

From Washington.

WASHINGTON, June 10. The Secretary of the Treasury gives notice that sealed proposals will be given until the 20th inst. for the issue of any portion, or the whole of five millions dollars in Treasury notes, in exchange for the gold coins of the U. S., under the authority of the acts of Congress of 1857 and 1859, the interest not to exceed 6 per centum per annum. The receipts of the Treasury for the week ending Monday last, amounted to \$293,000; and the disbursements, \$1,718,000; amount subject to draft, \$3,574,000.

In addition to the twelve army officers, whose names have heretofore been published, Col. Cooke, of the dragoons, and Col. Thayer of the corps of engineers, have obtained permission from the War Department to go beyond the U. S. They will visit Europe to observe the military operations going on at the seat of war.

WASHINGTON, June 13. The Secretary of the Navy, by order of the President has named the purchased vessels respectively Mystic, Wyandott, Sumpter, Mohawk, Anacostia, and Crusader. The Mystic and Sumpter are to be added to the African Squadron, making thirteen in all.

Lieut. Maffit, who captured the Echo, is to have command of the Crusader, and Lieut. Craven of one of the other vessels which are going to the Gulf. Commodore Williamson has received preparatory orders to the Ful-ton.

The principal object in augmenting the Gulf Squadron at this time is to look after American interests generally, and in case of any emergency to protect them at all hazards. To display a pretty strong American force will exert a good influence.

The government has not decided upon any definite policy as to the course they will pursue in regard to Mexican affairs, and are awaiting further advice.

The administration are not fully advised with reference to the intention of the English and French Ministers. It is stoutly denied that those Ministers are throwing any obstacle in the way of the annexation government.

An unwarranted interference on their part, just at this time with Mexican affairs, might make plenty of work for our squadron. There is no telling what may happen.

WASHINGTON, June 14. The Light House Board has purchased of the Navy Department the steamer Arctic, which had become unfit for the naval service. It is to be converted into a light boat, and anchored to warn mariners of the Rattlesnake shoals near Charleston S. C.

The seventh annual exhibition of the United States Agricultural Society will be held at Chicago on the 12 of September next. Commander Livingston has been ordered to the command of the receiving ship at Boston, vice Stoddard, who has been detached on account of sickness.

It is now positively ascertained that there is no truth in the report that Mr. Sill has been appointed Minister to France. The U. S. war vessels, Levant, Wyoming, and Lancaster, which are to compose part of the Pacific Squadron, will visit Chili, in view of our unsettled affairs in that country, and the recent outrages on our citizens.

It is known that instructions have already been forwarded to our minister to demand reparation for the wrongs committed. There is no probability that the naval force in the Mediterranean will be increased.

The navy department has received information of the death of Lieutenant Duer in Florida.

Important from Mexico. NEW ORLEANS, June 14. Advice from Vera Cruz have been received to the 15th inst., via Havana. Miramon is reported to have suppressed the Pronunciamento made at the capital, by the priests, in favor of Zalozaga, including the grant of the church property. The church party had tried Miramon, but the latter had arrested the principal priests and sent them to Vera Cruz.

The Liberals are greatly encouraged by the recent events at the capital. It is also reported that Zalozaga had been imprisoned by Miramon, Miramon had decreed that the importations at Vera Cruz should be confiscated and had modified the ad valorem duties.

The Marques expedition against Morelia had been driven back, but the town had been razed and the woman whipped to force them to discover their hidden treasures.

The Americans and other foreigners suffered severely. Mr. Black, the American consul, is reported to be going to Vera Cruz on foot from the rabble of the army.

Mr. M. Babe arrived at Vera Cruz on the 20th ult. Senor Bonella, the Secretary of Foreign Affairs, has issued another decree in which he states the Americans are not accountable for the acts of President Bachanan who he says is opposed by twenty-six of the thirty-two states of the North American Union. General Cabos is reported to be at Oajaca.

Letters from private parties give the advice not to cross the Isthmus in the present condition of affairs.

Arrival of the Overland Mail. St. Louis, June 13th. The overland mail which arrived here on Saturday brought California papers of the 20th ult. The proprietors of the San Francisco Bulletin have been fined one hundred dollars for publishing the confession of Mrs. Siskies.

Lieut. Beale's party had been attacked at Pabst Springs, by the Mohave Indians. The U. S. sloop of war Decatur arrived at San Francisco on the 18th.

The passengers by the overland mail report about 3,000 Texans encamped near Belknap for the purpose of exterminating the Cedo Reserve Indians. The Governor of Texas had called on the U. S. troops to quell the disturbance, and Maj. Van Doren had arrived in the vicinity with three companies of dragoons on the way from Fort Wichita to Belknap.

Maj. Doran encountered a large body of Apache Indians, and killed 40 or 50 and took 25 prisoners.

A special dispatch from Independence to the Republican says that a party of U. S. soldiers surprised about eighty lodges of Comanches near Pawnee Rock, and killed 25 men and 20 women.

Horrible Cruelty at Sea.

The trial of Capt. Ephraim Pendleton, for alleged cruelty to a seaman, was, at last accounts, proceeding in San Francisco, and developed a fearful chapter of the woes of seamen. The following evidence was elicited:

Wm. Johnston sworn.—I was an ordinary seaman on board the bark Sarah Parks, on her late voyage from Cardiff to this port; I was whipped on board several times; on the first occasion, I took a little bread, for which I was whipped; was bauled up by the hands with a piece of rope; the captain struck me with a piece of rope; my back and stomach were cut all to pieces; the cook rubbed the wounded places with salt pickle; after the pickle was used on me, I was put over the bows and kept there all day, one morning, at 4 o'clock, while at the wheel, I was so hungry that I could hardly stand upon my feet; I had to leave the wheel and go down to the scuttle to take some bread; the second mate came on the poop and saw I was down there; the second mate said he would go and tell the captain, for doing this; the captain told me to the strong back and flogged me; 25 lashes with a cane were given on my bare back; the captain took me down, but put me up again, and gave me 12 more lashes; after receiving the last twelve, I was put on my wrists and then fastened to the ring-bolt, lying down; two buckets of water were thrown over me; I was then taken down through the after-hatch to the coal between decks, with irons on, and there fastened to a stanchion; I could not get up; the space between the coal and the upper deck was from feet to waist; could not slide the irons up on the stanchions; was kept there eleven or twelve days; remained there until we reached San Francisco.

TO INVALIDS.

DR. HARDMAN, ANALYTICAL PHYSICIAN. PHYSICIAN FOR DISEASES OF THE LUNGS. Formerly Physician to Cincinnati Marine Hospital and Invalids' Retreat, Corresponding Member of the London Medical Society and Observer, Author of LETTERS TO INVALIDS, AND EDITOR OF THE MEDICAL STETHOSCOPE, MAY BE CONSULTED AT EBENSBURG, Pa., at the "Logan House," on SATURDAY, JULY 24, 1859, for one day only.

JOHNSTOWN, at the "Foster House," on FRIDAY, JULY 17, 1859.

DR. HARDMAN treats Consumption, Bronchitis, Laryngitis, Asthma, and all other Diseases of the Throat and Lungs, by MEDICATED INHALATION. The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which inhalation is based. If the stomach is diseased, we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into them. The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not approached in a direct manner by medicines. They were intended to be local, and yet they were administered that they could not act constitutionally, expending their immediate action upon the stomach, whilst the foul ulcers among the lungs were unimpaired. INHALATION brings the medicine in direct contact with the disease, without the disadvantages of any violent action. Its application is so simple that it may be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least with the strength, comfort or business of the patient.

Other Diseases Treated. No charge for consultation. In relation to the following diseases, either alone or complicated with Lung affection or existing alone, I also invite consultation—usually find them Promptly Curable. Protrusion and all forms of Female Complaints, Irregularity and Waxiness of the Face, Palpitation and other forms of Heart Disease, Liver Complaints, Dyspepsia, and all other diseases of stomach and bowels, piles, &c. Mr. Hardman treats all chronic or long standing diseases of the Lungs, Liver, Stomach, Bowels, Bladder, Kidneys, Brain, Heart, Nerves, Womb, Spines, Spleen, Eyes, Ears, &c., Scrofula, Fits, Cancer, Rheumatism, Dropsy, Skin Diseases, Fever Sore, Catarrh, Seminal Weakness, Neuralgia, Whites, Insanity, Dyspepsia, Giddiness, Heat of Urine, Syphilis, Piles, Sick Headache, Enlarged Testis, &c. Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effective alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alternative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: SCROFULA and SCROFULOUS COMPLAINTS, ERYTHEMA and ERYTHRODERMIA, ULCERS, PIMPLES, BLOTCHES, TUBERCLES, SALT RHUMUS, SCALD HEAD, SPITTLERS AND SPITTLING, FRECKLES, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPYPSIA AND INDIGESTION, ERYTHRODERMIA, HOBS OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which collect in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcers, rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; and when it is thickened and heavy, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but when the balance of life is disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been brands upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall receive the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS. Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral,
