HUMPHREY'S SPECIFIC HOMCEOPATHIC REMEDIES, No. 562 BROADWAY.

Limbs. THE GREAT FEATURE

Of this series of Domestic Remedies is that each particular medicine is a SPECIFIC for the particular disease or class of disease whose name it bears, and may be relied upon for the cure of ing from a chronic disease or long-standing ail-

ment, in buying a case of HUMPHREY'S SPECIFICS obtain the particular one desired in their case. and thus themselves make a cure which otherwise would cost them many dollars, and no small amount of time and medical attendance, if, in-Book, Thus multitudes suffer from DYSPEPSIA, BILhirty bushels on the uplands ; seventy- 1008 CONDITION. COSTIVENESS, SAD TASTE.

DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this discase which is not promptly controlled and ulti mately cured by the use of this Specific. Thousands who have suffered for years with this "Bilions Condition" having purchased a case of these Specifics, have obtained a perfect cure and immunity from their old complaint. COUGHS, COLDS AND SORE THROATS. which so frequently lead to BRONCHITIS AND CONSUMPTION

are all in their early stage secured by the COUGH PILLS.

Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more! many persons have a specific liability to colds and take them from the least exposure. This will be entirely relieved by the use of the COUGH PILLS, as scores can testify from experience. So

CATAREH

is one of our most common and most troublesome Her memory will long be cherished diseases, against which the Old School Medicines and even Homceopathic prescriptions, are of very little use. Yet hundreds of persons have been cared of not only recent and fresh, but even long standing and obstinate, cases of CATARRH by

the use of this specific. One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all her life. And a young lady at one of our first class boarding schools, who was so afflicted with this disease as to require more than forty handkerchiefs a week, was entirely cured in a single week by this Specific.

WM. BARNES. Ebeneburg, April 27, 1859-28-tf

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatbe its origin, it is hereditary in the constitu jon, descending " from parents to children unt , the third and fourth generation ;" indeed it ; cms to be the rod of Him who says, " will visit the iniquities of the fathers upon their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitu; tions not only suffer from scrofulous com-plaints, but they have far less power to withstand the attacks of other diseases ; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination ; and many destructive diseases of the liver, kidneys, brain, destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must renovate the block her an alterative medicine, and inthe blood by an alterative medicine, and invigorate it by healthy food and exercise Such a medicine we supply in
