MAY BE CONSULTED AT . HARDMAN treats Consumption, Bron-

chitis, Laryngitis, Asthma; and all other Diseases of the Throat and Lungs, by MEDICA-TED INHALATION.

The great point in the treatment of al human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which inhalation is based. If the stomach is diseased, we take medicine di-rectly into the stomach. If the lungs are dis-eased, berathe or inhale medicated vapors directly into them. The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not approached in a direct manner by medicines. They administered that they could not act constituthe stomach, whilst the foul ulcers among the | deed, it could be obtained at all. lungs were unmolested. INHALATION brings the medicine into direct contact with the disease, without the disadvantages of any violent action. SPECIFIC

HOMOEOPATHIC REMEDIES, No. 562 BROADWAY.

THE GREAT FEATURE of this series of Domestic Remedies is that each particular medicine is a Spectric for the partic alar disease or class of disease whose name it bears, and may be relied upon for the cure of that particular affection. Hence, persons suffer- have become the family physician and medical ment, in buying a case of Humphrey's Specifics they been tried without having been approved, obtain the particular one desired in their case, were intended to be local, and yet they were so and thus themselves make a cure which other- who have known them longest and most intiwise would cost them many dollars, and no small | mately. tionally, expending their immediate action upon amount of time and medical attendance, if, in-

DYSPEPSIA SPECIFIC. There is scarcely a phase or form of this dis ease which is not promptly controlled and ulti-mately cured by the use of this Specific. Thous-ands who have suffered for years with this "Bilious Condition" having purchased a case of these Specifics, have obtained a perfect cure and immunity from their old complaint, COUGHS, COLDS AND SORE THROATS,

which so frequently lead to BRONCHITIS AND CONSUMPTION

are all in their early stage secured by the COUGH PILLS. Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more! many persons have a specific liability to colds and take then from the least exposure. This will be entirely relieved by the use of the COUGH PILLS, as scores can testify from experience. So

CATARRH is one of our most common and most troublesome diseases, against which the Old School Medicines and even Homeeopathic prescriptions, are of very little use. Yet hundreds of persons have been cured of not only recent and fresh, but even long standing and obstinate, cases of CATARRH by

the use of this specific. One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all her life. And a young lady at one of our first class boarding schools, who was so afflicted with this disease as to require more than forty handkerchiefs a week, was entirely cured in a single

week by this Specific. bleeding and blind, some of those common and obstinate forms of disease which are so difficult to cure by the ordinary methods, but which find an entire and fundamental cure in the Piles Specific. True, time is required; but the Specific is pleasant to take, requires neither dist nor restraint, and being followed up a perfect cure is the result. Hundreds of persons, in purchasing a case of Specifics. have obtained a cure for this most trying and obstinate form of disease, which has been worth to them ten times the cost of the entire set. Cases of over twenty years' standing have been cured by this simple Specific, and

we believe may be cured by perseverance.

The case contains the best FEVER AND AGUE SPECIFIC known. A remedy without any deleterious or poisonous substance, which not only cures the ague, and old, mismanaged agues, but may be relied upon as a preventive when persons are residing in a fever and ague discrict. It prevents or protects upon the same principle that vaccination prevents small pox or belladonea prevents scarlet fever, by pre occupying the system with the true Specific. Hundreds have been thus

protected and cured. THE OPTHALMY SPECIFIC has proved a most invaluable remedy for SORE EYES and EYELIDS, and for WEAK and BLURRED SIGHT. One lady in Indiana, who had been a sufferer from sore eyes for many years, and for two years was entirely blind, was

cured perfectly by the Opthalmy Specific alone. HEADACHES, to which so many are subject, find a curative in the case. There is a specific which relieves at the time of the attack, and also one which corrects the condition of the system upon which it
