DYSPEPSIA SPECIFIC. There is searcely a phase or form of this disease which is not promptly controlled and ulti mately cured by the use of this Specific. Thousands who have suffered for years with this "Bilious Condition" having purchased a case of these Specifics, have obtained a perfect cure and immunity from their old complaint. COUGHS, COLDS AND SORE THROATS,

which so frequently lead to BRONCHITIS AND CONSUMPTION

are all in their early stage secured by the COUGH PILLS. Many cases of long standing Bronchitis and irritating Conghs have been perfectly cured by this Specific. But more! many persons have a specific liability to colds and take them from the

testify from experience. So is one of our most common and most troublesome diseases, against which the Old School Medicines and even Homeopathic prescriptions, are of very little use. Yet hundreds of persons have been cured of not only recent and fresh, but even long

standing and obstinate, cases of CATARRH by the use of this specific. One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all this disease as to require more than forty hand-

her life. And a young lady at one of our first class boarding schools, who was so afflicted with kerchiefs a week, was entirely oured in a single week by this Specific. bleeding and blind, some of those common and

obstinate forms of disease which are so difficult to cure by the ordinary methods, but which find an entire and fundamental cure in the Piles Speeific. True, time is required; but the Specific is pleasant to take, requires neither dist nor re-straint, and being followed up a perfect cure is the result. Hundreds of persons, in purchasing a case of Specifics, have obtained a cure for this most trying and obstinate form of disease, which has been worth to them ten times the cost of the entire set. Cases of over twenty years' standing have been cured by this simple Specific, and we believe may be cured by perseverance.

The case contains the best FEVER AND AGUE SPECIFIC known. A remedy without any deleterious or poisonous substance, which not only cures the ague, and old, mismanaged agues, but may be relied upon as a preventive when persons are re-siding in a fever and ague district. It prevents or protects upon the same principle that vaccina-tion prevents small pox or belladonea prevents scarlet fever, by pre occupying the system with the true Specific. Hundreds have been thus protected and cured.

THE OPTHALMY SPECIFIC has proved a most invaluable remedy for SORE EYES and EYELIDS, and for WEAK and BLURRED SIGHT. One lady in Indiana, who had been a sufferer from sore eyes for many years, and for two years was entirely blind, was

cured perfectly by the Opthalmy Specific alone. HEADACHES, to which so many are subject, find a curative in the case. There is a specific which relieves at the time of the attack, and also one which corrects the condition of the system upon which it depends, and so destroys the predisposition to a
