CLASS No 8 .- FRUIT.

Judges .- E. A Vickroy, Peter Kaylor,

It is a fact that, at some period, every member of the human family is subject to disease whence of the bodily functions; but,

1 00 most trying and obstinate form of disease, which 50 has been worth to them ten times the cost of the 50

thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not ing have been cured by this simple Specific, and assisted in throwing off the stagnant humors, the

with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and him. For this purpose, Dr. Hostetter has inroduced to this country a preparation hearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and rigorous action, and thus, by the simple procuss of strengthening nature, enable the systen to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-sea, Finthency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stannach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these litters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a discase which is probably more evalent, in all its various forms, than any ahar, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using BOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind ; den why not use an article known to be infallible ? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AQUE .- This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S EENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unif ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is remerel as speedily as is consistent with the profuction of a thorough and permanent cure. For Persons in Advanced Years, who are

string from an enfeebled constitution and airm body, these Bitters are invaluable as a restorative of strength and vigor, and need may be tried to be appreciated. And to a mother while nursing these Bitters are indis-Pasable, especially where the mother's nourament is inadequate to the demands of the thild, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is sequented with the virtue of the Bitters, will recommend their use in all cases of weakness. CAUTION .- We caution the public against using my of the many imitations or counterfeits, but ask St HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hestatter's Stomach Bitters" blown on the side of the battle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

50 we believe may be cured by perseverance. The case contains the best FEVER AND AGUE SPECIFIC known. A remedy without any deleterious or poisonous substance, which not only cures the ague, and old, mismanaged agues, but may be relied upon as a preventive when persons are residing in a fever and ague district. It prevents or protects upon the same principle that vaccina-tion prevents small pox or belladonea prevents scarlet fever, by pre occupying the system with the true Specific. Hundreds have been thus protected and cured. THE OPTHALMY SPECIFIC has proved a most invaluable remedy for SORE EYES and EYELIDS, and for WEAK and BLURRED SIGHT. One lady in Indiana, who had been a sufferer from sore eyes for many years, and for two years was entirely blind, was cured perfectly by the Opthalmy Specific alone. There is a specific which relieves at the time of the attack, and also one which cor- is a Cathartic, and accompanies the other prop-81 00 rects the condition of the system upon which it depends, and so destroys the predisposition to a blood; the coarser particles of impurity which return. The specifics for the various forms of FEMALE COMPLAINTS have proved invaluable. OLD LONG STANDING LEOCORRIJCEA or WHITES, attended with debility or exhaustion, and for which other forms of medicine are of little value, are fully controlled and cured by the FEMALE PILLS, while the specific for IRREGULARITIES control almost every form of SCANTY, PAINFUL OF IRREGULAR MEN-STRUATION. DIARRHCEAS AND SUMMER COMPLAINTS in adults or children are controlled like magic by the DIARBHORA PILLS, while it may be averred without the possibility of successful contradiction that the DYSENTEY PILLS are the most perfect Specific for that disease known. For the various forms of FEVERS, SCARLET FEVER, MEASLES. and other diseases of children, the FEVER PILLS may be safely and surely relied upon. These Specifics are the prescriptions of Prof. HUMPHREYS, used for years in his extensive practice, and to the perfection of which he has devoted the resources of extensive knowledge, experience and study. The public may rest assured that during the lifetime of Dr. H. no one has been or shall be intrusted with the preparation of his Specifics, and he offers the guaranty of his professional life and reputation that they shall be just as he rep resents them. They have now been before the public for five years, and have everywhere won golden opinions from the many thousands who have used them. Simple, free from intricacy, technicality, or danger, they have become the ready recourse and aid of the parent, traveler, nurse, or invalid, and have become the family physician and medical &c., all very cheap. thus our light of life will forever be blown out. How important then that we should keep the various passages of the body tree and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's Garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Ex-

pectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty in throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives double case and strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the uri-

nary or water passage, and which could not have been discharged in any other way. The fourth cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason whypeople are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passage for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing a disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood .--Therefore, it will be shown, especially by those who use these Pills, that they will cleanse and purify, that disease-that deadly enemy-will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days. 1 Sold by Thomas Devine, Ebensburg, and by Medicine Dealers generally throughout the County ; B.
