

LATER FROM EUROPE.

Arrival of the steamer Anglo Saxon.

FATHER POINT, Sept. 12. The Steamer Anglo Saxon passed this Point yesterday afternoon, but the storm that occurred during the afternoon and evening, prevented the transmission of the intelligence received from her. The steamer ship Zentona arrived at Southampton early on the morning of the 30th ult. The steamer Nova Scotia reached Liverpool at 8 o'clock on the afternoon same day. The crew of the ship Ben Bolt, reported as wrecked by the Ocean Queen, were saved—the vessel was insured in London. She was on the voyage from Trieste to London with a cargo shipped at Havana.

A telegram from Berne says the reports of the proceedings of the Zurich Conference continue to be contradictory, but there is every reason to believe that the Sardeian plenipotentiary will not affix his signature to any protocol in favor of the return of the deposed rulers of the Duchies.

FRANCE.—The Emperor remains in retirement in the Pyrenees. It is rumored that he will shortly proceed to Cherbourg and a second visit to the camp at Chalons. The Paris Constitutionnel in a leading article, says the Emperor will loyally fulfill his Villa France agreement for the restoration of the former reigning Princes, but if he should not succeed in re-uniting the Princes and their people in mutual accord, it is not his intention to force either the one or the other.

PARIS.—The formation of eight military districts, the head quarters of which will be at Nantes, was completed.

A letter from Naples says that the people were much excited in regard to the high price of corn, and that the government, in consequence had ordered the purchase abroad of a large quantity.

Gen. Fante accepted the command in chief of the army of Central Italy. Garibaldi's command comprises the troops of Tuscany and Modena.

An earthquake had taken place at Sorcia. Two hundred persons were killed, and a large number were injured. Nine thousand of the population had encamped in the neighborhood of the town. The Pope had despatched assistance.

Late advices from Rome say that the French Minister held a conference with Cardinal Antonelli on the subject of the reorganization of the Legations. One French division only was to remain in Rome.

The government of Bologna is said to have dissolved the regiment in which some of Manzoni's volunteers had attempted to cause an excitement.

The garrison of the Pope was on the march to Pesco, where troops were being concentrated.

ENGLAND.—The Directors of the steamer Great Eastern have declined Mr. Lewis' last offer, and their original programme will be carried out. The vessel has been closed to the admission of the public, and was to leave the Thames in a day or two, and be ready to sail for Portland, Maine, on the 15th of September.

Leigh Hunt, the celebrated author, died at London, on the 28th ult. in the seventy-fifth year of his age.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been cured by the use of Dr. J. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopoeia which can compare with the wonderful compound for derangement of the system. Hence, by the use of this medicine, along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large. Sold by druggists and dealers generally.

Silence that Dreadful Cough.

Or death must carry you to your silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence the lungs are like a spring of water, when rolled up by the dirty mud, if clear water constantly flows through the springs, impurities or mud will be conveyed away by the pure water. Just so with the blood, when kept in a clean or pure state, it constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be the result. From two to four Pills taken every night or every other night, enough to keep the bowels regular, will in a reasonable time cure consumption. The reason these pills are used more than all others, is because they are made of purifying vegetables, and cleanse the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than any other Pills. 2m.

HUMPHREYS' SPECIFIC

HOMOEOPATHIC REMEDIES,

No. 562 BROADWAY.

THE GREAT FEATURE

Of this series of Domestic Remedies is that each particular medicine is a SPECIFIC for the particular disease or class of disease whose name it bears, and may be relied upon for the cure of that particular affection. Hence, persons suffering from a chronic disease or long-standing ailment, by using a course of HUMPHREYS' SPECIFICS obtain the particular one desired in their case, and thus themselves make a cure which otherwise would cost them many dollars, and no small amount of time and medical attendance, if, indeed, it could be obtained at all.

Thus, millions suffer from DYSPEPSIA, BILIOUS CONDITION, COSTIVENESS, SAD TASTE, COATED TONGUE AND DEBILITY, which is perfectly controlled and cured by the DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this disease which is not promptly controlled and ultimately cured by the use of this Specific. Thousands who have suffered for years with this "Bilious Condition" having purchased a case of these Specifics, have obtained a perfect cure and immunity from their old complaint.

COUGHS, COLDS AND SORE THROATS, which so frequently lead to BRONCHITIS AND CONSUMPTION are all in their early stage cured by the COUGH PILLS.

Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more! many persons have a specific liability to colds and take them from the least exposure. This will be entirely relieved by the use of the COUGH PILLS, as scores can testify from experience. So

CATARRH

is one of our most common and most troublesome diseases, against which the Old School Medicines and even Homoeopathic prescriptions, are of very little use. Yet hundreds of persons have been cured of not only recent and fresh, but even long standing and obstinate, cases of CATARRH by the use of this Specific.

One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all her life. And a young lady at one of our first class boarding schools, who was so afflicted with this disease as to require more than forty handkerchiefs to be entirely cured in a single week by this Specific.

PILES.

bleeding and blind, some of those common and obstinate forms of disease which are so difficult to cure by the ordinary methods, but which find an entire and permanent cure in the Piles Specific. True, time is required; but the Specific is pleasant to take, requires neither diet nor restraint, and being followed up a perfect cure is the result. Hundreds of persons, in purchasing a case of Specifics, have obtained a cure for this most trying and obstinate form of disease, which has been worth to them ten times the cost of the entire set. Cases of over twenty years' standing have been cured by this simple Specific, and we believe may be cured by perseverance.

The case contains the best FEVER AND AGUE SPECIFIC known. A remedy without any deleterious or poisonous substance, which not only cures the ague, and old, mismanaged agues, but may be relied upon as a preventive when persons are residing in a fever and ague district. It prevents or protects upon the same principle that vaccination prevents small pox or cholera, and prevents the fever, by pre-occupying the system with the true Specific. Hundreds have been thus protected and cured.

THE OPHTHALMY SPECIFIC

has proved a most invaluable remedy for SORE EYES and EYELIDS, and for WEAK and DIMMERED SIGHT. One lady in Indiana, who had been a sufferer from sore eyes for many years, and for two years was entirely blind, was cured perfectly by the Ophthalmic Specific alone.

HEADACHES.

to which so many are subject, find a curative in the case. There is a specific which relieves at the moment of the attack, and also which cures the condition of the system upon which it depends, and so destroys the predisposition to a return.

THE SPECIFICS FOR THE VARIOUS FORMS OF FEMALE COMPLAINTS

have proved invaluable. OLD LONG STANDING LEUCORRHEA, WHITE'S, attended with debility, exhaustion, and for which other forms of medicine are of little value, are fully controlled and cured by the FEMALE PILLS, while the specific for IRREGULARITIES control almost every form of SCANTY, PAINFUL or IRREGULAR MENSTRUATION.

DIARRHOEAS AND SUMMER COMPLAINTS in adults or children are controlled like magic by the DIARRHOEA PILLS, while it may be averted without the possibility of successful contradiction that the DYSENTERY PILLS are the most perfect Specific for that disease known.

For the various forms of FEVERS, SCARLET FEVER, MEASLES, and other diseases of children, the FEVER PILLS may be safely and surely relied upon.

These Specifics are the prescriptions of Prof. HUMPHREYS, used for years in his extensive practice, and to the perfection of which he has devoted the resources of extensive knowledge, experience and study.

The public may rest assured that during the lifetime of Dr. H. no one has been or shall be entrusted with the preparation of his Specifics, and he offers the guaranty of his professional life and reputation that they shall be just as he represents them.
