Union Meeting at Boston.

A "Union Meeting" was held at noon yesterday, at Faneuil Hall. It was largely attended, hundreds being unable to obtain admittance.

Hon. William Appleton called the meeting to order, and Ex-Governor Lincoln presided.

Prayer was offered by the Rev. Mr. Blagdon, of the Old South Church.

The President briefly alluded to the circumstances which seemed to call for the present demonstration.

A series of ten resolutions were read.

The third resolution says: "However narrow or incomprehensive was Brown's injurious scheme, it was an undisguised assault upon the peace and welfare of the whole country; that we deeply sympathize with the people of Virginia in the trying scenes they have passed through and professed their civil authorities and those of the Federal Government our unfailing countenance and support in the maintenance of the laws of the land and the public peace."

The sixth resolution pledges our lives, fortunes, and sacred honor to uphold the Union."

The seventh resolution declares fealty to the Constitution, and faithfully and unreservedly to carry out all its obligations.

The eighth resolution disownances everything tending to produce alienation between the North and South.

The ninth denounces the apologist for the late raid at Harper's Ferry as guilty as those who induced it.

Speeches were made by Hon. Edward Everett and Hon. Caleb Cushing; and letters were read from Ex-President Franklin Pierce, Ex-Governor Morton, Ex-Governor Clifford, Prof. Felton, Hon. B. F. Butler, E. D. Beach, Judge Marston, B. F. Hallett, and numerous others.

As a public demonstration, the meeting was the greatest ever held in New England. The sentiments of the speakers called forth repeated ovations.

The resolutions submitted were adopted by acclamation. Adjourned.

Accident to a Congressman.—The Hon. Green Adams, a member of the House of Representatives from Kentucky, is detained at home on account of a severe accident.—The Messenger says: From a private letter we learn that on Saturday night he went to his law office in Barbourville to get some papers which he desired to use, and in groping for his candle and matches he stumbled and fell upon one of the front posts of a chair which had been broken and sharp pointed. The point penetrated his neck, immediately above the collar bone, and his life, for a considerable time, was utterly despaired of.—Eminent physicians from a distance were immediately sent for to aid those of Barbourville in his restoration. The latest accounts report him somewhat better, but far from being out of danger.

John Brown Heard From.

The Cleveland *Plaindealer* gives an account of the appearance of the spirit of Old Osawatomie at a spiritual circle in that city. He manifested himself by ponderous knocks on a kitchen table.

When asked how he was received in the world he said, or rather knocked (by alphabet), "first rate." Jefferson, Jackson, Washington and all the apostles of Democracy had told him that his "earthly career was closed in a halo of glory." It appears that these old patriots are anxious observers of passing events on earth, and they assure Brown that what they labored all their lives to avert, to wit, a dissolution of the Union, they now consider inevitable. If a Black Republican President is elected he never will be allowed to be inaugurated as the President of these United States. The South will break up the confederacy and leave the Union in a body. They will have a President, Cabinet, Congress and Union of their own; and if any attempts are made by a Black Republican President to exercise authority under the present constitution over them, it will be resisted unto blood! If a Democrat should be elected President, the Union may last through another administration, but no longer. "The Irrepressible Conflict" is to go on until this country is divided, and there are two distinct, independent nations; one a Black and the other a White Republic.

"Thrown Out."—A little tan-colored memorandum book was picked up in the banking office of certain individual banker and shaver in Buffalo. It was found to belong to one following the manufacturer of slings, cobblers, cocktails and punches, and to contain the "little accounts" of sundry of his customers, some of which are of very long standing. The next day a large number of city officers, several lawyers, numerous generals and colonels, and one editor, were surprised to find their paper "thrown out" by the discount clerk at the bank aforesaid.—Their names had been discovered amongst the "defaulters" in the little tan-colored memorandum book.

SPECIAL NOTICES.

DR. HOSTETTER'S BITTERS have received the warmest encomiums from the press and people throughout the Union. As a valuable tonic for the cure of Dyspepsia, Flatulence, Constipation and general nervous debility, it cannot be approached. Every day new cases of its great effect are chronicled through our public journals. There is nothing equal to the enjoyment, to that which the afflicted experience when using this valuable specific. Its mild tone, its use and vigorous action upon a disordered stomach, and the cleansing of the entire human body should recommend it to all classes of our community. All that will be necessary to convince the skeptical of its healthy effects, is to purchase a bottle and be convinced.

Sold by druggists and dealers generally everywhere. See advertisement in another column.

THE BOWELS AND THEIR FUNCTIONS.

—A perfect health is the greatest blessing that we can enjoy, without which all other blessings are of little consequence, we deem it of great importance to point out the way to you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter; they are the main channel which nature has appointed to carry everything that is unnecessary. And it is impossible to tell what a large amount of sickness has been caused by constipation, or costiveness; in other words, by not keeping the bowels regular, it is the main road to all diseases it is the cause of unnatural irritation to the mucous, or lining membranes of the bowels. Having lost their natural strength, they cannot object to what is required of them. Hence, the bowels become inflamed, and unless you find a speedy relief, a thousand other complaints are ever ready to drag you through a miserable and wretched life. Such medicines must be given as will cleanse the stomach and bowels, and restore their natural strength.

To accomplish this there is no compound so valuable as these Pills; all other medicines sink to utter insignificance when compared to them; it seems as though the Author of Nature had designed them for this as well as other complaints. From two to five Pills a day will increase strength and appetite, and cleanse the stomach and intestines from whatever is injurious.
