#### SPECIAL NOTICES.

It is a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and lorget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good What is required is just such a tonic and invigorator as Dr. J. Histetter has given to the world, in his CELEBRATED "BITTERS." The weak Mr Kessler moved their adoption which was ; and nervous denizen of the counting-house, the exhausted tailor upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenerator in the "B. TTERS" and prefer it to more pretentions, but less efficacious medicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is merely debilitated is equally powerful in assisting nature to expel the most terrible forms of disease.
