FOR GOVRENOR,

HENRY D. FOSTER,

OF WESTMORELAND COUNTY.

GLORIOUS NEWS.

GEN. HENRY D. FOSTER OF WETMORELAND COUNTY, THE DEMOCRATIC CANDIDATE FOR GOVERNOR.

The Reading Convention performed its work well, and its members one and all merit the unanimous thanks of the Democracy of the Keystone State. Its proceedings from begining to end were characterized by harmony, enthusaism and unanimity, & in unanimously nominating Gen. Henry D. Foster for Governor, it insured a brilliant Democratic victory next fall. The Democracy of Cambria know Gen. Foster well, and it is therefore unnecessary for us to say anything to them in his praise. They know him to be a man endowed by nature with an intellect of the high est order, a profound lawyer, and able States man. destitute of everything that constitutes | He also keeps a very superior lot of Grocea demagogue, an accomplished orator, and a ries on hand, such as Fleur, Fish, Tea, Sugar radical working Democrat. Everything he says and does indicates the man of cultivated intellect, and finished gentleman, and it is impossible to know and not esteem him .-During the time he represented in Congress the District composed of the Counties of Cambria Bedford and Westmoreland, he was universally popular with his constituents, and was confessedly the leader of the Democratic delgation from this State. No member commanded in a higher degree the confidence of James K. Polk the illustrious Statesman who then occupied the Presidential chair. During the Sessions of 1857 and 1858, he was a member of the House of Representatives of this State, and was decidedly the ablest member of that body during those sessions. As a lawyer, he has no superior in the State, All his arguments are eloquent, clear, logical and convincing, and appeal to the understanding as well as to the hearts of those to whom they are addressed. He is never embarrassed by the opposition Counsel enveloping their case in a web of ingenious sophistry. He perceives at once as if by intuition its weak points, and tears it to fragments without any difficulty. In this County the suitor is regarded as fortunate indeed, who secures him as his Counsel. His pomination by acclamation under the circumstances, was certainly a compliment of which he and his friends have good reason to feel proud. Although he had repeatedly stated in the most emphatic and pub lie manner that he did not desire the nomination, yet the moment that Mr. Detrich of Luzurne moved that he be nominated by acclamation, the Convention became one mass of enthusiasm; cheer followed cheer in rapid succession, and the streets of Reading were soon thronged with a crowd of enthusiastic democrats. The scene is said to have eclipsed that which attended the nomination of full report. Gen. Pierce for President in 1852.

It affords not a little pleasure to state that the Democracy of Pennsylvania are once more a unit, and that they have formed them selves into a solid column to battle with the Disunion Black Republicans during the political campaign which has just commenced As Gen. Foster has never uttered or publish ed anything which indicates that he is either a Lecomptonite or Anti-Lecomptonite, he is equally popular with both factions, and both will support him with equal enthusaism and unanimity on the second Tuesday of next Ootober. This is no time for the Democracy to wrangle and quarrel among themselves about mere abstractions. The Disunionists must be defeated next fall, and this can only be accomplished by united prompt and energetic action on the part of the Keystone Democracy. Sincerely do we rejoce to see the campaign open with such brilliant prospects of success, and with equal sincerity do we hope that the barmony and good feeling which now exists may long continue. Democrats of Cambria, your first choice, your favorite has been nominated for Governor. Prove the sincerity of your friendship for him, by rolling up an old fashioned majority of twelve hundred in his favor. In order for you to do so, it is sufficient that you will it. Let us all then commence the Campaign with a HUR-RA FOR the UNITED DEMOCRACY, AND NINE CHEERS FOR OUR GALLANT STANDARD BEARER, GEN. HENRY D. FOSTER.

Death of Hon. Philip Noon

It is with feelings of sincere sorrow that we announce the death of Hon. PHILIP NOON, one of the oldest and most respected citizens of this borough, on last Saturday morning, in the 76th year of his age. He was a native of Ireland, but emigrated to this country about the time he arrived at the years of manhood. He shortly afterwards became a resident of this County and thenceforth it was his permanent home. He was never absent from it for a single day, save in obedience to the calls of business or duty, and in its bosom his mortal remains now await the dread summons which all must obey when time shall be no more. Being possessed of a good education, indomitable energy of character, and talents of an eminently practical character, he soon after his settlement in this County, attracted the attention of its hardy pioneers, and shortly became one of its most useful and prominent citizens. He was Sheriff of the County from, we think, 1812 to 1815. and was soon afterwards elected a member of the State Legislature. He afterwards filled the office of Prothonotary for a number of years, and was appointed one of the Associate Judges of the County by Governor Porter. The last General Newspaper Agent, S. W. Corner Third | named office he continued to hold until December Court, 1851. But it was in the relations of private life, as a

husband, father and neighbor, that his virtues shone with the most resplendent lustre. His greatest pleasure seemed to consist in rendering those around him happy. The mean spirit of envy found no place in his breast, and he was always grateful at beholding the prosperity of his neighbors. "Their welfare pleased him and their cares distressed." Throughout his long life he was a sincere and practical christian, and at least since we knew him, all his serious thoughts seemed to have rest in Heaven. While he fervently loved the religion to which he belonged, he was no bigot; and it has been truly said of him that he was at the same time the courteous gentleman and sincere christian. Never did we meet a man who more sincerely despised detraction, or was more readier to utter a kind word concerning the absent. His mortal remains were followed to their last resting place by an unusually large procession of those who knew, loved and esteemed him in this life. May

For when life's brightest features. Seems darkly clouded o'er, By cares and disappointments For friends we then implore.

To pleasure it inclines.

'Tis then we prize them higher, Worth more than precious gold, For then its truest blessings, To us it does unfold.

Increasing the Supreme Judges .- Judge Bell has just introduced into the Senate a bill to increase the number of Judges of the Supreme Court to six. At the general election one person shall be elected an additional Judge of the Supreme Court, for the term of fifteen years, to be commissioned in like manner, and receive the same compensation as the oth er Judges. After the additional Judge shall be so elected, it shall be the duty of the Court to assign annually, in regular succession, one of their number to hold the Court of Nisi Prius for the period of one year; and during such period he shall hold four terms of the said Court.
