- PRESIDENTIAL ELECTORS. ELECTORS AT LARGE. George M. Keim, of Berks County. Richard Vaux, of Philadelphia.

HENRY D. FOSTER, OF WESTMORELAND COUNTY.

County Superintendent.

The School Directors of this County, will meet in Convention in this place on Monday the 7th day of next month, for the purpose of electing a County Superintendent of Common Schools.

We understand that an effort will be made in the Convention to reduce the salary of the office in this county. We think this would be bad policy.

The Prince of Wales, heir apparent to the British throne, is about to visit Canada. Great preparations are being made for his reception there.

Political meetings are the order of the day in Philadelphia. The Black Republicans are becoming desperate, and the Democracy confident of success.

The recent heavy rains have retarded gardening very much in this vicinity. But never mind; there is plenty of time yet.

The Covode Committee.

The proceedings of the Covode investigation Committee, have thus far elicited only the contempt of respectable men of all parties. No startling disclosures have yet been made, and the indications are that the "upshot" of the matter will be, to place Mr Covode and his backers in a very ridiculous position.

The greatest rogue in a crowd is generally the first to cry "Pickpockets" and "stop thief." It is therefore not in the least surprising, that John Covode who is the corruptest demagogue in Congress, is the loudest of all its members in crying out "fraud and corruption."

Our readers are all doubtless aware, that the Representatives of the American Democracy convened in Charleston, South Carolina, on Monday. The first day would doubtless be consumed in examining credentials effecting a permanent organization &c.

As a matter of course, the hopes of many aspiring politicians and their friends will be blighted in the Convention. But that is a matter of but little importance to the rank and file of the party.

We respectfully direct the attention of our readers to the advertisement of Miss Alice Wharton in our paper this week. It will be seen that she has just opened in this place a large stock of Millinery Goods, and is prepared to carry on the Millinery business in all its branches.

Our friend J. W. Connell, has removed his Saddlery and Harness Establishment from Chest Springs to this place. As he is an excellent workman, those in want of anything in his line should give him a call.

Miss Ann Dougherty has just opened at her store on High Street, an extensive assortment of Millinery and Straw Goods, Ribbons, Flowers &c.

We return our thanks to Mr. J. Patton Thompson, for a package of celebrated gold eyed needles, which we think is far superior to anything we have ever seen.

The attempt to organize a new party to be called the Union Party does not meet with encouragement in any quarter. The Democratic Party is a good enough Union Party for all sincere American patriots.

Nothing of importance has transpired in Congress. The great men of the country appear to be resting from their labors.

Salary of County Superintendent.

We have been furnished with the following extract from a letter addressed to a gentleman in this place, by Mr. M'Comick, the present County Superintendent. It settles the question as to the payment of the salary of the Superintendent. It is drawn from the general appropriation, and not from the fund belonging to the County.

JOHNSTOWN, April 23d, 1860. DEAR SIR:—The Common School Law of 1854 says, that the Salary of the County Superintendent shall be paid by the State Superintendent, from the amount of the State appropriation to be paid to the several school districts for said county.

Mr. Black, the then State Superintendent, considered this language incompatible with the general provisions of the Common School Act, and, consequently, first took out of the State appropriation, enough to meet the demands of the Superintending Department, distributing the balance left pro rata among the several School districts of the State.

The policy has been adhered to ever since by those having control of the School fund. The appropriation has been increased to \$280,000, from which enough is first taken to pay Superintendents, and the balance divided among the Districts. For Cambria County \$800 salary is little enough.

The Departments, in a late decision, intimates that "Directors who vote down the salary to a low figure, so as to present the acceptance of the office by competent men, will be refused the appropriation to the Directors of the County."

Hon. R. J. Walker, Ex Governor of Kansas, recently challenged Attorney General Black to fight a duel. Judge Black promptly declined accepting the challenge. In doing so he showed himself to be a sensible man and a Christian.

Telegraphic Despatches from Charleston state that the outside pressure is in favor of Douglas, and his friends expect his nomination on the fourth ballot. Well, we shall see what we shall see. In a few days more the long agony will be over.

At an election of the Cambria County Agricultural Society, held on Saturday last at the office of P. S. Noon Esq., the following officers were elected for the ensuing year: President.—John Thompson Jr.

The Report of the Secretary and Treasurer were read, and will be published next week. We return our thanks to George Huntley, for a very large and neatly got up Ink Stand, just such a one as we have been looking for.

We respectfully direct the attention of our readers to the advertisement of Miss Alice Wharton in our paper this week. It will be seen that she has just opened in this place a large stock of Millinery Goods, and is prepared to carry on the Millinery business in all its branches.

Our friend J. W. Connell, has removed his Saddlery and Harness Establishment from Chest Springs to this place. As he is an excellent workman, those in want of anything in his line should give him a call.

Miss Ann Dougherty has just opened at her store on High Street, an extensive assortment of Millinery and Straw Goods, Ribbons, Flowers &c.

We return our thanks to Mr. J. Patton Thompson, for a package of celebrated gold eyed needles, which we think is far superior to anything we have ever seen.

More Revelations.

The New York Herald contains an additional series of revelations in regard to the John Brown conspiracy. A correspondence is given purporting to have taken place between Gov. Robinson, Redpath and others, relating to affairs in Kansas and the John Brown raid which contains some curious developments.

The correspondence implicates the leaders of the Republican party in the Brown conspiracy, and shows that the events in Kansas were but preliminary to the raid, at Harper's Ferry, both being parts of the same scheme of revolution concocted and organized four years ago.

When Robinson was examined by the Senate investigating Committee, he asserted that John Brown and Redpath were the only leaders in Kansas who avowed revolutionary designs, and that the Free State party had no connection with them, and would not obey them.

Every day brings out new facts, which more and more fully convince the country of the complicity of the leaders of the Republican party with the desperate attempt of John Brown to create a servile war.

Since the beginning of the present month the following Democratic victories have been achieved: In Connecticut, with the largest vote ever polled, the Republican majority has been reduced from 1,870 to 500 or 600.

In Rhode Island the Republican party has been upset entirely. In Wisconsin, partial returns indicate the election of Dixon, Dem., for Chief Justice of the Supreme Court, by a majority of 5,000.

The recent heavy rains have swollen the western rivers to an extent not known before in many years. In Ohio all the tributaries to the Scioto overflowed their banks, and the Scioto was higher than known at any time previously in twelve years.

Our friend J. W. Connell, has removed his Saddlery and Harness Establishment from Chest Springs to this place. As he is an excellent workman, those in want of anything in his line should give him a call.

Miss Ann Dougherty has just opened at her store on High Street, an extensive assortment of Millinery and Straw Goods, Ribbons, Flowers &c.
