of June has been received. There is great excitement in Western Utah, taused by Indian hostillities. The Indian attacks now extend from Walker River to Honer Lake, necessitating the discontinuance of the Pony Express.

the main body of Indians are concentrated t Tyraven Lake, where Col. Ormsby's party were defeated, and where, as is now ascerniged, over one handred Indians were killed. The enemy are well armed and defiant, and number from 1500 to 3000.

On the 29th of May, Col. Jack Haves, with a party of over six hundred volunteers and Capt. Steward, with sixteen government roops, started for the Indian camp at Wilions station, Carson river, where the first adidn murders occurred. A fight ensued with three hundred Indians, who were detested, with seven killed, including a princihal chief. Two volunteers were wounded.

()n the 31st another party of regulars and colunteers started for Pyramid Lake, with the intention of forcing a general battle with the Indians. Intense anxiety is felt as to the result, for if the troops are defeated the most disastrous Indian war ever known will be invitable. The effect of this disturbance has been to concentrate all the mining population of the Washoe region within a very small compass in the vicinity of the settlements. All the accounts from the new mines inlicate their richness and extent,

The Washoe war is about the only topic of nterest in California.

The complaints touching the management the Vanderbilt steamers are becoming more numerous, loud and earnest. The sufferings of the second cabin and steerage passengers are reported as terrible.

The San Francisco Chamber of Commerce forward, by to day's mail, a memorial to the California delegation to Congress, urging their opposition to the 27th and 28th sections of the proposed Tariff, as being peculiarly unfavorable to the California mercantile interests. A memorial also goes forward for a daily

overland mail, and Congressional encouragement to the pony express. Much anxiety is felt as the latter enterprise, as the express from St. Louis of the 20th, was five days overdue and had not arrived, having probably been cut off by the Indians. The Pory express hence on the 18th and 25th ult , passed brough Carson valley safely, and it is hoped have got through the infested portion of the route without molestation.

The Iowa Hill Stage was robbed on the 29th, by six highwaymen, of \$11,000, in charge of Wells, Fargo and & Co.

There is a general demonstration of rejoiin that portion of San Francisco covered the Santillian claim, recently rejected by be Supreme Court.

A fire occurred at Nevada on the 28th ult. 085 \$13.000

Notwithstanding the Indian hostilities the emigration continues to the Washoe mines. The advices from Oregon are to the 21st, but they embrace nothing in er sting.

A bitter contest exists between the Democrats and Republicans, the latter trying to fuse with the Anti-Lecomptonites on the basis of sending Republican and Anti-Lecompten Senators to Congress. The accounts from the crops of Oregon

and Washington are favorable. The steamer J L. Stephens, from Panama, with the mails from the Atlantic States to the 5th of May, had arrived.

sad Calamity,

Jonas Yoder, an old and highly esteemed citizen of Yoder township was found lying dead in his stable on Monday last. Hearing of his death, and being in the vicinity, we repaired to the house and there learned the following particulars. He had been out in the fields at work in the morning, and returning home about 9 o'clock A. M., told the family he would gear up the team and go to town for a barrel of salt and a barrel of flour, but would not start untill after dinner. Leaving the house, he was seen going in the direction of the barn, and nothing more was thought of it till noon, when the hands employed about the place came home for dinner, when they were told about his protracted absence and some one dispatched to look him up. One of the men went to the barn and found the old gentleman lying just behind his horses. stiff and cold in death. The alarm was instantly given, the neighbors summoned and a justice sent for to hold an inquest. Before Justice Hook arrived, the body was carried into the house. The print of a horse's foot was found upon his shirt bosom, immediately shove the heart. Under the mark upon the shirt a rib was found broken, this with a stratch on his right hand were the only marks violence to be found. The inquest found

kicked by one of his horses. The deceased was a member of the Amish church, and was highly esteemed by all who him as an honest, upright man .- Echo.

WASHINGTON CITY, June 24 - On Monmorning letters will be addressed by the President to the members of the Senate summoning them to meet on Tuesday noon for the despatch of necessary business, which will include the Mexican and Central American

treaties; also several with Indian tribes. It may be considered certain that the Postoffice Deficiency Bill is lost, as there is no Probabillity that a quorum will be present toinstrow in the House to grant another conference with the Senate on that subject, and were this accorded the bill will not rewe the Presidents approval, should the for the restriction of the suspended bail service be retained. Such is the prescut condition of the question. The total expenses for six months inncluded in that bill amount to \$7,000,000. Congress, having presed a special law appropriating the Postages to the contractors for the quarter ending with March, being a little over \$2,000,000, they will have to await for the remainder of he amount due till the next session of Con-

gress. NATURE IS THE GREAT PHYSICIAN .- This is now admitted by the medical profession, as a tundamental principle of healing science. It is wisely provided by the human economy, that whenever anything is wrong in the physical system, the natural forces of the body are brought to bare to expel the disease. The great aim, therefore, is to strengthen the natural powers. This has been kept in view by the skillful compounders of DR. J. HOSTETTER'S BITTERS, which operate to give fresh vitality to all the organs of the body. The effect of this medicine upon the stomach, the liver and the kidneys, are prompt and decisive. The patient who is wise enough to quit drugging, and try the BITTERS, soon feels as if he had taken a new lease of life, and as he continues the use of the article, he is overjoyed to find the streams of health coursing through his frame. Let all from whose cheek the bloom has departed, give Dr. J. Hostetter's Celebrated Bitters a trial. Sold by druggists and dealers generally every-

WHY WILL YOU DELAY?-Why will you neglect that disease which is taking such deep root and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage that pain in the side, the raising blood, those night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of the consumptive? Why act so carelessly by permitting that disease to destroy your health, and hasten you to the tomb from whence no traveler yet returned?

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctified by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice The experience of thousands daily proves that no preparation of Iron can be compared with it.

Innoxious in all malladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Impurities of the blood, depression of vital en-

ergy, pale and otherwise sickly complexions in-

dicate its necessity in almost every conceivable

In Debility. Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruction, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face,

In cases of General Debility, whether the result of acute disease, or of the continued dimination of pervous and muscular energy from Chronic complaints one trial of this restorative has proved successful to an extent which no description nor written attestation would reuder credible. Invalids so long bed-ridden as to have become forgotton in their own neighborhoods. have suddenly re-appeared in the busy world as if just returned from a protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exbaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to Medical men, the operation of this preparation of Iron must necessarily be salutary, for, unlike the old exides, it is vigorously tonic, without being exciting and overheating, and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative or inflicting a disagrecable sensation.

It is this latter property, among others which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by persing the local tendency which forms them. In Dyspepsia innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including

the attendant costiveness. In unchecked Diarrhoea, even when advanced to Dysentary, confirmed emaciating and apparently malignent, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength debiliating cough, and remittent hectic, which generally indicates Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances. In Scrofulous Tuberculsis, this medicated iron

most cautiously balanced preparations of idione, without any of their well known liabilities. The attention of females cannot be too confidently invited to this remedy and restorative, in the caces peculiarly affecting them. In Rheumatism, both Chronic and inflamatory -in the latter, however, more decidedly-it has been invariably well reported, both as alleviating

has had far more than the good effect of the

pain and reducing the swellings and stifness of the joints and muscles. In Intermittent fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and use-

No remedy has ever been discovered in the whole his tory of medicine, which exerts such prompt, happy and fully restorative effects. Good appetitee, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediate-

lyfollow its use. Put up in neat flat mettal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders,

ect., should be addressed to R. B. LOCKE, & Co., General Agents, 20 Cedar St., N. Y. May, 80,1860:ly.
