### LADIES' CHOICE ! FRIDLEY & CORNMAN'S

SELF-SEALING AND SELF-TESTING, AIR-TIGHT, PREMIUM FRUIT JARS & CANS!

These Jars and Cans' being perfectly simple in their arrangement and requiring no cement in order to make them air tight, any one of ordinary judgment car hermetically scal them by simply screwing the cap down tighting after the fruit has been put in hot.

Besides their simplicity and case of adjustment and the impossibility of stoppers blowing out, &c., the greatest advantage is that you can at any time see the condition of your fruit by simply looking at the top of the cover. If the gum gasget is concave the fruit is good; if convex it is going to spoil, but will always show itself in time to be saved.

The absence of this test has ever been a matter of anxiety, and frequently of serious loss to those putting up Fruit or Vegetables.

These are advantages which no other Fruit Jars or Cans in this market possess.

Manufactured and sold wholesale and retail by the subscriber, owner of the right of Somerset and Cambria counties.
