Remarkable Coincidence! Voters of Cambria Read.

The Ebensburg Mountaineer, now owned, conducted and controlled by a Know Nothing, has been assiduous recutly in informing the world, that the fight for Assembly in the present contest, is between G eorge N. In order to confirm this opinion, a long and labored the Democratic party for Assembly, and that dence. But when we remember the fact that never. both papers are controlled by Know Nothings, | Col. We bonestly believe that Mr. Mageban's pro pects of a triumphant election are now quite flattering. He will receive the entire Damocratic vote of several of the strongest Democratic townships in the county. SETEN HUNDRED OF THE PRIENDS OF BRECK INRIDGE, LANE & POSTER IN COUNCIL IN LIT-TLE CAMBUIA

Great Harmony and Enthusiasmi A Mass Meeting of the National Democracy, was held in Carrolltown in this county on-last Thursday, the 20th inst. There were we are certain, at least 700 persons in attendance. The occasion was enlivened by three excellent bands of music, and the enthusaism of the assembled Democracy was unbounded. Cheer after cheer was given for BRECKIN-RIDGE, LANE, FOSTER, M'CALLISTER AND THE COUNTY TICKET which made the welkin ring. Immediately after the arrival of the Munster and Ebensburg Delegations, a beautiful Hickory Pole was raised. From its top, floats a Banner on which is inscribed, in distinct characters, the names of BRECKINRIDE LANE & Fostin. George N. Smith the Friend of Soulless Corporations.

It is a fact not as well known as it should be, that George N. Smith while a member of the Legislature, voted for giving away (for the transaction did not amount to a sale) the State Canals to the Sunbury and Erie Rail Road Company, a soulless corporation. This measure was condemned by the Democracy in every section of the State at the time. was a cunningly devised scheme to enrich a few individuals at the expense of the State .-It is true the Sunbury and Eric Rail Road Company was enriched, but it was at the expense of the honest hard working veomenry of Pennsylvania, who have made it the first State in wealth and importance in the Union. have said that the Canals were given away .-The State really received nothing for them. It was nothing but a sham sale, and this Capt. Smith could not but know at the time.

Aside from this, we have every reason to presume that he is in favor of repealing the three mill tax on the tonnage of the Penasylvania Rail Road Company. A resolution instructing him in the event of his election to oppose the repeal of that tax was defeated, reand is now engaged in stumping the County in Munster, James Kirkpatrick, Sr. Carroll, he is in favr of the repeal of the Tonnage Charles Flick, Alleghany, Jacob Sharbaugh tax. You commence by refering to a conversation which occurred between you and myself at Crawford's Hotel on last Saturday evening. In that conversation, you maintained that a Territorial Legislature possesses the power under the Constitution, to abolish Slavery in the Territory over which its jurisdiction extends, that this is the true doctrine of the Democratic Party on the subject, and that the U.
