P. S. Noon, Esq.,

It appears from the Mountaineer of the 26th ult., that in your speech at Carrolltown on the 22d September. you said that the "Tribune" and "Aileghanian" expected to receive aid from me. Now what reason those papers have to expect aid from me would be hard to show. I do not read them. I occasionally read the "Mountaineer" published over the name of Mr. Lloyd and find that the perusal of one Know Nothing paper is enough.

You of course meant to endorse the lie so industriously circulated, that the friends of Magehan intend to vote for Muilin. So far as you and I are concerned, look at the case As regards myself I have never been and am not now Mr. Mullin's friend. Since 1853. when he betrayed a friend of mine, I have always opposed him. He was the K. N. nominee in 1855 and 1856; during each cam paign I had charge of the Democratic Com-this time, I in company with all good Demo-

In 1858 you, not being able to hold your own in a controversy which you had provoked with me, got Mr. Mullin to assist; at least an article published in your paper was attributed to him, and the authorship has not been disproved by you. That article was peculiarly insulting and not calculated to endear him to me. He was then, as now a bitter

Now looking at the record, which of us is most likely to support Mullin? You were also in trouble about the Washington election, My dear Phil, how could you talk about election frauds, when the Gameleal at whose feet you sat. to learn how to dismember the Damocratic party, was at your side and followed you in a speech? I refer to Mr. R. L Johnston, who figured as a clerk at the celebrated thing in his line, to select just such articles election in Morris township, Huntingdon county, in 1838. How could you shock the very delicate feelings of that gentleman who having taken all the advanced degrees in ballot box stuffing, under Thaddeus Stevens, Dickey and their clique, now travels in this county and outside of it, blackguarding me himself, or has it done by his puplings in the

Mountaineer and his teasers at political meetings. It is to be hoped that his arrangements for rewarding them with the best offices in the county, will be carried into effect about the time that he, in recompense for his attempts to destroy the Democratic party, will be elected President Judge of this district.

While on the subject of Johnston, let me here say another word. As my space in this week's "Democrat & Sentinel" is limited, I

Dear friends once more!"

Democrats of Cambria, the time for talking has gone by, and the hour for action has arrived. On next Tuesday, you will be called upon to exercise at the Ballot Box, the sacred right of suffrage. Are you prepared to exercise that high and holy right of an American Freeman, in the manner that an intelligent Citizen and true Patriot ought to exercise it? We sincerely hope that you are, and that at this dark and perilous crisis in the his tory of our country, you will stand by the National Democracy who have adopted as their rallying cries, "THE UNION AND THE EQUALITY OF THE STATES. THESE ARE THE SYMBOLS OF EVERLAST-ING UNION." If you love your party and desire to see it preserved, if you love your country, if you love your State, vote for Gen. HENRY D. FOSTER, the great statesman, patriot, radical Democrat and advocate of a TARIFF which will protect the great Coal and Iron interest of our noble old Commonwealth, for GOVERNOR.
