NATIONAL DEMOCRATIC TICKET FOR PRESIDENT. JOHN C. BRECKINRIDGE, OF KENTUCKY. FOR VICE PRESIDENT, GEN. JOSEPH LANE, OF OREGON.

"I will attach myself to no party that does not carry the flag and keep step to the music of the Union."—Rufus Cheate.

PRESIDENTIAL ELECTORS. ELECTORS AT LARGE. George M. Keim, of Berks County. Richard Vaux, of Philadelphia.

- 1. Frederick A. Sever, 19. Joseph Lambach, 2. Wm. C. Patterson, 14. Isaac Beckwith, 3. Joseph Crockett, Jr., 15. Geo. D. Jackson, 4. John G. Brenner, 16. John A. Ahl, 5. G. W. Jacoby, 17. John B. Danner, 6. Charles Kelly, 18. Jesse R. Crawford, 7. Oliver P. James, 19. H. N. Lee, 8. David Schall, 20. Joshua B. Howell, 9. Joel L. Lightner, 21. N. P. Fetterman, 10. S. S. Barber, 22. Samuel Marshall, 11. Thos. H. Walker, 23. William Book, 12. S. S. Winchester, 24. Byron D. Hamlin, 25. Gaylord Church.

Who Are Responsible?

The nomination of Hon. Henry D. Foster for the office of Governor, by the Reading Convention, was ratified with remarkable enthusiasm and unanimity by the Democracy in every section of the State. It was hailed as the harbinger of a brilliant victory at the approaching election, and even the opposition acknowledged that our party had selected its strongest and best man for its standard bearer.

John W. Forney, a professing democrat, who was elected clerk of the U. S. House of Representatives last winter by Black Republican votes, determined to reward those who had elevated him to power, by doing his utmost to prevent the party from uniting in support of Gen. Foster. He was not content with opposing with all the zeal of a Black Republican, the plans for uniting the party in support of an electoral ticket, but openly assailed Gen. Foster, by asserting that he was pursuing a timid and vacillating course.

"Already the curse is upon her, And strangers her valleys profane, They come to divide and dishonor, They come but to rivet the chain."

And so an American Patriot might truly have exclaimed, when Douglas and Johnson made their appearance in Pennsylvania. There course throughout showed that they came to "divide and dishonor," and not to strengthen the democratic party. They disorganized the party at the very time when union and harmony in its ranks, were essential to the election of Foster, and the defeat of Curtin. They denounced "fusion," thereby endorsing the course of Forney and his bogus State Convention. The exit of Douglas from Harrisburg was followed by the immediate publication of the Douglas straight electoral ticket. We think, therefore, we are correct in saying, that the responsibility

of the defeat of Foster rests with the Forney faction, Stephen A. Douglas and H. V. Johnson.

It is a humiliating thing to know, that such a man as John W. Forney, can directly or indirectly control the votes of thousands of men in this State who profess to be Democrats; and it is doubly humiliating to know that he can control and use as his tool, a man occupying the position as a Statesman, Stephen A. Douglas now does. But it is even so, and there is no use in denying the fact. The Democracy of Pennsylvania will never be united, until they drive this demagogue and his adherents from their ranks.

The Result.

The result of the election in this State can be told in a very few words. The Democracy have encountered a disastrous defeat.—Andrew G. Curtin is elected Governor by about 25,000 of a majority over Foster, and the Republicans have also secured working majorities, in both branches of the State Legislature. The Democrats have probably elected six members of Congress, and the Republicans 19.—Blair is re-elected by a large majority. For the result in this county, we refer our readers to the official returns of the election which we publish elsewhere. The entire Black Republican County Ticket is elected, and as Tom Hood says, "that's the long and the short of it." Franklin tells us that "experience keeps a dear school, but fools will learn in no other." It is certainly a humiliating spectacle to see the Black Republicans triumphant in our county, but we hope that this severe lesson of experience, will not be entirely thrown away on certain individuals who undertook to "shoulder" the Democratic Party in this county a few months ago. We hope they are now convinced that they cannot by secret arrangements, admit bogus and reject legally elected delegates to a County Convention, tramp up a ticket to suit themselves, and then tell the Democracy that the men who compose that ticket are the regular nominees of the party, and that they must support them under the penalty of being denounced as disorganizers. The rebuke administered to a few ambitious, tricky, reckless, selfish and unprincipled politicians in Ebensburg, by the ever faithful Democracy of Carroll, Munster, Susquehanna, Allegheny, Washington, Croyle &c., was truly withering and is keenly felt. It will assuredly result in good to the party. The elections in Ohio, Indiana, Iowa and Minnesota have also resulted in Black Republican triumphs.

The Contest for Assembly.

Notwithstanding the dishonorable means resorted to in order to defeat Col. M. D. Magehan, Esq., the democratic candidate for Assembly, his friends have just reason to feel proud of the vote cast in his favor at the late election. The vote of several of the strongest democratic districts is almost unanimously in his favor. A report was industriously circulated in Johnstown, Conemaugh Borough, Millville, and other Southern districts, on the morning of the election, that he had declined the nomination, withdrawn from the contest, and that his friends in the Northern districts intended voting for Mullin. By means of this vile falsehood, about three hundred votes were secured to George N. Smith, which would otherwise have been cast in favor of Col. Magehan. In those districts where this report was circulated Capt. Smith received a large vote, while in those where it was not circulated, Col. Magehan bears him badly. Look at the figures.

Table with 3 columns: District, Magehan, Smith. Rows include Allegheny, Blacklick, Carroll, Chest, Croyle, Chest Springs, Carrolltown, Cambria, Clearfield, Ebensburg, Jackson, Loretto, Munster, Susquehanna, Washington.

Thus it will be seen that Col. Magehan has nearly three hundred of a majority over Smith in fifteen districts, in which the report to which we have referred was not circulated. In several southern districts where it was industriously circulated by men who were supposed to have some respect for truth, he did not receive a single vote; in all of them it injured him. Capt. Smith's friends notwithstanding this dishonorable method of obtaining votes for him did not succeed in electing him. He is badly, very badly beaten. The last we heard from him, he was at the head waters of Salt River, actively engaged in proclaiming to the world his determination to devote the next four years to rewarding his friends and punishing his enemies. Glad we are one of his friends.

Carroll Township.

The friends of George N. Smith were very loud in boasting previous to the election of the large vote he would receive in the above named township. In making their calculation they would not agree to put it down at less than 200 for Smith. Well, the election is over, the returns from Carroll have been received, and behold the result; Magehan 146, Smith 41. Magehan's majority 105. Nine cheers for the gallant and unflinching democracy of Carroll!

The Electoral Ticket.

A meeting of the Democratic State Executive Committee was held in Reading on last Friday the 12th inst. A resolution rescinding the resolutions adopted by the Committee at Philadelphia and Cresson, and recommending the party to support the electoral ticket as first nominated by the Democratic State Convention at Reading was unanimously adopted. We presume, this was the best thing the committee could do under the circumstances.—We have not the slightest disposition in the world to grumble. Like honest Sancho, we are thankful for what we have received, and will not therefore look the gift horse in the mouth. The Reading electoral ticket contains some "rotten timber," but the majority of the men who compose it are reliable democrats; and as it was fairly and regularly nominated, it is of course entitled to the support of every democrat in the State. We will do all in our power to secure its success.

Savage.—Our trusty and well beloved friend, Capt. Smith, announced in the Echo last week, that he intends turning his attention hereafter, to rewarding his friends and punishing his enemies. We learn that his intention is, to reward his friends by presenting each of them with a leather medal and a deed for one square mile of land on the Rocky Mountains. His enemies will be punished by placing their fingers in a split stick; the very place the Captain's have been since the second Tuesday of October. Come, Captain, "don't take on so." There is no use in crying over spilt milk. Come up to Ebensburg and we'll make it all right with you, by all stepping over to Wissel's and imbibing several glasses of small beer, and joining in that good old rollicking song in O-thello.

And let us the Canakin clink, clink, A soldier's man, A life's but a span, Why then let a soldier drink.

Breckinridge and Lane.

Our standard bearers in this present campaign, are every day gaining strength in the Southern States, and will certainly carry every State South of Mason & Dixon's line.—Nearly all of Mr. Douglas's friends in Virginia have abandoned him and gone over to Breckinridge, and the same may be said of Missouri. Mr. Douglas instead of strengthening, weakened himself by his electioneering tour in Virginia. When he came his friends welcomed him as a patriot and statesman, when he left they regarded him as a selfish office seeking demagogue. The political records of Breckinridge & Lane are staidness, and defy the closest scrutiny of their enemies. They have always been the devoted friends of the Union and never like Douglas and Johnson, give aid and comfort to Northern Abolitionists, and Southern Fire Eaters. They are the candidates whom every National man in the country should support.

THOSE 20 VOTES.

The Mountaineer, the week before the election, confidently asserted that Col. M. D. Magehan, would not receive 20 votes in this Borough, and called on its readers to mark the prediction. Well, we for one did mark the prediction, knowing, as every one in this town who perused it at the time knew, that it was false. Well how has this prophecy been fulfilled? A glance at the returns will show that Mr. Magehan received in this Borough just forty four votes—24 more than the number conceded to him by the Mountaineer.—And yet the Mountaineer claims to be a reliable & truth loving Newspaper. Who will believe that it is such, after this contemptible effort to injure Mr. Magehan abroad, by endeavoring to get up the impression that he was unpopular at home.

The Republicans of our borough on last Saturday evening had a small "glorification," over their recent victory. The "wide awakes" paraded our principal streets, after which we understand several speeches were delivered in the Diamond. We are pleased to be able to state, that they conducted themselves like gentlemen throughout. All right gentlemen. Let those laugh who win. Our turn will come next time.

UNION FOR THE SAKE OF THE UNION.

The National men of the State of New York, have united for the purpose of preventing Lincoln from triumphing in that State in November. Breckinridge men, Douglas men and Bell men, all cheerfully endorse the arrangement. This is an example worthy of imitation on the part of the National men of our State. Notwithstanding our recent discouraging defeat, we believe that a union of National men can be effected in Pennsylvania, which will prevent the election of Lincoln, and the consequent triumph of sectionalism. But the arrangement must be consummated at once.—There is now no time for hesitating or delaying.

COLORED MEN OF PITTSBURG & VICINITY.

You are requested to meet and form yourselves into WIDE AWAKE clubs immediately, for the purpose of furthering the interest of the friend of the human race, ABRAHAM LINCOLN. Our colored brethren had a tremendous demonstration in Boston recently. Already New York has spoken in favor of universal suffrage. "They who would be free themselves must strike the blow." And if colored men would have their rights, they should move for the success of their friends. Do not leave the Dutch and Irish monopolize all the honor of electing Lincoln and Hamlin. Colored men have a right to act at the Polls as a Vigilance Committee for the prevention of illegal voting.—John Brown, the hero of Harper's Ferry is yet to be avenged.

OSSA VATTOMIE.

The Pittsburg Dispatch is of the opinion, that the next Legislature will stand as follows; 25 Republicans to 6 Democrats in the Senate, 67 Republicans to 33 Democrats in the House. Republican majority on joint ballot 51.

A fusion of the Douglas and Breckinridge men has been effected in the State of New York. It will probably result in the defeat of Lincoln.

It is a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious.—We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. Hostetter has given to the world, in his CELEBRATED "BITTERS." The weak and nervous denizen of the counting house, the exhausted toiler upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful restorer in the "Bitters," and prefer it to no more potent, but less efficacious medicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial? Sold by druggists and dealers everywhere. See advertisement in another column.

A Great Medicine for Females.

Hundreds of stimulants have been invented and sold, purporting to be specific in the various diseases and derangements to which the delicate form of woman render her subject. The result of all these stimulants has been to impart momentary activity to the nervous system, and false vigor to the muscles; but this relief has been succeeded by a depression and prostration greater than before; and the repeated attempts of invalids to build themselves up by these false remedies, have finally ended in destroying what little vitality was left. But in using "Barberr's Holland Bitters," you will find no such disastrous results. It is purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor Barberr. Under its influence, every nerve and muscle receives new strength and vigor, appetite and sleep return, and finally, perfect health. See advertisement in another column.

PENNSYLVANIA STATE ELECTION.

The following table shows the majorities for Governor in the counties heard from.

Table with 3 columns: Counties, Curtin, Foster. Lists counties like Allegheny, Adams, Armstrong, Beaver, Bedford, Berks, Blair, Bucks, Bradford, Butler, Centre, Carbon, Clinton, Clearfield, Crawford, Columbia, Cumberland, Cambria, Chester, Clarion, Dauphin, Delaware, Erie, Franklin, Fulton, Fayette, Greene, Huntingdon, Indiana, Jefferson, Juniata, Lehigh, Lancaster, Lawrence, Lebanon, Luzerne, Lycoming, Monroe, Montour, Mercer, Mifflin, Montgomery, Northampton, Northumberland, Perry, Pike, Potter, Philadelphia, Somerset, Snyder, Schuylkill, Susquehanna, Tioga, Union, Venango, Warren, Wayne, Westmoreland, York.

LATER FROM EUROPE.

Boston, October, 12.—The Cunard screw steamship Etna, from Liverpool on the 29th ult., arrived at this port this morning. Her arrivals have been anticipated, but her mail furnish us with some additional particulars.

Lord John Russell's note to Sir James Hudson, British Minister at Turin, expresses the fear that the attacks against the Roman States, and the Kingdom of Naples may lead to an attack upon the possessions of Austria, in Venetia. If the King of Piedmont was not at liberty to accept the preliminaries of Villa Franca and treaty of Zurich, now that he has pledged his royal word he is not at liberty to attack a nation with which he is garrisoned to live in peace and friendship. Should such an event occur, Italy would again be exposed to all the chances of uncertainty. Garibaldi has consented to the request of the deputations of Venetians to publish a journal in Naples for the purpose of exciting the people of Venetia to a general rising. He told them that the present war was the only national one which could give them a country. Our battles are so many marches in our progress to the Alps, on the summit of which alone we will stop. He authorizes them to act as an association for the purpose of raising outsiders for all kinds of insurrectional war making.

The Kings soldiers at Jaeta, had demolished the residence of the French Consul under pretence that there was a convulsion between him and Garibaldi. The Consul was absent at the time.

A formal order had been given to the Piedmontese commander, to avoid a conflict with the French, and even a discussion of any point whatever with the French commander. It is said that Parici is to retire as a compromise between Garibaldi and the Cavour administration. The commander of the Fort of Baria, near Naples, still resists, and threatens to blow up the fortress. Turin, September 28.—Farini accompanies the King to Florence and Bologna. A Sicilian deputation is expected to day to pay homage to the King.

LATER FROM CALIFORNIA.

St. Joseph, October 8.—The Pony Express press from California arrived to night, and the following summary: On the 22d ult., while the British frigate Terzaguet was being placed on the Government dry dock, at Mare Island, one of the sections gave way, which was followed by the others, and in a few minutes the whole dock was a complete wreck. The ship was with difficulty extricated, and much damage. It will take several weeks, and will cost \$200,000 to repair the dock.

The Pony Express, with St. Louis mail, arrived at Carson Valley this morning. William C. Marley, an agent of the Express, has just returned to San Francisco, having stocked four hundred mules of the route Eastward. The Express is to make better time when desirable.

A fire occurred at the town of Packer, Contra Costa county on the 24th, destroying nearly \$20,000 worth of property, about half of which was insured.

There is no new feature in the political canvass. Accounts from Carson Valley, as well as from the new Core silver mines, near Orest Lake, are encouraging, and public confidence in them is increasing. The San Francisco assayers express astonishment at the richness of the specimens of ore received from the latter mines.

Oregon dates by the steamer and Oregon Mail are to the 24th from Portland, and the 20th from Salem, where the Legislature sits. The Senate continued adjourning day to day without a quorum.

A report was circulated of a contemplated compromise between the Douglas and Breckinridge Democrats, giving each party a Senator, on the condition that the Breckinridge Senators would return and vote the Senate a legal organization.

The Lower House passed a resolution, the 20th, inviting the Senate in its adjourned condition to meet in joint session, the next day, and proceed at once to the election. Since then no accounts have been received from Salem.

The Douglas and Breckinridge party each held a convention, and nominated electoral tickets.

The mining news from Oregon and British Columbia is very glowing.

The New Rock Creek gold mines, the silver mines near Fort Hope, and all the localities from which mining accounts are received send out such reports as are here credible.

The schooner Woodpecker had arrived Victoria from London. The census returns give Washington Territory 2,000 population.

The brig Orkut arrived at Victoria on the 13th, 31 days from Hackada, Japan. She went for a cargo of notions, but found the Japanese so unwilling to observe the treaty that she did not obtain a cargo. The Captain states that American dollars were 30 per cent. discount, and American and other goods at the same rate.

The French Minister at Jeddah has resigned, as his representation are all quite untenable in respect to the treaty.

The Japanese had concluded a new treaty with Portugal.

There was a little later news from China, but a large English and French force had scrambled and it was rumored that the Chinese would make a great resistance, and desperate fighting was expected.

The Germans Consigned to War Quarters by a Republican Orator.

Elijah W. Green, of Columbus Grove, Hamilton county, Ohio, recently delivered the following speech in the Republican County Convention:

Mr. Chairman.—It is claimed by some here to-day that it is not policy to assume a full ticket on account of the Dutch. We suppose that we should not nominate a man against Rotheman. I say, Mr. Chairman, we don't want to favor the Dutch. We don't want to borrow any Dutch votes nor do we want any white votes. If they don't want to vote our ticket, let them go to Hell. We have white votes enough and can do without them. Neither do we want the Irish Catholic in our party. We have white men in our party, and don't want the Irish and the rest of us to oppose Rotheman, because he is a Dutchman. We in Pennsylvania will oppose him for that very reason.
