HOSTETTER'S STOMACH BITTERS

The proprietors and namina turers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown, A few facts upon this point will speak more powerfully than volumes of bare assertions or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles and from its manifest steady increase in times. past, it is evident that during the coming year

the consumption will reach near one million bot-tles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction, of the most prominent physicians in those 'sections of the country where the article is best known. who not only recommended the Bitters to their tax, or on failure to produce a receipt, shall make | patients, but are ready at all times to give testinonials to its efficacy in all cases of stemachic derangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpet-ing the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is dos tined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bihous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsic and like diseases, is to the proprietors a source of unalloyed pleasure. It re moves all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon'restores them to a condition essential to the

healthy discharge of the functions of nature. Elderly persons may use the Bitters daily a per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejevenuting generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derange ments and general debility; acting under the ad vice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of thi article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mother and child is so absorbing

ly tender, that the mother. especially if she be young, is hpt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer serson, the wear of body and mind is gegerally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers g ally prefer the Bitters to all other invigorators that receive the endorsement of physicians, by cause it is agreeable to the taste as well as certain to give a permanent increase of bodyily strength. All those persons, to whom we have particu larly referred above, to wit: sufferers from fever and agne, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannated invalids, persons of sedentary accupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
