SELF-SEALING AND SELF-TESTING, AIR-TIGHT, PREMIUM FRUIT JARS & CANS! These Jars and Cans being perfectly simple in their arrangement and requiring no cement in order to make them air-tight, any one of ordinary judgment can bermetically seal them by simply

screwing the cap down tighter after the fruit has been put in hot. Besides their simplicity and ease of adjustment and the impossibility of stoppers blowing out, &c., the greatest advantage is that you can at any time see the condition of your fruit by simply looking at the top of the cover. If the gum gasget is concave the fruit is good; if convex it is geing to spoil, but will always show itself in time

The absence of this test has ever been a matter of anxiety, and frequently of serious loss to those putring up Fruit or Vegetables. These are advantages which no other Fruit Jars or Cans in this market possess.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of BOG-TETTER'S CELEBRATED STOMACH BIT. TERS can appeal with perfect confidence to thesicians and citizens generally of the United dister because the article has attained a rejutation. heretefore unknown, A few facts upon this point will speak more powerfully than volumes of bare assertions or bluzouing puffery. The contumption of Hostetter's Stots ach Bitters for the last year amounted to over a half million bottles and from its mamilest steady increase in times past, it is evident that during the country year the consumption will reach near one million butties. This immense amount could rever bave been sold but for the rare medicinal properties contained in the preparation, and the sauction, of the most prominent physicians in these sections of the country where the article is best known, who not only recommender the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stoheachie derangements and the discuses resulting therefreta

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum pering the qualities of the bitters, but a solid estly mation of an invaluable medicine, which is destiped to be as enduring as time itse f. Hestetter's Stomach Bitters have preved a

Should the period of maternity arrive during the summer tesson, the wear of body and mind is generally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing moti ers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, ba-cause it is agreeable to the taste as well as certain to give a permanent increase of bodyily
