Mr. Lincoln'proceeded, with Mr. Buchanan POND'S EXTRACT OF HAMAMELIS, OR and the Committe of Arrangments, to the White House. On reaching the Executive. Avenue, the troops formed in a double line in the main avenue, and the barouche containing the Presidential party passed through to the mansion. Mr. Buchanan accompanied Mr. Lincoln to the main hall and there took leave of him, expressing the hope, in cordial terms, that his administration might prove a happy and prosperous one. The ex-President then retired to the residence of District Attorney Ould, where he will sojourn till his departure from the City to-morrow evening. On the arrival of the procession at the White House, the Marshals of the day were succesgirely introduced; then, a line being formed, the people rushed in to congratulate the new President. Thus ended for the day the inauguration ceremonics. Everything passed

The ampliest civil and military preparations had been made by the municipal authorities and by General Scott, to provide for any emergency that might arise. The various bodes of troops were stationed in different parts of the city, the Sappers and Miners alone bewas near the Copitol, with Capt. "Everything is going on peaceably; thank God for it.

The display of soldiers in the procession was fine, but not equal to the display on the 22d of February. The companies were quite as numerous, but smaller in size

The Republican association paraded in the der of the march immediately after the ex-President This organization had a sort of transhelest, drawn by four white horses, over each of which was thrown a long white with cover, with the word "Union" in large letters. The word "Constitution" was on each side of the car. The car was decorated with miniature & igs, and red, white and blue drapery, and contained thirty four little girls. representing the States, and two young ladies supfying respectively the North and South. The whole affair was under the charge of ten Wide Awaker, in full unif rm. Five hundred delegates from New York were in the procession, wearing badges with the word New York" there-on. Worms .- In a quantity of corrupted matter, there is always to be found a nest of worms. They cannot, neither will they stay anywhere else. Weak stomach and bowels are subject to them, as they have not sufficient power to digest their food. Hence a large heap of matter is odged, and worms must be the result. A few doses of these pills will disturb them in their nest and drive them out of the system. It should be remembered, that an occasional dose when in health, especially after taking cold, will prevent the disease from forming in the body.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of BOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to playsicians and citizens generally of the United States because the article has attained a reputation heretefore unknown, A few facts upon this point will speak more powerfully than volumes of bare assertions or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bettles and from its manifest stendy increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sauction, of the most prominent physicians in those sections of the country where the article is best known. who not only recommended the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stemachic

This is not a temporary popularity, obtained by extraordinary chorts in the way of trumper ing the qualities of the Bitters, but a solid estimeation of an invaluable medicine, which is destined to be as enduring as time itself.

derangements and the diseases resulting therefrom

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and agne and various other bihous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsiz and like diseases, is to the proprictors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature,

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to confort declining years, as it is pleasant to the palate, is vigorating to the bowels, excellent as a trule, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general delethty; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mother and child is so absorbing ly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer sesson, the wear of body and mind is gegerally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing nothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as cer tain to give a permanent increase of bodyily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarri ma, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superanuated invalids, persons of sedentary accupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
