Democratic County Committee.

Augustin Durbin, Chairman. Allegheny—Michael McGuire, Blacklick—Joseph S. Mardis...

The Crisis.

The intense excitement which agitated the country from its centre to its circumference immediately after the announcement of the surrender of Fort Sumter...

There is one circumstance calculated to impart a tinge of brightness to the almost universal and impenetrable gloom of the present hour—the unanimity with which the citizens of the loyal States...

Between their loved homes and the war's desolation,

is the prayer of every true patriot in the land. The cause which they uphold is just, and we have therefore every reason to hope that heaven will eventually crown it with success.

should have been laid in ashes immediately after the attack on the U. S. troops by the secessionists of that city. But although the provocation was great, he was right in refraining from doing so.

Trouble in the Old World.

The political horizon in the Old World is now almost as dark and lowering as in the New. The active military preparations which have recently been going forward in France, Austria, Prussia, Russia and England...

A Liar and Scoundrel.

The Blairsville 'Journal' edited by an obscure quack, named Dr. Getty, places the 'Democrat & Sentinel' on a list of secession news papers in this State, which it published last week, and charges us with favoring the Southern rebellion.

Our Volunteers.

Another requisition being made by the President for 25,000 troops from this State, the Ebensburg, Gallitzin and Wilmore companies, will doubtless be ordered to the rendezvous at Harrisburg or Pittsburg during the present week.

Messrs. Davis, Jones & Co., have kindly consented to furnish us weekly with a report of the Ebensburg Market. This we are certain will prove interesting to our country subscribers.

A friend from Loretto informs us that nearly all the houses in that place have flags—the glorious Stars and Stripes of our Country—floating over them, and that the ladies are all for Union to a Man.

The President has issued his Proclamation announcing that he has deemed it advisable to set on foot a blockade of the ports of the seceded States.

The members of the Cambria Guards have been in town during the present week, awaiting marching orders.

The citizens soldiery of Old Westmoreland have responded promptly to the call of their Country for troops to put down the rebellion.

The publication of the Johnstown Echo has been discontinued for the present, in consequence of the hardness of the times.

The editor of the Huntingdon Globe announces that he will issue his Paper twice a week during the continuance of our national troubles.

In pursuance of the call of the Governor, the members of the Legislature met at Harrisburg yesterday, for the purpose of holding an extra session.

Forts McHenry and Carroll, near Baltimore, were reinforced on last Saturday.

All the Pennsylvania men who have received commissions, are commissioned for three years.

We hazard nothing in saying, that no two Counties in the U. S. have responded more promptly to the call of our Country for troops, to put down rebellion, than little Cambria and Blair.

None but a physician knows how much a reliable alternative is needed by the people. On all sides of us, in all communities, everywhere there are multitudes that suffer from complaints that nothing but an 'alternative' cures.

THE FEMALE ORGANIZATION is often as frail as that of a tender flower. Many of the sex enter into marriage relations without being able to undergo the labors and trials of maternity.

There's a language that's mute, there's a silence that speaks. From the deepest recesses of the heart; 'Tis a flood of strong feelings, and often it breaks.

THE GRAVE is sacred and hallowed, when the grass of the church-yard can cover all memory, save that of love.

Five of the sweetest words in the English language begin with the letter H: heart, hope, home, happiness, heaven.

From Col. Albert Pike, M. C. from Ark's. WASHINGTON, D. C. June 11, 1856. 'I have used two bottles of your BEEHIVE'S HOLLAND BITTERS, and have found it very useful in cases of Indigestion and Headache, and recommend it to all who need a pleasant and efficacious remedy and valuable tonic.'

The late High Sheriff of Allegheny county has given us the following: 'I was afflicted with Debility of the Digestive Organs amounting to a severe attack of Dyspepsia, which had reduced my flesh considerably. My wife was also afflicted under same circumstances, and with same disease. Having used your medicine called BEEHIVE'S HOLLAND BITTERS, we both obtained relief, and are happy to afford you this public evidence of its value.'

JOHN FORSATH, Pittsburgh, Jan. 22, 1857.

News from Baltimore. Lieut. Parker of the U. S. Navy, who left Baltimore at 4 p. m., Sunday, and who has just arrived via Wheeling, has called to give us the latest news from Baltimore.

The Fort McHenry could not well shell Baltimore, as it was distant about three miles; that there were about three hundred men there, all believed to be loyal.

The citizens soldiery of Old Westmoreland have responded promptly to the call of their Country for troops to put down the rebellion.

The publication of the Johnstown Echo has been discontinued for the present, in consequence of the hardness of the times.

FEVER AND AGUE! CHILL FEVER! DUMB AGUE!

It is not a very difficult thing to break the ague—that is, for a time to sear it over the system with Quinine, Arsenic, or similar poisons. But a vegetable medicine which not only breaks the fit, but eradicates it from the system is a remedy worth having.
