D. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon to constitute in Hydrogen, Saturated by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

It is useful in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:—

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incessant Consumption, Scrophulous Tuberculosis, Stomachic, Menstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from Chronic complaints one trial of this restorative has proved successful. In those cases in which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from a protracted travel in a distant land. Some very singular instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguinosis, exhaustion, critical changes, and that complicated of nervous and dyspeptic extension to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to Medical men, the operation of this preparation of Iron must necessarily be salutary, for, unlike the old oxides, it is vigorous tonic, without being exciting and over-heating, and gently, readily absorbed, even in the most obstinate cases of constiveness without ever being a gastric purgative or inducing a disagreeable sensation.

It is this latter property, among others which makes it so remarkably efficient and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dissolving the local tendency which forms them.

In Dyspepsia innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant costiveness.

In unchecked Diarrhoea, even when advanced to Dysentery, confirmed emaciation and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incessant Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrophulous Tuberculosis, this medicated Iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this *remedy and restorative*, in the cases peculiarly affecting them.

In Rheumatism, both Chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exertion, immediately follow its use.

Put in every bottle a box containing 50 pills, price 50 cents per box for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

This gentleman has spent the greater part of his life in traveling, and has visited Europe, Asia, and Africa, and is a Native American—has spent three years with the Indians of his own country. Dr. Moore was the first to establish a system of medicine that has since become the basis of the world's health and life depended upon their strength.

When the various passages become clogged, and do not act in perfect harmony with the various functions of the body, the blood becomes thick, corrupted, and diseased, thus causing all kinds of sickness and distress of every name; our strength is exhausted, our health is impaired, and our life is in jeopardy. It is in this way that the Indian Root Pills are first discovered.
