SUDDEN WAKE-UP AT NEW OBLEANS-A gentleman direct from New Orleans, gives a most interesting account of affairs in that city, and also on the route thence. For the first time, he says, the South are convinced that the North is in earnest. A batch of New York papers were sold there about ten days ago, and the whole city fairly rang with the effect produced by the news therein contained. Up to that time it was very generally believed that not only the North en masse would not respond to the call of the Hohman, Johnstown; John A. Blair, Isaac President, but that a party would be formed whose fundamenral basis would be, "Hands off from the South." Crowds of people gathered about the bulletins, where the news venders had posted the papers as signs, and so great became the tumult that the police authorities were compelled to interfere and order down the papers .-The utter stagnation in business circles canses a deep gloom to pervade whole streets, and were John Eisensehr, Francis Sitz. While in this condition, oppressed by the derangements, take Ayer's Fills, and see how directly they restore the natural ac-tion of the system, and with it the baoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangecons distempters. The same purgative effect expect them. Caused by similar obstructions and decomplete them. derangements of the natural functions of the body, they are rapidly, and many of them surely, curved by the same means. None who know the virtues of these Pills, will

neglect to employ them when suffering from the disor-ders they ence. Statements from leading physicians in some of the principal cities, and from other well known suble per-sons.

From a Forwarding Merchant of St. Louds, Feb. 4, 1555. Dr. ATEE: Your Pills are the paragon of all that is great in medicine. They have curred my little diagneter of alcorrows sores upon her hands and feet that had proved incurable for years. Her mother has been long greated onsly afflicted with blotches and pinples on her skin and in her luit. After our child was cured, she also tried over this source the source of the second your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartoright, New Orleans, Your Pills are the prince of purges. Their excellent qualifies surpass any esthartic we possess. They are mild, but very cortain and effectual in their action on the bowels, which makes them invaluable to us in the daily reatment of disease

Headache, Sick Headache, Foul Stomach. From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you schaf com-plaints I have cared with your Fills better than to say all that we ever treat with a purgetire medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Fills afford us the best we have, 1 of course value them highly.

DR. J. C. ATER. Sir: I have been repeatedly cured of the worst *hondache* my boly can have, by a dose or two of your Pills. It seems to arise from a foul storach, which they cleanse at once.

Yours with great respect. ED. W. PREBLE, Clerk of Stormer Christi

Billious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably stapied to their pur-pose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my prac-tice proved more effectual for the cure of billous complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is wor-thy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1850. Sth: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitute to say they are the best cathartic we employ. Their regu hating action on the liver is quick and decided, conse-quently they are an admirable remedy for decangements of that organ. Indeed, I have seldom found a case of *bilious discuse* so obstinute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital
