A NIEW **DEMOCRATIC MORNING PAPER!**

With a view to meet a universally admitted want, the undersigned will issue on Monday, the first of July next, a morning Penny Paper, to be called "THE UNION."

The great mission of the Democratic Party, which has ever stood as the bulwark of the Union and the champion of the Constitution, renders its entire unity and bold attitude in this hour of National peril a matter of vital concern. The pending struggle is not less for the maintenance of a United Country than for the Perpetuation of Democratic Principles, as expounded by Jefferson and Jackson. The most momentous results hang upon the issue. Mere party questions are for the time by common consent adjourned. The past is dead, save in its lessons

of experience. The Democratic hosts have not shrunk from their full share in the responsibilities and dangers of the emergency. They have rallied with one and it entirely removes the disease from the accord around the standard of our common country. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown, A few facts upon this point will speak more powerfully than volumeson bare assertions or blazoning puffery. The con-sumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction, of the most prominent physicians in those sections of the country where the article is best known, who not only recommended the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trumperng the qualities of the Bitters, but a solid esti-

mation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bihous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous systefor giving it that tone and energy indispensable st the restoration of health. It operates upon the domach, liver, and other digestive organs, milaly but powerfully, and soon restores them to condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic. and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods whentheir cares are so har rassing that many of them sink under the trial. The relation of mother and child is so absorbing ly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is gegerally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable THE SUBSCRIBER will cheerfully send (free | the mother to bear up under her exhausting triof charge) to all who desire it, the copy of als and responsibilities.
