OFFICIAL DESPATCH OF GENERAL McCLELLAN.

FEDERAL LOSS, 13 KILLED AND 40 WOUNDED.

REBEL LOSS, 200 KILLED.

ONE THOUSAND PRISONERS TAKEN.

WASHINGTON, July 15, 2½ P.M —The following important despatch has just been received by the War Department:

HUTTONSVILLE, July 14th. 1861.

Col. E D. Townsend, Assistant Adjutant Gen.:—DEAR SIR: Gen. Garnett, of the rebel forces has been completely defeated. We have taken all his baggage and 7 guns. His army is completely demolished.

Gen. Garnett is among the killed.

The rebels are now completely annihilated in Western Virginia. Our loss is thirteen killed, and not over forty wounded. The enemy's loss is fully two hundred killed, and we have taken over one thousand prisoners. Seven guns have been taken in all. I will look with hopes to the capture of the remnants of Garnett's army, by Gen· Hill.

The troops defeated were the crack Regiments of Eastern Virginia, aided by Georgians, Tennesseeans and South Carolinians. Our success is complete, and Secession is crushed in this part of the country.

The Volunteer Bill.

INQUIRY INTO THE WAR DEPARTMENT CONTRACTS.

WASHINGTON, July 12 —The volunteer bill, which passed the house to-day, has yet to be acted upon by the Senate. The President is authorized to accept the services of 500,000 volunteers. The appropriation of $500,000 000 was stricken out, for the reason that the money for their support will be provided for in some other bills.

Mr. VAN WYCK's amendment was voted down. It proposed that the Chaplain, or other competent person of every regiment, be appointed Post master, to frank letters and papers for all officers, musicians and privates, the matter so franked to be carried free of postage, and also received without charge. Similar privileges were likewise proposed to be extended to those in the service of the Navy and Marine corps. The House, however, adopted an amendment that letters to or from soldiers be exempted from the pre-payment of postage, leaving it to be paid by the recipient. The bill provides liberal bounties for re-enlistments.

The House Select Committee, to examine into the War Department contracts, will immediately proceed to business. The first subject of inquiry will be in reference to the character of the steamer *Catalina*.

It appears, by an order just issued, that the Quartermaster's Department will provide horses, and the Ordnance Department will furnish horse equipments for volunteer cavalry companies, upon the requisition of the mustering officer, as fast as such companies are mustered into the service.

SPECIAL NOTICES.

EVERY SUMMER the demand for HOSTETTER'S Celebrated Stomach Bitters increases. It is found to be the only certain preservation of bodily strength during a period when the atmosphere is calculated to induce a feeling of lassitude and indegestion. The worst cases of Diarrhœa, and Dysentery give way to its potent influence. Innumerable persons, who are now alive and well, must thank the discoverer of this preparation that they have not been swept away in the harvest of death. The Bitters is recommended by the best physicians in the land. This is the best evidence of its real value, because, as a general thing, they will not speak a word in favor of advertised preparations. They have been compelled to acknowledge the claims of the Bitters upon the community. Sold by all druggists.

Boerhaves Holland Bitters.

The Philadelphia *Argus*, in speaking of the late exhibition held in that city by the Franklin Institute, says:

"In noticing medicines, we are always extremely cautious unless satisfied of the merits of the article. Among those exhibited, is the celebrated Holland - itters. This medicine has been extensively introduced into every State in the Union, and into the Canadian Provinces, principally within the last two years. The exhibition shows testimonials in every language known in America, among which we notice one from the late Hon. John M Clayton, of Daleware."

"Dyspepsia, Headache and Indigestion, by which all persons are more or less affected, can usually be cured by taking moderate exercise, wholesome food, and a dose of Boerhave's Holland Bitters one hour before each meal."—*Baltimore Sun*

HOW TO PRESERVE BEAUTY.—Nothing is more becoming to a man or woman than a beautiful luxuriant head of hair, and a womans beauty is certainly incomplete without a fair complexion, and he or she who neglect these great and important adornments of nature must expect to suffer the mortification of premature baldness, and a wrinkled face and a sallow skin. Nothing is necesary to preserve these essential attractions bur the use of prof. Wood's Restorative.—*Louisville Times.*

PROF. WOOD'S HAIR RESTORATIVE —We have had the occasion to use famous preparation of Prof Wood's, and after throughly testing its qualities, we find that where the hair is thin it will thicken it, if gray it will restore it to its original color; likewise it gives a glossy appearance, as well as keeps the hair from falling off. This invaluable ingredient is for sale at "Chinaman's Tea Store," south east corner Frederick and Baltimore streets, by Mr J C Given.—*Baltimore Clipper* —Sold by all good Druggists.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite, in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore Read the following:—

Oak Grove, S. C. June 24th, 1859.

PROF. O. J. WOOD: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Resorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the road side, from which my head received a most terrible blow; causing a great deal of iritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dopping, however up to the time of its total disapearance, I employed evrything I could think of, being a profissional man myself and, as I thought, understanding the nature of disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as ever I saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Office of the Jeffersonian, Philippi, Va., Dec 12th, 1858.

Dear Sir.:—I feel it my duty as well as my pleasure, to state to you the following circumstance which you can use if you think proper. A gentleman of this place, (a lawyer) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after useing some two or three bottels his hair grew out quite luxrrently, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

THOMPSON SURGHNOR.

Dr. Wood: Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the appleation of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. S. THALBERG.

The Restorative is put up in bottles of three sizes, viz; large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for three dollars per bottle.

A NEW
DEMOCRATIC MORNING PAPER!

With a view to meet a universally admitted want, the undersigned will issue on *Monday, the first of July next*, a morning Penny Paper, to be called "THE UNION."

The great mission of the Democratic Party, which has ever stood as the bulwark of the UNION and the champion of the CONSTITUTION, renders its entire unity and bold attitude in this hour of National peril a matter of vital concern. The pending struggle is not less for the maintenance of a United Country than for the Perpetuation of Democratic Principles, as expounded by JEFFERSON and JACKSON. The most momentous results hang upon the issue. Mere party questions are for the time by common consent adjourned. *The past is dead*, save in its lessons of experience.

The Democratic hosts have not shrunk from their full share in the responsibilities and dangers of the emergency. They have rallied with one accord around the standard of our common country. But the occasion imposes other duties. The Government will demand and receive the willing support of every patriot, in its efforts to to vindicate the National honor and re-assert the National authority; but the *Preservation of Constitutional Liberty* rests more with the people than with Congresses and Cabinets. Vigilance and Unity are therfore specially requisite in the present juncture.

It is the purpose of the Proprietors to make "THE UNION," in every respect a first–class Journal. The Democracy of the whole State feel the need of a bold and vigorous Metropolitan daily; and no effort will be spared to render "THE UNION,, both popular and efficent as a newspaper, and as a fearless exponent of the great principles for which the Democratic party have ever contended, and which are now so unhappily imperilled.

The Proprietors have perfected such arrangements as will place the enterprise, from the beginning, upon a substantial business basis, with abundant means to make a Newspaper second in interest and ability to no other in the city: and while the paper will be fearlessly Democratic, it will sedulously avoid all faction, as the deadliest bane to party efficiency

We look to the DEMOCRATIC MASSES for support, and shall labor to make "THE UNION" in every way worthy their confidence and liberal patronage, as a fresh, readable and fearless Journal.

HOSTETTER'S
STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes on bare assertions or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preperation, and the sanction, of the most prominent physicians in those sections of the country where the article is best known, who not only recommende the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilhous complaints have counted their victims by hundreds To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous systefor giving it that tone and energy indispensable st the restoration of health. It operates upon the demach, liver, and other digestive organs, milaly but powerfully, and soon restores them to condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mother and child is so absorbing ly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodyily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations of counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

AGENTS.—Davis & Jones, Ebensburg; J. A. Parrish, Summitville; Wm. Litzinger, Loretto; Peter Kinney, Munster.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD,

And for the speedy cure of the subjoined varieties of Disease:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well know that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre, or Swelled Neck.

Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous ovarian *tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

DR. J. C. AYER. NEW ORLEANS, 25th August, 1859.

Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER. Sir: I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects — some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
