Sheriff Linton, who occupied a position in the sattler's department of one of the Pennsylvania regiments, returned home in good health, on last Saturday evening. He states that all the three maths' volunteers from this State are now at Harrisburg,, waiting for their pay. They have all been discharged, and are consequently compelled to support themselves while waiting for houest dues. As they are nearly all without money, a considerable amount of suffering from exposure and hunger is the result. We learn that Brua Cameron, son of the Secretary of War, has the money in his hands, but refuses to give it out unless the soldiers will agree to receive in payment checks on the Middletown Bank. These. if accepted, the soldiers would be obliged to sell at a discount in Harrisburg, in order to avoid a fatiguing journey to Middletown. Now, is this not outrageous! It is even more disgraceful than the rot.en clothing contracts of Governor Curtin. When will these frauds and peculations cease? Even the son of the Secretary of War s engaged in them!

ALL HAIL TO, THE PIONFER .- We enjoyed the happiness this morning of taking by the hand, that great and good man, Rev. P. H. Lemke. He has, as our Carrollton readers are aware, been spending the last few years in Europe, but never allowed himself, amidst the excitement of travel, to forget his first love-the rand old hills of Allegheny. He was emphatially the pioneer of the northern portion of our eanty. He was to Carrollton and Carroll townip, what Gallitzin was to Loretto and Allegheownships. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to phy sicians and citizens generally of the United States because the article has attained a reputation heretofore unknown, A few facts upon this point will speak more powerfully than volumeson bare assertions or blazoning puffery. The consumption of Hostetter's Stounach Latters for the last year amounted to over a half million bottles and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bot tles. This immense amount could never have contained in the preparation, and the sanction, of the most prominent physicians in those sections of the country where the article is best known, who not only recommended the Bitters to their patients, but are ready at all times to give testiomials to its efficacy in all cases of stomachi rangements and the discuses resulting therefore This is not a temporary popularity, obtained by extraordinary efforts in the way of trumper ng the qualities of the Bitters, but a solid esti-

mation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bihous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprictors a source of unalloyed pleasure. It reloves all morbid matter from the stomach, pr diffes the blood, and imparts renewed vitality to the nervous systefor giving it that tone an energy indispensable at the restoration of health It operates upon the domach, liver, and other digestive organs, milaly but powerfully, and soon restores them to condition essential to the ealthy discharge of the functions of nature.

Elderly persons may use the Bitters daily per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a toni and rejnverating generally. Sometimes it burst out in Ulcers on my hands and arras; smeetimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and louthsome hereof description. I tried many must have and cars with the scale. and cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your repu-tation that any thing you made must be good. I sent to Cinciunati and got it, and used it till it cared me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saving when I tell you, that I hold you to be one of the apostles of the age, you, that I hold you as you are gratefully, Yours, and remain ever gratefully, ALFRED B. TALLEY.

Dr. Robert M. Preble writes from Salem, N. Y., 12th
Sept., 1859, that he has cured an inveterate case of
Dropsy, which threatened to terminate fatzily, by the
persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erganelus by large doses of the
same; says he cures the common Eraptions by it constantly.

Bronchocele, Goitre, or Swelled Neck. Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sursaparilla cured me from a Goifre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhon or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Discuss of the Scrofulous diathesis. I have cared many inveterate cases of Leacorrhea by it, and some where the complaint was caused by alcoration of the atterns. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous cuarian tunor on one of the females in my family, which had defied all the remeties we could capaloy, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing left extirgation could afford relief, but he advised the trial of your Sarsaparilla as the last resurt before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Dr. J. B. S. Channing, of New York City, writes: "1

Syphilis and Mercurial Disease. Syphilis and Mercurial Disease.

New Outleans, 25th August, 1859.

Dr. J. C. Aver. Sir: I cheerfully camply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fourered and Mercurial Disease. One of my patients had Syphilitic nicers in his throat, which were consuming his palite and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attached by secondary symptoms in his nose, and the ulceration had exten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill bills. But it yielded to my administration of your Sarsaparilla; the ulters healed, and he is well again, not of course without some distiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensi-tive to the weather that on a damp day she suffered extive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, too, was cured entirely by your Sursaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1852.

Dr. J. C. Ayre. Sir: I have been afflicted with a painful chronic Rheumatism for a long time, which buffled the skill of physicians, and stack to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than decangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough." Rheumatism, Gout, Liver Complaint.

Schirrus, Cancer Tumors, Enlargement, Ut-ceration, Carles, and Exfoliation of the Bones. A great variety of eases have been reported to us where Agrent variety of cases into even reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not ad-mit them. Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Infinenza, Hoarseness, Croup, Bronchitts, Incipient Consump-tion, and for the Relief of Consump-tive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complimis, that it other for the cure of throat and lung compalints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
