03-We are glad to learn that the Abolition Proclamation recently issued by Gen. Fremont n Missouri, was not authorized by the President or his Cabinet. Mr. Lincoln has repeatedly asserted that he is not carrying on this war for the extermination of slavery, but for the purpose of rescuing the Union from dissolution, and we presume he was honest in making the announcement. We can therefore very readily believe, that he did not authorize Gen. Fremont to issue the Proclamation, referred to. It will, we fear, have a bad effect on the loyal men in the revolted and border States, as it will be used as a powerful argument by influential demagogues to convince them, that the abolition of slavery is the great object of the war. We think Gen. Fremont was a little too fast, but that of course is only our opinion.
