arising from the use of powerful internal medi-cires which weaken and destroy the constsitution, and give temporary relief only. By this treatment, the medical properties contained in the Band, come in contact with the blood and reaches the disease, through the pores of the skin, effecting in every instance a perfect cure, and restores the parts afflicted to a healthy condition. This band is also a most powerful ANTI-MERCU-RIAL agent, and will entirely relieve the system from the permicious effects of mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy

in agrivated cases of long standing. PRICE \$2.00, to be had of Druggists generally,

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctified by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable

Innoxious in all malladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhaa, Dysentery, Incipient Consumption, Serofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples ou the Face. Sec.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from Chronic complaints one trial of this restorative has proved successful to an extent which no cription nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotion in their own neighborhoods. have suddenly re-appeared in the busy world as if just returned from a protracted travel in distant land, Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name. In Nervous Affections of all kinds, and for reasons familiar to Medical men, the operation of this preparation of Iron must necessarily be alutary, for, unlike the old oxides, it is vigor

ously tonic, without being exciting and overheating, and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative or inflicting a disagreeable sensati on.

It is this latter property, among others which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dis persing the local tendency which forms them. In Dyspepsia innumerable as are its causes, a single box of these Chalybeate Pills has often

sufficed for the most habitual cases, including the attendant costiveness.

In unchecked Diarrhan, oven when advanced rently malignent, the effects have been equally decisive and astonishing.
