The Fair.

The Fair of the Cambria County Agricultural Society this year passed off in a manner highly gratifying to all concerned. The attendance was large, and the exhibition of Agricultural products, &c., was highly creditable to our County. The live stock exhibied was very fine, and commanded the admiration of all present The same may be said of the vegetable department. The ladies department was complete and furnished incontrovertible evidence to prove that the daughters of Cambria, are, or will make first class housekcepers. In the Department of fine arts, we noticed a number of beautiful paintings and engravings A crayon sketch "the deer hunt" by Miss Storm of Loretto, commanded the admiration of all. It cercertainly displayed extraordinary talent in this most beautiful of Arts. As Goeth says, we should encourage the beautiful, for the useful arts take care of themselves. An ther sketch by Mr. A. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown, A few facts upon this point will speak more powerfully than volumeson

bare assertions or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half million bottles and from its manifest steady increase in times past, it is evident that during the coming year

the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction, of the most prominent physicians in those sections of the country where the article is best known, who not only recommended the Bitters to their patients, but are ready at all times to give testionials to its efficacy in all cases of stomachic erangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpatig the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bihous complaints have counted their victims by hundreds To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsic and like diseases, is to the proprietors a source of unalloyed pleasure. It renoves all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous systefor giving it that tone and energy indispensable st the restoration of health. It operates upon the domach, liver, and other ligestive organs, milaly but powerfully, and

soon restores them to condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find n it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic,

und rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derange ments and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so har assing that many of them sink under the trial. The relation of mother and child is so absorbing ly tender, that the mother. especially if she be

coung, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer senson, the wear of body and mind is gegerally aggravated. Here then, is a necessity for a stimulent to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, be-

And for the speedy cure of the subjoined varieties of

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pim-ples, Pustules, Blotches, Boffs, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gents: I feel it my duty to ne-knowledge what your Sarseparilla has done for me-llaving inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it barst from it in various ways for years. Sometimes it barst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your repa-tation that any thing you made must be good. I sent to Cincinnati and got if, and used it till it cared me. I took it, as you advise, in small doses of a traspoonful over a it, as you advise, in small doses of a trasponiful over a month, and used almost three bottles. New and healthy month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now chear, and I know by my feelings that the disease is gone from my system. You can well beligge that I teel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours, ALFRED B. TALLEY.

Leucorrhea or Whites. Ovarian Tumor, Uterine Ulceration, Female Discases.

Uterine Ulceration, Female Discases. Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we em-ploy such a remedy, but especially in *Pemale Discases* of the Scrofnlous disthesis. I have cured many invet-crate cases of Leucorthesa by it, and some where the complaint was caused by *ulceration* of the *uterns*. The nlceration itself was soon cured Nothing within my knowledge could if for these female derangements." Edward S. Marrow, of Newbary, Ala., writes: "A dan-gerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cared by your extract of Sar-saparilla. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your Sarsaparilla as the hast record before cutting, and it

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859. Dr. J. C. AYER. Sir: I cheerfully couply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mer*curial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by se-ondary symptoms in his nose, and the ulceration had caten away a considerable part of it, so that I believe the caten away a considerable part of it, so that i believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensi-tive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Proparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eraptions, and diseases of the scalp and brain ; but allwho have used it, unite, in testilving that it will preserve the hair from being gray. and from falling to any age, as well as restore Read the following :-

Oak Grove, S. C. June 24th, 1859. Paor. C. J. Wood : Dear Sir :- Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejadice aside, and give your linir Resorative a perfect test :---

During the year 1854, I was so unfortunate as to be thrown from my sully against a rock near the road side, from which my head received a most terrible blow; causing a great deal of ritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire suchace of the head. From the time I first discovered its dopping, however up to the time of its total disapearance, I employed evrything I could think of, being a profisional man myself and, as I thought, understanding the nature of disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every recson to believe, produced a very appy result : two months after the first application. I had as beautiful a head of young hair as over I saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, 1 shall recommend your remedy to ah inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a lie.

You can publish this if you think proper. Yours, very respectfully, M. J. WEGHT, M. D.

Dear Sir .: - I feel it my do ty as well as my pleasure, to stat to you the following circumtance' which yoo can use if you think proper. A gentleman of t is place, (a lawyer) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your " Bair Restorative," which he liked very much; and after useing some two or three bottels his hair grew out quite luxurently, and he now has a hand-some head of hair. The gentleman's name is Bradford, and as he is very well known in our alloining counties, many persons can testify to the truth of this statement ; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bless-ine of God it has cured me, and has so nurrified my blood ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."
