

LOCAL.

It affords us much pleasure to give the following a place in our columns. It was doubtless highly gratifying to the gallant soldiers from the Summit of the ever-lasting Alleghenies to receive the substantial testimonials mentioned, that they were still fondly remembered by their fair friends at home, with all the sincerity, friendship, perchance love of woman; and they return their thanks in a manly and straightforward manner, which clearly manifested the unfeigned gratitude of true men and true soldiers.

HEAVY ARTSIES 28th REGT., SANDY HOOK, Md., Dec. 24th 1861.

Friend McCoy.—Will you have the kindness to give the following proceedings a place in the next Democrat and Sentinel.

The undersigned members of company F, having this day received a "splendid Christmas" gift from the dear ones at home, the ladies of Summitville, they through the following resolutions return their hearty and sincere thanks.

Resolved, that while our duties as soldiers keep us absent from our mountain home, and the friends that dwell there, we shall ever feel proud to stand forth as a portion of the representatives of little Cambria in the tented field, and the defenders of our lovely daughters; especially those who dwell in the dear mountain village of Summitville.

Resolved, that uncle Sam's cooks cannot come up to the mountain girls in preparing the good things of this life for the table, or the humber camp of the soldier, and therefore Christmas cannot come too often for the boys of this company.

Resolved, that when on the battle field, amid the roar of cannon and the clashing of steel, we will endeavor by deeds of bravery, to prove ourselves worthy of the friendship and esteem of the fair daughters of the mountains.

Resolved, that a copy of these resolutions be sent to the fair donors, and that they be published in the Democrat and Sentinel.

PERSONAL MENTION.—Our ever courteous and gentlemanly former fellow townsman, J. Patton Thompson, Esq., of Philadelphia, is in town, spending the holidays with his friends. We had the pleasure of taking him by the hand the other day, and found him in the possession of excellent health and spirits. Here it may not be out of place to state, that the illness which we made to him last week in connection with a conversation he once had with a certain individual, about negro equality, was not in consequence of any thing he ever said upon the subject. We derived however, information from a reliable source.

Lieut. Nixon Kinkaid, son of Judge Kinkaid, of this place, is home from the wars. He served faithfully during the three months campaign, as 1st Lieutenant of an Ohio volunteer company, and another term with the Kentucky Home Guards. He won for himself while in the service, the reputation of being a brave and efficient officer.

The Sundry Grievs.—The Harrisburgh Patriot and Union, of Saturday, informs us, that it is rumored that the above named company from this county, will be placed in charge of the Arsenal and the warehouse containing the public stores in that place. We hope the rumor may be founded on truth.

Mr. Buzby member elect of the House of Representatives of this State, from Adams county, has written a letter in which he stated that he is a radical Democrat. He was reported in the papers as a Republican ally to the Union. This gives us a gain of one vote on former calculations.

The question for discussion at the meeting of the Lyceum on Friday night next, is:
Resolved.—The Keluge was not universal.

What the "Louisville Journal" Says:

"We do not believe that even in this age of cheap publications any work can be more reasonable than the 'SCIENTIFIC AMERICAN' at \$2 per annum, with twenty five cents discount for clubs of ten. It forms a yearly volume of 832 pages quarto, with an immense number of original engravings of patented machines, valuable inventions, and objects of scientific interest. There is not an industrial pursuit that does not receive share of its attention. It contains official lists of patent claims, important statistics, practical recipes for useful domestic purposes, and has long stood, both in this country and in Europe, as the highest authority in the mercantile arts and sciences. There is no publication more valuable to the farmer, the miller, the engineer, the iron founder, the mechanic, or the manufacturer. We have never opened a number without learning something we never knew before, and obtaining valuable information for the benefit of our readers. The publishers, Messrs. MEXS & CO., of 37 Park row, New York, have deserved the success which they have achieved. No one should visit the city without calling at their palatial establishment, which is a museum of invented genius, collected from the entire world. If any of our friends away off in the country do not know this work, and will take our advice, they will mail \$2 and become subscribers immediately, or by applying to the Publishers they can obtain a specimen copy gratis, which will be sure to confirm the truth of our recommendation.

We fully endorse the above, and would recommend our readers to take Prentice's advice, and subscribe for the paper. A new volume commences on the first of January, and it being a valuable work of reference, containing, as it does, the only official list of patent claims published in the country, every number should be preserved. The paper is published every Saturday, by the well known patent-agents, Messrs. MEXS & Co., who have conducted the paper during last sixteen years.

In addition to furnishing specimen copies of the paper gratis, the publishers will send a pamphlet of advice to inventors, free of charge.

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible; none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative has possessed the credit of innumerable fashionable toilet and the ladies, wherever they have tested it, pronounce it a needless article. They find, where the hair is thinned, that it creates a fresh growth—that it fully restores the vegetative power of the roots in the denuded places, and causes the fibres to shoot forth anew—that it dissolves and removes dandruff, prevents graying, restores hair to its original color when grayness has actually supervened, gives a rich lustre, imparts the softness and flexibility of silk to the hair, and keeps it always luxuriant, healthy and full of vigor.

GREAT CURE.
DR. LELAND'S
ANTIRHEUMATIC BAND
IS THE ONLY KNOWN REMEDY FOR
Rheumatism, Gout and Neuralgia.
AND A SURE CURE FOR
All Mercurial Diseases.

It is a conveniently arranged band, containing a medicated compound, to be worn around the Waist, without injury to the most delicate persons, no change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines which weaken and destroy the constitution and give temporary relief only. By this treatment, the medical properties contained in the Band, come in contact with the blood and reaches the disease, through the pores of the skin, effecting in every instance a perfect cure, and restores the parts afflicted to a healthy condition. This band is also a most powerful ANTI-MERCURIAL agent, and will entirely remove the system from the pernicious effects of mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.

PROF. WOOD'S

RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR.

Is precisely what its name indicates, for, while pleasant to the taste it is revivifying, exhilarating, and strengthening to the vital powers. It also reinvigorates, renews and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure.

Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the ungracious system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following; consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Pains, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Hypochondria cases, so fearfully fatal if unattended to in time, called Female Weakness and Irrigability. Also Liver Derangement or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Urine or any general derangement of the Urinary Organs, Pain in the Back, Side, and between the shoulders, predisposition to Slight Colds, Haacking and Continued Cough, Emaciation, Difficulty of Breathing, and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility following Chills and Fever, but prevent all attacks arising from Miasmatic Influences, and cure the disease at once, if already attacked. And as it acts directly and persistently upon the life-giving system, arousing the liver to action, promoting in fact, all expectations and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating. As it prevents constipation, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits, students, ministers, literary men. And all bodies not accustomed to much outdoor exercise should always use it. If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health, and health cannot exist while the above irregularities continue. Then again, the Cordial is a perfect Mother's Relief. Taken a month or two before the final trial she will pass the dreadful period with perfect safety. There is no mistake about it, this Cordial is all we claim for it. Mothers, try it! And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former, from false delicacy, often goes down to premature graves rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, a null too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never failing affection will invariably point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 411 market street, St. Louis, Mo., and sold by all good Druggists. Price One Dollar per Bottle.

For State-men, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore the following:—
Oak Grove, S. C. June 24th. 1859.
Prof. O. J. Wood: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:— During the year 1854, I was so unfort-

unate as to be thrown from my sally against a rock near the road side, from which my head received almost terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however up to the time of its total disappearance, I employed everything I could think of, being a professional man myself and, as I thought, and understanding the nature of disease, but was finally defeated in every prescription advanced.

These and no other circumstance induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as ever I saw, for which I certainly owe you my most sincere thanks. Rest assured, dear Sir, shall recommend your remedy to all inquirers moreover, I shall use my influence, which flatter myself to say, is not a lie.
You can publish this if you think proper.
Yours, very respectfully,

Dec. 12th, 1858.

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circum stance which you can use if you think proper. A gentleman of this place (a lawyer) had been blind ever since his early youth, so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much, and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,
THOMPSON SURGINOR.

Dr. Wood: Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.
