The Republican "State Convention".

The Republican State Convention which met at Harrisburg, on Thursday, was a singular admixture of office-holders, abolitionists, horse-contractors, political mountebanks, old fogies and patriots—black spirits and white, blue spirits and grey—the pure Republican and the mixed—the Garrison Abolitionist and the more courteous People's party man—the renegade Democrat and the Know-Nothing—the Tariffite and the Free-trader, all in the most delightful communion, with a place at the table for the absent “colored brother.” It needed only the presence of Sembo to make the thing unique, and this deficit was supplied as far as could be by the chivalrous and incorruptible Forney, who sought to make himself the more welcome to his new associates, by presenting them an illuminated photograph of the “colored brother” in full regiments, with Hunter and Fremont as his aids. It was a happy concord, and put the Convention in an excellent humor, the more so as it was quietly given out that General Sambo was in treaty with his attached friend, the King of Dahomey, for two hundred regiments for the war.—Coastal Union.

GENERAL POPE'S ARMY.

A telegram from Waterloo, of date 27th says that General Pope's recent orders have caused great excitement among the citizens of that vicinity, particularly the latest in regard to taking the oath of allegiance. It is asserted that there are not more than two men in the county who have not taken the oath to support the Southern Confederacy, and that rather than renounce this, men women and children express their determination to go South.

It is reported that parties follow the army, enticing men to desert, and furnishing them with outfits of clothing for that purpose. A large number have deserted within a week or two past. Between forty and fifty deserted from the Hundred and Fifth New York, which gives color to the statement. Some doubtless desert for the purpose of joining other regiments and getting the bounty.

The following is a list of killed, wounded, and missing of the Cambria Guards. The sad intelligence is confirmed that five of the heroic men who left this county, are dead. The fearful havoc in their ranks, shows that they did not flinch in the hour of danger, but fought valiantly and offered their lives a bleeding sacrifice to freedom and their country. Captain Andrew Lewis was a private in the Mexican war, and was one of the first to volunteer in the struggle to crush rebellion.

### Killed.

Capt. A. Lewis, Geo. K. Brown, Richard Jones, Jacob Boring.

### Wounded.

Sergt. John E. Scanlan, Wm. A. Levy, Geo. McBroom, David T. James, Thompson Carney, Thos. P. Dunn, Wm. E. Brown,

Lieut. Jas. C. Burke, Thos. Williams, John McBride, R. R. Davis, W. R. Powell, Wm. W. Evans, John Keatuz, Henry Wareham.

### Missing.

Hilarian O'Connell, Daniel Helman.

Johnstown and vicinity were thrown into quite a consternation last week. The great reservoir on the waters of South Fork about seven miles above Johnstown gave way, sending water in such torrents as to frighten the inhabitants and which for a time threatened to inundate the whole city; but luckily for the dry weather and the wickets having been left open some days before in anticipation of a break, the water did not rise so high as supposed. We have not yet received a full account, but understand that the damage is not so great as was feared, although much damage was done to the Central Railroad near South Fork, the track being torn up so badly as to cause considerable delay and confusion among the trains. So says our informant.

Owing to the recent order of the Governor of Missouri, large crowds of excited citizens are rushing to the British Consul's office, seeking protection from the flag of England. The tories, sooner than join our army, would sneak around and be willing to become subjects of Great Britain; but this has not the least effect on the business of our place as the store of E. J. Mills & Co., continues to be crowded with customers, and he is still receiving large supplies of Groceries, Boots and Shoes, Ladies' Fancy Dress Goods, Gents' Summer wear, &c. Persons wishing to buy cheap should purchase from them.

The Schooner Louisa Reeve, containing four thousand bushels of condemned corn, anchored in the middle of the river was hoisted last night at about twelve o'clock by a party of Rebels, who came from the opposite shore. After setting the schooner on fire they left, carrying the Captain with them. The schooner was destroyed.

Generals Halleck, Dix, Meigs and Burnside left here this morning, after paying a visit to Gen. McClellan. General McClellan's health having been restored, he has resumed his duties as Chief of the General's staff. The health of the army is good.

From ARKANSAS.—Hindman is said to have captured Rolla soon after the Federal army left that vicinity, and to be “concentrating.” His home at Helena, is occupied by General Curtis. General Curtis expresses the confident belief that he can march anywhere west of the Mississippi river, over any force of white men, or Indians, or both combined, that can be raised to oppose him. Advices from General Curtis represent his army in good health and spirits, but almost destitute of clothing. The Illinois troops are much better provided for than any others in his command. His army has all arrived at Helena.

ADMISSION OF PATIENTS INTO THE INSANE HOSPITAL.—To avoid trouble and difficulty which may arise from ignorance or misapprehension relative to the admission of patients into the Pennsylvania State Lunatic Hospital at Harrisburg, it has been deemed advisable to give the following extracts from the by-laws of the hospital:

These provisions will be strictly enforced, and it is hoped that all who may have occasion to bring patients to the hospital will be prepared to comply fully with the spirit and letter of the regulations:

Preparatory to the admission of a patient, (unless when committed by the order of a court,) the Superintendent shall be furnished with the certificate of a physician that he has seen and examined the individual and believes him or her to be insane, with a request from a near relative or friend that the patient may be received into the hospital, and a bond, with satisfactory security for the payment of board and other expenses while in the institution. All private patients thus received shall make a payment of thirteen weeks' board in advance when brought to the hospital, and if taken away uncured and against the advice and consent of the Superintendent within that period, no part of said payment shall be refunded.

“Whenever a patient is sent to the hospital by the order of any court, justice judge, Directors of the Poor of a county, or the overseers of the poor of a township or poor district, the order or warrant, or a copy thereof, by which such person is sent shall be lodged with the Superintendent.

“Those who may bring a patient with any such order or warrant will be required to pay at the time of the admission of the patient, sixty-five dollars.

A written history of the case should be sent with the patient, and, if possible, some one acquainted with the individual should accompany him to the hospital, from whom minute, but often essential particulars may be learned.”

Cases of recent occurrence will be received at any time on compliance with the regulations.

### ARMY OF THE POTOMAC.

A telegram from Washington, of date the 26th, gives the following interesting items:

Nine hundred wounded paroled prisoners arrived yesterday from Richmond. Two died before they arrived at Petersburg. They left yesterday afternoon for the Northern hospitals. More will be received to-morrow.

A flag of truce boat, containing Col. Wright and Lieut. Col. Sweitzer, yesterday went to Aiken's Landing, twenty-one miles above city Point to meet Robert Old, formerly District Attorney for Washington City, appointed Commissioner by the Confederates to carry out the new arrangement for exchange of prisoners.

The Schooner Louisa Reeve, containing four thousand bushels of condemned corn, anchored in the middle of the river was hoisted last night at about twelve o'clock by a party of Rebels, who came from the opposite shore. After setting the schooner on fire they left, carrying the Captain with them. The schooner was destroyed.

Generals Halleck, Dix, Meigs and Burnside left here this morning, after paying a visit to Gen. McClellan.

General McClellan's health having been restored, he has resumed his duties as Chief of the General's staff.

The health of the army is good.
