"shuffles off the mortal coil." As was anticipated, this programme caused the most intense excitement throughout the whole country. The conservatives endeavored to quell the storm, and maintained that the South should have their rights-that every State should regulate its own domestic affairs-that slavery could not be interfered with, &c. The people of the South met the matter boldly, being determined to stand up for their interests. They also sent emigrants to Kansas, for the purpose of planting elevery there. - They contended that the to the Territory with their property, and that when the people formed a State Constitution they should decide by ballet ! kept the ball moving. period for which we had been so long preparing. A new President was to be elected, and I deemed this a propitious moment for the new party which we had formed to take a bold stand. Accordingly I proposed the matter to the representative men of You Majesty's ideas, and they assembled at Philadelphia and there nominated John C. Fremont-the chap to whom you gave the gold mines. He furnished the money-we did the wirepulling and talking. We raised a banner having a "star" for each free State. We boldly proclaimed disunion, rather than live with slaveholders. Mr. Fremont was not elected, but received a very respectable vote. James Buchanan was chosen President by a large majority. He took his seat, and the country again settled down to its wonted quietude. I began to despair, and was about to retire from the contest, but your boys all said "try again!" I patted them on the shoulder kindly, and told them to go to work. Mr. Seward, one of your adroitest agents, announced to the public that there was an "irrepressible conflict" going on between freedom and slavery; but he was sharp enough not to mention any names. Old Abe contended, after the manner of the Bible, which you know is a favorite book with the people, that, " A house divided against itself cannot stand-this country must become all free or all slave." Abe worked hard; and very properly has received his reward. I have the honor of announcing that he is now President of the United States.

At this time, John Brown, one of our emissaries to Kansas, returned and asked AT THIS OFFICE ON SHORT NOTICE for mother job. After much considers- AND AT REASONABLE PRICES.
