

Fight for the Nigger.

True—Wait for the Wagon

I calculate of darkies we soon shall have our fill, With Abe's Proclamation and the Nigger Army Bill; Would not be a soldier for the Union to fight? Now, Abe's made the nigger the equal of the white.

Each soldier must be loyal, and his officers obey, Though he lives on mouldy biscuit, and fights without his pay; If his wife at home is starving, he must not be discontent.

Moreover, if your drafted, do not refuse to go, You are equal to a nigger, and can make as good a show; And when you are in battle, to the Union be true.

Three cheers for honest Abe, he will be a great man yet, Though he's loaded us with taxes, and burdened us with debt; He often tells us little jokes, whilst pocketing our pelf;

Guard well the Constitution, the Government and laws, For every act of Congress don't forget to give applause; And when you meet the rebels, be sure and drive them back.

Centralization is Despotism. [From the Fulton Democrat.] Never in our history did we seem to have so little of the spirit of freemen, as in this the day when we need it most.

The Congress, which lately adjourned have granted to the most unwise President the republic ever had, powers little short of those conferred among the Romans on the man whom they named as Dictator.

But their severity in this matter is surpassed when we come to see how completely they have surrendered the military power of the land into the hands of a single man.

Had the radicals stopped here the re might have been some hope left in the reserved power of the States, and in our courts of justice; but the infamous Indemnity Bill, passed for the purpose of enabling the President, and Provost Marshals, to carry on a system of arbitrary arrests with impunity, they fondly hope will give them full power over the liberties of every citizen, who might otherwise oppose them in their efforts to erect a mili-

tary despotism on the ruins of the republic. They have heretofore used all the means in their power to muzzle the press, and silence the tongues of all who dared to exercise the right of freely discussing the great issues before the people. Could they have succeeded in this there would have been no check on their power, and no restraint upon their insolence.

As snowflakes fall upon the sod, But executes a freeman's will As lightning does the will of God!

The other is the ruder method of revolution, a reserved right never surrendered by any people. We should stand ready for either method, ready with the watchful energy of a people determined to resist the lightest encroachments of unauthorized arbitrary power.

As snowflakes fall upon the sod, But executes a freeman's will As lightning does the will of God!

Roll of Honor. [From the Clearfield Republican.] A certain individual once made the wise observation that men and animals are indistinctly "seen through a fog;" but he should have carried his suggestion further and stated that every mooted question has two sides.

Circular from the Cash Street. The subscriber would respectfully announce to the public that he has just returned from the East with the stock of FALL AND WINTER GOODS, which will sell, as usual, at a very small advance on cost, FOR CASH ONLY.

His stock is the heaviest and most complete ever brought to the place, and has been purchased at the very lowest prices, will be sold at prices which will enable the interest of cash buyers to call and examine his stock and be convinced that he can and does sell a little cheaper than credit establishments.

He would call particular attention to his large stock of DRY GOODS, embracing the latest and MOST DESIRABLE STYLES OF LADIES' DRESS GOODS to be had in the Eastern market. A full assortment of fancy and plain Flannels and Shirtings, Muslins, dozens of patterns of Ladies' and Gents' Gloves, all styles of Hosiery, the most complete selection of Shawls ever exhibited in this market; any amount of Nubias, Opera Hoods; Ladies' Patent Knives and a tremendous pile of Austria, King & Co.'s Patent Hoop Skirts, ranging from 25 to fifty springs, which will be sold at 25 per cent. under present market prices.

Our stock of GROCERIES is complete and selling a few cents below other stores. Our Syrups range from 40 to 70 cents per gallon. We would invite particular attention to our large stock of Government Coffee, bought before the heavy advance, which we sell at 20 per lb. It is far superior to any of the substitutes lately invented. We have also a heavy stock of TEAS, ranging in price from 60 cents per pound upwards.

Our stock of CHINA, GLASS & DRUG WARE is the largest, most varied and ever offered to the people of this section. It is really beautiful. An examination of our "Show Window" must convince you to stop to view it that we are not "padding" our ware. The China Ware embraces the Sets ranging in price from \$10 to \$100. Flower Vases, Mugs and other novelties. The Glass Ware embraces everything of every style of manufacture. Owing to the late advance we cannot now sell our celebrated Wedgwood Iron Stone Tea Sets less than \$4.75 per set, which is 10 to 20 per cent. under present market prices.

I am now fully convinced that the COACH SYSTEM is the best for both seller and buyer, enabling me to sell cheaper, without loss, and giving my customers a better article, and more of it, for the same money than they get at any other establishment. But argument on this point is superfluous. The reason why I can sell cheaper than credit establishments must be apparent to all, and that I do sell cheaper I can convince all who give me a call. A full stock of boots and shoes. All Wool, Ingrain, Hat, Rag and Carpet.
