shall commence on the first day of January, 1864.

And I further proclaim, that nothing in this proclamation shall interfere with existing orders, or those that may be issued for the present draft, in the States where it is is now in progress or where it has not yet commenced.

The quotas of the States and districts will be assigned by the War Department through the Provost Marshal General's office, due regard being had for the men heretofore furnished, whether by volunteering or by drafting; and the recruiting will be conducted in accordance with such instructions as have been issued by the department.

In issuing this proclamation I address myself not only to the Governors of the several States, but also to the good and loyal people thereof, invoking them to lend their willing, cheerful and effective aid to the measures thus adopted, with a view to reinforce our victorious armies now in the field, and bring our needful operations to a prosperous end; thus closing forever the fountains of sedition and civil war.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

[L. S.] Done at the city of Washington, this seventeenth day of October, in the year of our Lord one thousand eight hundred and sixty three, and of the independence of the United States the eighty-eighth.

ABRAHAM LINCOLN.

By the President:

WILLIAM H. SEWARD, Sec'y of State.

The Legislature.

THE HOUSE DEMOCRATIC.

On Saturday morning we conceded the Democratic members of the Legislature to the small majority upon their claim of having elected twelve members in this city, the county of Perry, and one of the members in the district composed of Franklin and Fulton. This would have given us a majority of five-two members, leaving but forty-eight to the Democrats. Later information improves the appearance of the lower House. If we are now correctly informed, the House will stand thus:

	Abol.	Dem.
Adams,		1
Allegheny,	5	
Armstrong and Westmoreland,		3
Beaver and Lawrence,	2	
Bedford,		1
Berks,		3
Blair,	1

In the Senate the Republicans have one majority. On joint ballot, if we have carried both members in Franklin and Fulton, and the member in Perry, the Democrats will have a majority of three. If our members be all staunch and loyal, as they were when the disgrace of Simon Cameron's election to the United States Senate was prevented by one vote, they may prevent much mischief and villainy next winter.—*Phila Age.*

DEATH OF A NOTED GUERILLA MURDERER.

CINCINNATI, Oct. 19.—The notorious guerilla, Tom Keller, who murdered Captain Whiteman and others, was captured near Sharpsburg, Kentucky, yesterday, with six others of his gang. They were taken to Mount Sterling, where a man named Watkins, formerly belonging to the 9th Kentucky Cavalry, shot and mortally wounded Keller while in the hands of the guard.

Large forces under Buckner, are reported moving into Kentucky from the southeast, apparently with the design of crossing the Ohio near Gallipolis.

FOREIGN NEWS.

FARTHER POINT, Oct. 19.—The steamer Hibernian, from Liverpool, with dates to the 8th inst., passed here this morning.

The Rev. Henry Ward Beecher had addressed a public meeting at Glasgow, on the American war, which called out the criticism of the London *Times*.

The directors of the Great Eastern ship company have taken formal proceedings in bankruptcy to wind up the company, in order to stay various actions and insure an equal distribution of the assets.

England was startled by an earthquake early on the morning of the 6th. It was felt in all directions. There was no damage done.

The English journals advance nothing new on American affairs.

The two secessionist associations at Manchester have amalgamated into one, under the title of the Southern Independence Association; the main object being to procure recognition for the South.

The course adopted by the Arch Duke Maximilian relative to Mexico disappoints the London speculators in Mexican securities. A considerable decline has taken place.

It is reported that Spain is among the powers resolved to recognize the new Mexican empire.

The Polish Question is unchanged. It is reported that Prince Czartorisky was taking formal steps on the part of the Polish national government to secure recognition to the Poles as belligerents.

A LARGE LOCOMOTIVE.—The largest locomotive in the United States, if not in the world, has just been built for the Philadelphia and Reading Railroad Company. It has twelve driving wheels 43 inches in diameter. The cylinder is 20 inches in diameter, and the stroke of piston 24 inches. The fire boxes 10 feet 8 inches long, and 43½ inches wide. Inside diameter 48 inches. The weight of the locomotive when in running order is 100,820 pounds. This locomotive is intended for a pushing one, to force the heavy coal trains up the grades of the road. It was designed and constructed by Mr. James Mollholland, of Philadelphia.

COLLISION AT DUNCANNON.—On Wednesday last a collision occurred between two freight trains near Duncannon, on the Pennsylvania railroad. A man whose name we could not ascertain, leaped from one of the trains as they approached, striking upon a rock in such a manner as to break his neck and kill him. The shock was very severe, distroying a number of cars and heaping the trains up in one indiscriminate wreck as high as the telegraph wires. A large amount of goods and produce was destroyed or damaged by the accident, and the damage to the freight alone is estimated at $50,000.

From Rev. J. Newton Brown, D. D. Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them. J. NEWTON BROWN.

ATTENTION SOLDIERS!
AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitter's. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.

Should your nearest druggist not have the article, do not be put off by any of the intoxicating preparations that may be offered in its place, but send to us, and we will forward, securely packed, by express.
