L'OOFLAND'S GERMAN BITTERS,

From Rev. J. Newton Brown, D. D Editor of the Encyclopedia of Religious Knowl-Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes

himsely to have received from any simple

preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson of this city, because I was prejudiced against them for many years. under the impression that they were chiefly an alcoholic mixture I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was fol lowed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to
