THE WORLD: AN INDEPENDENT DEMOCRATIC DAILY, SEMI-WEEKLY AND WEEKLY NEWSPAPER.

UNION OF THE WORLD AND ARGUS.

THE WORLD, to which the New York Weekly Argus has been united, has to-day five times the aggregate circulation of any Democratic or conservative newspaper.

Enterprise, industry and money will be liberally expended to make THE WORLD the BEST NEWSPAPER IN AMERICA.

Special exertions will be used to make its reports of the Crops, of the Cattle, Produce, and Money Markets, comprehensive and accurate.

The war in which the nation is engaged against armed and infatuated Rebels, and the radical policy of the administration which prolongs it, have conspired to bring together upon one platform and conservative, Union-loving and Constitution-loving men, of whatever former name and creed.

It will oppose every violation of THE CONSTITUTION, which is the only hope and bond of Union, and our only authority for exhorting or compelling the allegiance of the South.

It will oppose every infraction of THE LAW, in high places or low, by reckless and misguided partisans, or by the administration, which has been their example.

To the lawless acts of the Administration, its arbitrary and unjust arrests and expatriations, its denial of the right to the writ of habeas corpus, its illegal proclamations, its abrogation of State and Federal laws, its despotic accumulations of ungranted power, and its subversions of the safeguards of civil and personal liberty, it will constantly oppose the letter and the spirit of our supreme law and the advocacy of sound doctrine, until American freemen shall be roused to the recovery of their rights, their liberties, their laws, and their limited and well-balanced government, by the resistless decision of the ballot.

Profoundly impressed with the desire to contribute all that it may to the great work of this generation—namely, to restore our national unity, and to place the United States again foremost among the nations of the earth, and first in peace, prosperity, and happiness of its people, THE WORLD seeks from those who desire such things their sympathy and support, and, above all, the favor of Him who crowns every good work.

TERMS: DAILY WORLD. Yearly Subscribers by mail \$8 00 SEMI-WEEKLY WORLD. Single subscribers, per annum, \$3 00 Two copies to one address, 5 00 Three " " " " 7 50 Five " " " " 12 00 Ten " " " " 22 50 WEEKLY WORLD. Single subscribers, per annum, \$2 00 Three copies (address on each paper,) 5 00 Five " " " " 8 00 Ten " " " " 15 00 Twenty copies (all to one address,) 25 00 Clubs of twenty or over will have address put on each paper for an additional charge of ten cents each.

For every club of twenty an extra copy will be added for the getter up of the club. For every club of fifty, the Semi-Weekly, and for every club of one hundred, the Daily will be sent, when requested, in lieu of the extra copies of the Weekly. Additions to Clubs may be made at any time at same rates. Papers cannot be changed from one Club to another, but on request of the person ordering the Club, and on receipt of fifty cents extra, single

Papers will be taken from the Club and sent to a separate address. All orders must be accompanied by the Cash. Address THE WORLD, 35 PARK ROW, NEW YORK.

U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—or in United States notes, or the notes of National Banks, adding fifty per cent. for premium.) or receiving their drawing interest from the date of subscription and deposit.

Their value is increased from one to three per cent. per annum, according to the rate of tax levied in various parts of the country. At the present rate of premium on gold they pay OVER EIGHT PER CENT. INTEREST in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total funded Debt of the United States on the 31st day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,927,124, while the customary revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over \$100,000,000 million per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until April 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia Pa. Second National Bank of Philadelphia Pa. Third National Bank of Philadelphia Pa. AND BY ALL OTHER NATIONAL BANKS which are depositories of Public money, and all RESPECTABLE BANKS & BANKERS throughout the country, (acting as agents of the National Depository Banks) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS.

MANHOOD: HOW LOST, HOW RESTORED. A NEW EDITION OF DR. CULVERWELL'S CELEBRATED ESSAY ON THE RADI- CAL CURVE (WITHOUT MEDICINE) OF SPERMATORRHOEA, or seminal weakness, involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments in Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
