These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority.

Subscribers to these Bonds are received in United States notes or notes of National Bank. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until redemption FIVE PER CENT INTEREST WILL BE PAID IN COIN.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—for in United States notes, or the notes of National Banks, at five per cent, (or premium,) or receive their drawing interest from the date of subscription and deposit. As these Bonds are EXEMPT FROM MUNICIPAL OR STATE TAXATION,

their value is increased from one to three per cent, per annum, according to the rate of tax levies in various parts of the country. At the present rate of premium on gold they pay OVER EIGHT PER CENT INTEREST in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Public Debt of the United States on which interest is payable in gold, on the 31st day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$15,937,126, while the customs revenue in July 30th, 1864, has been so far at the rate of over \$100,000,000 million per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Subscriptions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia Pa. Second National Bank of Philadelphia Pa. Third National Bank of Philadelphia Pa. AND BY ALL OTHER NATIONAL BANKS which are depositories of Public money, and all RESPECTABLE BANKS & BANKERS throughout the country. (acting as agents of the National Depository Banks) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS.

AYER'S CATHARTIC PILLS possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
