

(CONCLUDED.)
to lay all our local jealousies, all our prejudices upon the altar of our country, by common consent, and place before the people the candidate whom, if they are wise, they will make their president for the next four years, so that the great work of reconstruction and restoration may begin. We are taught in Roman history that grand motto "Never despair of the Republic." Let Americans not be less patriotic than Romans. Let us not, in view of the magnitude and extreme difficulty of accomplishing that great work, forbear a united effort to do the utmost in our power for its consummation. I do not appeal to the men who are fattening upon the plunder of this war to assist in restoring peace, they will proclaim themselves for the war till the last man and the last dollar are exhausted. It is the goose which lays their golden or rather their greenback egg [laughter], and they do not wish to kill it. It is the tax paying people of the United States the honest men, the men who have no motive to do wrong, the men who do not profit by the calamities of their country, to whom I make appeal, without distinction of party. I care not by what party names they are known. I appeal to Republicans. I know the power of prejudice: I know the prejudice against the Democratic party. I allow the utmost charity for those prejudices. I know your personal prejudice against me. Hate me, denounce me, calumniate me; but don't ruin your country because you dislike a party, or a man who proclaims sound doctrines. If this war has failed, be bold enough and patriotic enough to confess the fact. If peace is the true policy, join with us in the election of a candidate who will restore it. The fact is developed that the South is ready to consider the question of the reunion of these States. They have proclaimed through their press and by agents appointed by the Confederate government that they are ready to enter into negotiations and to meet us in a Convention of States; at all events to sit down and discuss the question whether we cannot agree upon terms of reunion, and that peace and prosperity shall once more be restored to this land. Let us meet them in the proper spirit, and not announce "to all whom it may concern" that if they lay down their arms, surrender their leaders, give up a half million of men to execution, and abandon their domestic institution, which has taken root in their land and bound up in their social system, that then their commissioners will be received at Washington. [Laughter.] The Democratic party cannot of itself elect a President. We know that we are in a minority, or, at least, have been in a minority. It is from men who have been supporters of the administration and the advocates of this war that we are to look for those who shall swell our numbers at the ballot-box, and victory will crown our efforts. Let us appeal to these men in public assemblies, through the press, in our conversations. Speak to your neighbors, start inquiry as to what must be done to rescue the country from the ruin in which it has been involved. Mr. Vallandigham closed by apologizing again for his want of study and arrangement of what he intended to say.

THE peculiar taint of infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tuberculosis, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptions and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the reasons for its success, and the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is compounded of ingredients some of which exceed the best of Sarsaparilla in alternative power. Its use will aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purify out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promise much and do nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting disease it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best ever has been, and that it may be relied on to do all it ever does.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of recovering. I therefore thank God and my friend for directing me to the use of them. J. NEWTON BROWN, Philada., June 23, 1861. Diseases of Kidneys and Bladder, IN YOUNG OR AGED, MALE OR FEMALE. Are speedily removed, and the patient restored to health. DELICATE CHILDREN. Those suffering from MARASMOUS, wasting away, with scarcely any flesh on their bones, are cured in a very short time; one bottle in such cases, will have a most surprising effect. ATTENTION SOLDIERS! AND THE FRIENDS OF SOLDIERS. We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost. The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends. Should your nearest druggist not have the article, do not be put off by any of the intoxicating preparations that may be offered in its place, but send to us, and we will forward, securely packed, by express, in the wrapper of "COUNTERFEITS!" HOSTETTER'S CELEBRATED STOMACH BITTERS. A pure and wonderful Tonic, corrective and alternative of wonderful efficacy in disease of the STOMACH, LIVER AND BOWELS. Cures Dyspepsia, Liver Complaint, Headache, Chronic Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms, and all Complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes. Nothing that is so wholesome, genial and restorative in its nature, exists in the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants. It is well to be forewarned against disease, and, so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard. In districts infested with Fever and Ague, it is as beneficial as a preventive and irresistible as a remedy, and thousands who resort to it under apprehensions of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being pined with quinine for months in vain, until finally saturated with that dangerous alkali, are not unfrequently restored to health within a few days by the use of HOSTETTER'S BITTERS. The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretory organs. Persons of feeble habit, liable to Nervous Attacks, Losses of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. The agency of Bileus-Colie is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Decrepitude arising from Old Age, it exercises the electric influence. In the enervated stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-inforce and re-establish them. Last, but not least, it is The Only Safe Stimulant being manufactured from solid and innocuous materials, and entirely free from acid elements present more or less in all the ordinary tonics and stomachics of the day. No family medicine has been so universally popular, and it may be truly added, deservedly popular with the intelligent portion of the community, as HOSTETTER'S BITTERS. Prepared by HOSTETTER & SMITH, Pittsburg, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere. March 9, 1864-ly.
