rebels are generally without breeches, and consequently that they could get up again easily after the fright they experienced at the noise of the explosion; hence the failure. The only way that the Secretary can make this new invention work is, to supply the rebels with tight breeches, so that when they fall from fear the can be caught before they are able to recover their feet .- N. Y. World.

Hood! NASHVILLE!! VICTORY!!!-Our valiant Sherman left poor Hood To travel where it seemed him good; Hood wandered round, and up and down. Until he came near Nashville town.

And then we felt a little scared, For fear he'd caught us unprepared ; We thought the man had come to stay, But now it seems he's gone away.

Away his vanquished army runs, While we push on and take his guns, He'll call it "masterly retreat;" We call it a great big defeat.

The Nashville folks are now in peace. From all their fears they have release; F rom all their foes they have repose, And send to E. J. Mills & Co's for clothes.

People should go to E. Mills & Co.'s for cheap goods, they have an immense stock of clothing. Just received a new stock of boots & shoes.

JAMES MURRAY.

The Secretary of the Treasurer gives notice that sub-criptions will be received for SUGAR KETTLES, \$13 00 Coupon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent, per annum-principal and interest

both to be paid in lawful money. These notes will be convertable at the TINWARE, option of the holder at maturity, into six per cent., gold bearing bonds, payable not 1.25 less than five nor more than twenty years 1.25 from their date, as the Government may 75 elect. They will be issued in denominations 1,50 of \$50, \$100, \$500 \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any time will be allowed a commission of onequarter of one per cent, which will be \$1.25, CHIMNEYS and WICKS al ways paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom it was made.-No deductises for commissions must be made from the deposits.

SPECIAL ADVANTAGE OF THIS LOAN. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any Savings Bank which pays its depositors it. U.S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own asets are either in government securities or in notes or bonds

It is equally convenient as a temporary or 83- Remember the Name, Number and permanent investment. The notes can al ways be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for

discounts. CONVERTIBLE INTO A SIX PER CENT 5-20

GOLD BOND. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent, per aunum, for the current rate for 5-20 Bonds is not less than nine per cent. premium and before the war the premium on the six per cent. U. S. Stocks was over The undersigned having been appointed twenty per cent. It will be seen that the an Agent for the subscription of STOCK to actual profit on this loan, at the present the Company, begs leave to submit the fold market rate, is not less than ten per cent.

ITS EXEMPTION FROM STATE OR MUNICIPAL

TAXATION. But aside from all the advantages we tal Act of Congres exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent per nanum, according to the rate of taxation in various part of the country.

It is believed that no securities offer so great inducements to the leaders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate semmunities, only, is pledged for payment, while the whole property of the country is need to secure the discharge of all the obti-

gations of the United States. While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the lovalty and patrictism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must end rse upon the original certificate the denomination of notes required, and whether they are to be issued in blank, or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Wash ignton, the several assistant Trensurers and designated Depositaries, and by the

FIRST NATIONAL BANK OF ALTORNA and by all National Banks which are depositaries of public money, and RESPECTABLE BANKS AND BANKERS throughout the country will give further in-

formation, and AFFORD EVERY PACILITY TO SUB-CRIBERS. August 10, 1864. Cm.
