MANHOOD: HOW LOST, HOW RESTORED.

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure (without medicine) of SPERMATORRHOEA, or seminal weakness, involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments in Marriage, etc., also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance. Price in a sealed envelope, only six cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the publishers, CHAS. J. C. KLINE & CO., 127 BOWERY, NEW YORK. June 15, '54 ly Postoffice box 4566.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an unhealthy vitiated state of the blood, wherein the fluid becomes impure, and the vital forces in it are weakened to sustain the impurities. It leaves the system in a state of decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unwholesome food, impure air, filth and filthy habits, the depressing vice, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children, unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles and finally Consumption; in the glands, swellings which suppurate and become ulcersous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints. These all having the same origin, require the same remedy, viz. purification, and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to all any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings; Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has effected. All other remedies have failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results, than are ordinarily known. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of discovering a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the four corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus cures the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, and Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

HOSTETTER'S CELEBRATED STOMACH BITTERS.

A pure and wholesome, corrective and alterative of wonderful efficacy in disease of the STOMACH, LIVER and BOWELS. Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Cholera, Intermittent Fevers, Cramps and Spasms, and all Complaints of either Sex, arising from Biliary Weakness whether intermitting or system or produced by special causes.

Nothing that is not wholesome, restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral element, no fiery extract, but is a combination of the extracts of rare and scarce herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forewarned against disease, and, so far as the human system can be protected by human means against maladies, caused by an unwholesome atmosphere, immoderate water and other extraneous causes, HOSTETTER'S BITTERS may be used as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy, and the marks who resort to it under apprehensions of an attack, escape the country, and the health who neglect to avail themselves of its preventive qualities in advance, are compelled by a very bad course of this unwholesome medicine, Fever and Ague patients, after being pined with plagues for months in vain, finally succumb to their dangerous malady, and are not subsequently restored to health within a few days by the use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation so frequently attendant upon the digestive and secretory organs.

Persons of delicate habit, liable to Nerve Attacks, Losses of Spirits and Fits of Laughter, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of B. B. Clark is immediately assumed by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

A General Trade, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constipation, Indigestion, Pleurisy, Dropsy and Debility, and Intermittent Fevers, from 10 to 20 drops will produce the most beneficial effects. In the advanced stages of all diseases it operates as a delightful purgative. When the powers of nature are relaxed, it operates to rebuild and re-establish them.

Last, but not least, it is The Only Safe Stimulant being manufactured from natural and innocuous materials, and entirely free from acid elements, present in most of the ordinary tonics and stimulants of the day.

No family medicine has been so universally and truly adopted, deservedly popular with the intelligent portion of the community, as HOSTETTER'S BITTERS.
