Josh Billings Insures his Life.

I kum to the conclusion lately that life was so unsartin, that the only way for me to stand a fair chance with other folks was to get my life insured, and so I called on the agent of the Garden Angel Life Insurance Company, and answered the following questions, which were put to me over the top of a pair of specs by a slick little fat old feller, with a round grey head on him as ever any man own-

1. Are you male or female? If so state how long von have been so? 2. Had you a father or mother? If

so, which ? 3. Are you subject to fits? And if so, do you have more than one at a time ?

What is your precise fiting wate! 4. Did von ever have any ancestors? And if so, how much?

6. What is your legal opinion of the constitutionality of the ten Command-

7. Du have any nightmare? Are you married or single, or are you a bachelor !

Do you believe in a future stait? If yu du, stait it?

10. Have you ever committed suicid! And if so, how did it effect you! After answering the above questions, the slick fat little old feller sed I was insured for life, and would probably remain so for many years. I thanked him and

smiled one ov my most pensive smiles.

DIDN'T WORK .- The Honerable Grantley Berkeley, who several years ago visited our western territories for the purpose of buffalo hunting, has just published in England two volumes of his Life and Reccollections, in which he gives a picture of the very peculiar times in which the author was born and flourished. Among his sketches of royal life is a story of lady Haggerstone's scheme to charm the Regent :- " Her ladyship had at her residence a miniature farm-yard and three pretty little Alderney cattle. When the prince and his friends had arrived she came forward from a side wicket as a milkmaid, for the purpose of making a sylabub for the prince. She had a silver pail in one hand and an ornamental stool in the other. Lady Haggerstone tripped along, with ribbons flying from her dainty little milking hat that hung on one EBENSBURG & CRESSON RAILROAD side of her graceful head, and the smallest little apron tied below her laced stomacher, till she came opposite his royal highness, to whom she dropped a really graceful courtise. Then passing lightly | modation East. over the beautifully plaited straw, her tucked-up gown, her neat ankle as well | Train West and Through Express East. as her colored stocking, she placed her LEAVE CRESSONpail and stool conveniently for use. At 12.36 P. M., or on departure of Thro' Leaning against the flank of one of the crossest looking Alderneys, she attempted to commence her rustic labers, but not having selected the right sex, the offended animal did not seem to fancy the performance, for he first kicked out and then BBENSBURG HOUSE. trotted away, nearly upsetting stool, pail The undersiged having purchased and and Lady Haggerstone, who, covered I taken possession of the Ebenburg back to her little dairy, whence she did will be happy to receive and accommodnot appear again."

A Good One.-Somewhere in the outskirts of Hartford there is a Mission School that has the reputation of being rather 'noisy' so much so that those applace. SARSAPARILLA

SCROPULA AND SCROPULOUS DISEASES.

From Emery Edes, a well-known merchent of Oxford, Maine.

"I have sold large quantities of your Sarsapan in the sale of the sarsapan in the sale of Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.
"I only do my duty to you and the public, when
I add my testimony to that you publish of the medicinal virtues of your Sassapanialla. My daughter, aged ten, had an afflicting humor in her ears,
eyes, and hair for years, which we were unable to
cure until we tried your Sassapanialla. She has
been well for some months." been well for some months

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co. N. J.

"My daughter has enferred for a year past with a
scrofulous eruption, which was very troublesome.
Nothing afforded any rehef until we tried your SanBAPARILLA, which soon completely cared her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of enamelled papers in Nashna, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and making the but without my relief affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the bioteles, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparilla.

Erysipelas - General Debility - Purify the

Blood.

From Dr. Robt. Sawin, Houston St., N. Y.

Dr. Aver: I seldom fail to remove Eraptions and
Scrofulous Sores by the persevering use of your
SARSAPARILLA, and I have just now cared an attack of Malignant Ergsipelas with it. No siterative we possess equals the SARSAPARILLA you have
supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on
my right arm, during which time I tried all the cel-"For twelve years I laid the vellow Eryspelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took landreds of dollars' worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Fills. Together they have cared me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all." community, and excites the wonder of all.

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarsaparilla in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickier, Esq., the able editor of the Tunckhannock Democrat, Pennsylvapia.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die." Scald Head, Sore Eyes.

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your Sansaparilla a more effectual remedy for the secondary symptoms of Syphilis, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts. "Dr. Ayer — My dear Sir: I have found your Sarsaparilla an excellent remedy for Syphilis, both of the primary and secondary type, and effect-ual in some cases that were too obstinute to yield to other remedies. I do not know what we can emother remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunsuck, N. J., had drendful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AVER'S SARSATABILLA relieved him. Few cases can be found more inveterate and him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal Screfulous Ulcer-ation, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require however, in aid of the SARSAPARILLA, the skilful application of local remedies. From the well-known and midely-celebrated Dr.

Jacob Morrill. of Cincinnati.
"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity. Leucorrhom, Internal Ulceration, and local debility, arising from the scrofulous disthesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment A lady, unwilling to allow the publication of her

name, writes:
"My daughter and myself have been cured of a very debilitating Leocorrhea of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout. Liver Complaint, Dyspepsia Heart Disease, Neura gia, when caused by Scrofula in the system, are rapidly cured by this Ext. SARSAPARILLA.

Nothing that is not wholesome, goand restorative in its nature enters in composition of HOSTETTER'S STOMACH BITTERS. This popular preparatica on tains no mineral of any kind, no deads botanical element; no hery excitant, but a samic herbs and plants with the purest and mildest of all diffusive stimulants,

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladies augendered by an unwholesome atmosphere, impure water and other external cruses, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Fever and Aque. it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine Fever and Ague patients, after being pliwith quinine for months in vain, until fairly saturated with that dangerous alkahad are not unfrequently restored to health within iew days by the use of HOSTETTER's BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Conic, and hence it works wonders in cases of Dispensia and in less confirmed forms of Indigestion. Acting as a gentle and pair less apperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the gestive and secretive organs.
