

Democrat and Sentinel.

CLARK WILSON, Editor & Proprietor. EBENSBURG, JUNE 7, 1866.

FOR GOVERNOR. HESTER CLYMER.

Hon. A. A. Barker.

How is the mighty fallen! The Radical Convention has thrown Mr. Barker overboard. Contrary to all usage he has been cut off with a single term, by a Convention which "approved" and "endorsed" every public act of his...

This harrowing result was initiated in Blair county, and originated in the Hall of the Senate, pressed by would be postmasters at the North, and removed postmasters at the South, who, by flogging the vanity of Morrell, induced him to take the field against Barker.

Not the "Times, a Copperhead paper," but the Chicago Tribune, a disunion Rump Congress paper, made that comparison!—Stop your canards, Mr. Johnstown Tribune.—Patriot & Union.

Personally, we have no hostility to Mr. Barker. We have fought him as a politician—not as a man. We feel, on the contrary, that the people owe him a debt of gratitude for those sturdy efforts by which, in improving his own condition, he has improved theirs.

"ALL WOOL AND NO SHODDY."—This is the significant heading of an advertisement in one of our exchanges, the advertiser being the "head centre" of the Abolition paper, aforesaid.

THE ARCH DISUNIONIST ENDORSED.—The Allegheny County Disunion convention, at its meeting a few days ago, passed the following:

"Resolved, That the unflinching devotion of Hon. Thaddeus Stevens, during a long and illustrious career in the cause of freedom and humanity, his hatred of treason and traitors, and his fearless advocacy of the right, stamps him as the man above all others whom we can trust as a leader in the crisis."

The followers of such a leader can be none other than plundering contractors, greedily demagogues and negro equality advocates.

Mrs. Annie M. Moreland, a young actress performing at the Olympic Theater, New Orleans, committed suicide on Wednesday last by taking chloroform. She was a native of Birmingham, near Pittsburgh, Pennsylvania.

Hunt up the Record.

Will our friend Myers, of the Bedford Gazette look up a chapter of the Geary record, which may be found in letters published in the Bedford Inquirer during the Mexican war, and were written by David Over, Esq., then a member of the 2d Regiment P. V., and now publishing an Abolition paper somewhere in Pennsylvania. Whether he is supporting the brave (?) Geary we know not, but in a conversation, at which we were present, he asserted that he saw Colonel Geary "playing off," and "letting on he was wounded" and skulking to the rear, during the hottest of the fray at Chapatteepe, and added, that if he evinced any bravery in this war he "had changed the damndest." Hunt up the record, and let the curse of his cowardly and tyrannical conduct come home to roost.

SIGNIFICANT.—The Philadelphia Daily News, one of the oldest "Republican" papers in the State, refuses to support Geary for Governor. The Pittsburgh Republic is in a similar predicament. The Eastern Argus of May 24, has the following:

HAILING DOWN THE GEARY FLAG.—The Eastern Gopewart, the German organ of the "Republican" party in Northampton county, has hauled down the Geary flag for Governor. The editor can no longer support the negro suffrage doctrines of Thad. Stevens & Co.

It is said that "straws show which way the wind blows."

"THE CHICAGO TIMES, a Copperhead paper, in a recent article draws a comparison between General Grant and the butcher Probst."—Johnstown Tribune, May 25.

No SYMPATHY OR AID FOR WHITE SOLDIERS.—A few days ago the New York Express stated that a large number of disabled soldiers were in a starving condition in Brooklyn, and that at a meeting of the Army and Navy Association several cases of actual death from starvation were reported.

These are not the only cases of suffering and death of men who have faithfully served their country. There have been scores of such cases, and hundreds and thousands of others of destitution, in every section of the country, so that it is impossible for Sumner's "scrap book" not to contain some of them, if the disposition existed to secure them.

There have been scores of such cases, and hundreds and thousands of others of destitution, in every section of the country, so that it is impossible for Sumner's "scrap book" not to contain some of them, if the disposition existed to secure them.

SIR MORTON PETO.—The London correspondent of the Boston Advertiser says the failure of Peto, Betts & Co. was not unexpected. Says the writer: "When Sir Morton was starting in the United States as a millionaire, many of us knew the dangers he was running, and how near he had been to bankruptcy."

ONE after another, the gallant soldiers of the nation are repudiating the Radicals, and declaring for such a constitutional adjustment of our present difficulties as will make us a united and happy people.

GOOD NEWS.—A telegram from Carlisle received by the Philadelphia Age, on Monday evening announces "the gratifying fact that the soldiers of Cumberland county, who gallantly fought for the Union, have spoken out boldly in favor of the President's wise and patriotic policy."

There were ten deaths from cholera at New York quarantine on Saturday, and twenty-six new cases of the disease. A case of yellow fever is also reported.

Death of General Scott.

WEST POINT, May 29.—General Scott died this morning at five minutes past eleven o'clock.

He was out on Saturday afternoon and then showed no signs of his early demise. On Sunday he began failing quite fast though none of his physicians expected he would expire at such an early day. He was perfectly conscious up to the moment of his death, though he had lost his voice two hours previous.

WASHINGTON, May 29. EXECUTIVE MANSION.

The President, with profound sorrow, announces to the people of the United States the death of Winfield Scott, the late Lieutenant General of the army. On the day which may be appointed for his funeral, the several Executive departments of the Government will be closed.

DESTITUTION IN ALABAMA.—Governor Parson, of Alabama, has addressed a letter to General Howard, urging the necessity of the Bureau increasing its distribution of rations.

THE TRIBUNE, in its notice of General Scott, uses this singular language: He was an "old whig," according to his own showing, though he had a holy hatred of Abolitionists, and with all his sterling patriotism he had no sympathy with the Republican party.

HOW SUGAR IS MADE WHITE.—The way in which sugar is made perfectly white, it is said, was found out in a curious way. A hen that had gone through a clay mud-puddle went with her muddy feet into a sugar house.

A few days since two maiden ladies named Holloway, residing in Lowville, Erie county, Pa., received the sum of \$8000 which they concealed about their premises.

THE BRITISH STEAMSHIP UNION, after a passage of sixteen and a half days from Liverpool, arrived at the Lower Quarantine at New York, on Tuesday afternoon, with 434 passengers, about a score of whom were down with cholera.

THE PRESIDENT has approved the bill authorizing the Secretary of the Treasury to make and carry into effect such orders and regulations of quarantine, as may be deemed necessary and proper, to guard against the introduction of the cholera into the ports of the United States.

NOT ONLY is General Grant himself liberally rewarded for his services, but all his relations and friends are being taken care of by the Government. We find the following in an exchange: Douglass Grant, a son of General Grant, has been appointed cadet at West Point by the President.

A special to the Chicago Evening Journal, from Detroit, says three children died there on Saturday from a disease supposed to be Asiatic cholera. The children belonged to an emigrant party, just arrived on the Great Western Railroad.

THE SHAMROCK.

New York, June 3.—The Herald contains the following account: BUFFALO, June 2, 7 P. M.—An eye-witness of the engagement near Ridgway says the Fenians were 1,000 strong, under O'Neill, and had reached a small village about ten miles from Waterloo ferry, when their scouts announced the approach of a large force of Canadian volunteers.

BOTH parties fired several rounds, when the Fenians advanced on the double quick, with fixed bayonets, but as the Canadians were ranged in an orchard, on either side of a swamp, and were separated from the Fenians by a thick brush-wood, O'Neill deemed a charge useless, and gave the order to halt and fall back.

THE CANADIANS were 1,400 strong, under command of Col. Buchanan. Lt. Routh, when dying, begged permission of O'Neill to retain his sword, which was granted, and a guard placed to see that it was not taken from him.

BUFAFO, N. Y., June 4.—9.30 A. M.—The following Fenian officers are captured: Col. Ould, Col. Hay, Lieut. Col. Jno. Spaulding, Lieut. Col. Grace, and Major Moore.

BUFAFO, N. Y., June 4.—All is quiet on the Niagara frontier. The arms of the captured Fenians are on board the steamer Michigan.

THE BRITISH colors captured by the Fenians at the battle of Ridgway, which the Canadians call Limestone Ridge, are also on board the Michigan.

HE WAS an "old whig," according to his own showing, though he had a holy hatred of Abolitionists, and with all his sterling patriotism he had no sympathy with the Republican party.

WHEN Andrew Johnson first became President the Disunionists declared that Providence, for some wise and good purpose, had called him to the Executive chair. Since, however, his course has not turned out to be in consonance with their plundering and bloodthirsty anticipations, Andrew Johnson is only the President by accident.
